## CLOUD ASSESSMENT & READINESS TOOL

---

### **FIND YOUR CLOUD-READINESS WITH HCL CART\***

HCL's Cloud Assessment and Readiness Tool (CART) enables organizations assess their "Cloud-readiness" using powerful self-driven analysis. It uses a range of over 20 technical, business, compliances and security parameters to perform the cloud-readiness analysis across three different aspects - Technical and Architecture, Application and Security

### **HOW WILL IT BENEFIT MY ORGANIZATION?**

HCL CART will

- Help your organization align its cloud computing strategy with its business strategy
- Provide customized best-fit platform recommendations across physical, virtual, private & public cloud
- Quantifiably assess and determine the ROI/TCO for cloud adoption

### **How long will the assessment take?**

Assessment Period: 4 - 6 weeks

---

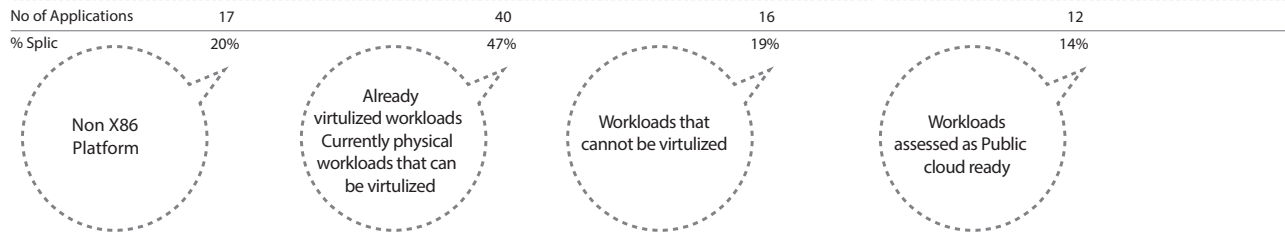

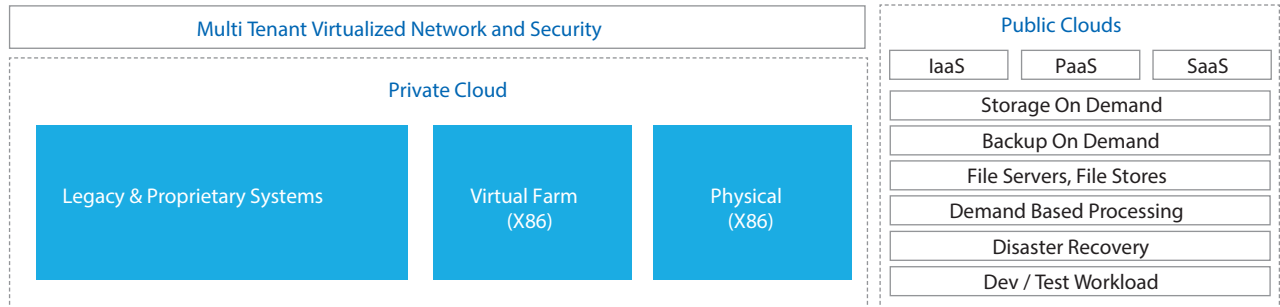

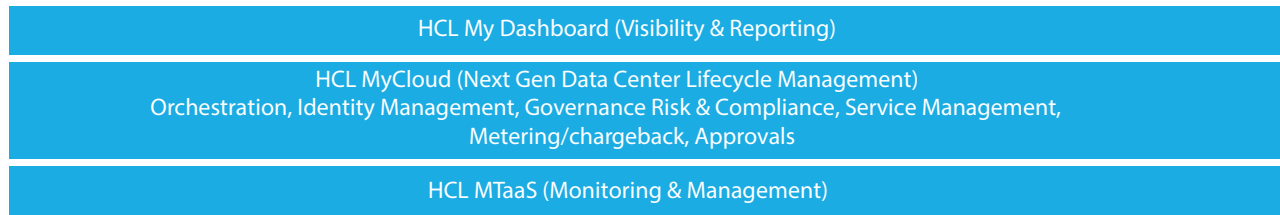

### **What can I expect from the assessment?**

Your organization can expect the following outputs from the assessment:

- Cloud Assessment Report: This includes workloads and applications mapped to recommended deployment models in the Cloud including IAAS (Private or Virtual) across Public & Private cloud
- Deployment Model Choice: Includes Cloud recommendation with respect to PaaS, SaaS or PaaS for specific workload categories

## ENTERPRISE OF THE FUTURE (NGDC FRAMEWORK)

### Pre-requisites for Assessment

- Infrastructure & Application Details: HCL will need access to your IT landscape to understand application/workload behaviour
- Compliances Details: HCL will require regulatory requirement details like audit reports for specific compliances
