

HCL Continues Expansion in US Through Strategic Focus On Local Hiring, Workforce Training And Development

Sunnyvale, CA and Noida, India – May 1, 2014 - HCL Technologies, a global IT services provider, continues to focus on local hiring and workforce training & development to build a vast talent pool as it expands its presence in the United States, its largest market.

The company has created a distinctive culture of employee-driven innovation to yield excellent business outcomes for both HCL and its customers. This culture known as 'Ideapreneurship' reflects grassroots innovation that is business-driven and customer-focussed, where employees create value for customers by leveraging the role based learning curriculum HCL offers, developing innovative solutions and adding value to the strategic IT initiatives of an expanding U.S. client base of Fortune 500 companies.

"AT HCL, we believe in engaging and enabling our employees who epitomize the distinctive and lasting beliefs that form the foundation of what HCL offers," said **Anant Gupta, President and CEO, HCL Technologies**. "Our vision is to create growth multipliers for clients by empowering our employees to achieve excellence and create differentiated value," he added.

HCL has been conferred with several industry awards in the area of talent incubation and development. Some of these are:-

- Britain's Top Employers' for outstanding employee offerings for the seventh consecutive year in recognition of innovative Employees First, Customers Second principles.
- Optimas Award for workforce-management leadership and the Working Across Borders program, an initiative aimed to incubating an inclusive work-culture
- NASSCOM HR Award based on our commitment to being a Socially Responsible Business, demonstrated by our hiring of local talent in Europe and US
