- Announces dividend of ₹ 2 per share; 37th consecutive quarter of dividend payout
- Total headcount at 82,464

Corporate Overview

HCL continues its growth momentum despite changing global IT industry dynamics.

"A key strategic shift in the global IT Industry has been the leveling of the playing field between the Indian Origin Service Providers and the Global MNCs. It is encouraging to note that HCL has continued its growth trajectory even in this environment thanks to our globally competitive business model which is emerging as an attractive alternative to enterprises worldwide", said **Shiv Nadar**, **Chairman and Chief Strategy Officer**, **HCL Technologies**.

Commenting on the results, **Vineet Nayar**, **Vice Chairman & CEO**, **HCL Technologies** said, "HCL's unique *Employees First* culture combined with a balanced Run-the-business and Change-the-business portfolio has enabled us to become strategic partners to some of the biggest brands in the world. We continue to focus and gain market share in this segment as demonstrated by the fact that all our Top 10 clients are now Fortune/Global 500 companies. Additionally 88% of over \$2.5 billion transformational wins in last two quarters have been signed with Fortune500/Global2000 organizations."

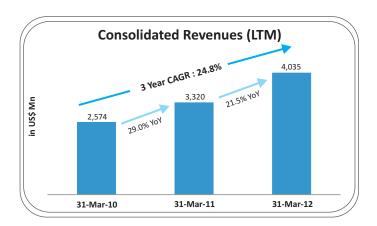

HCL has continued to demonstrate superior financial performance backed by a balanced business portfolio. The revenues this quarter are up 2.5% while EBIT is up by 8.6% over the last quarter. For 12-month period ended 31st March, 2012, our revenues at US\$ 4,035 million grew by 22%, our EBIT at US\$ 618 million grew by 34% and GAAP EPS (diluted) at US\$ 0.62 grew by 38% over the corresponding period last year" added **Anil Chanana, CFO, HCL Technologies**.

Multi-Year, Multi-Million Dollar Transformational Deals

- HCL has won over \$1.5 bn (excluding contract renewals) in large multi year transformation deals
 across 14 customers this quarter with over \$1.3 bn with Fortune500/Global2000 organizations.
 Almost 70% of the deals are new accounts for HCL with Financial Services leading in verticals with
 46% share and Europe leading in geographies with 51% share.
- In the last 2 quarters HCL has booked over \$2.5 bn (excluding contract renewals) in large transformational deals including ~\$2.1 bn from Fortune500/G2000 customers. These deals were spread across 32 customers with an average size of \$80 mn. Financial Services contributed to 40% of these transformational engagements followed by Manufacturing vertical with 23%. In geographies Europe led the share with 54%, followed by US with 44% contribution.
- During this fiscal so far, the company has announced engagements with Astra Zeneca, BD a leading global medical technology company, CEVA, UPM, Great American Insurance Group, Statoil, State Street Bank, United Health Group, UK Asset Resolution Ltd., Blue Cross and Blue Shield Association (BCBSA), Sacramento Municipal Utility District (SMUD) and Wiltshire Police. More details on these can be found at www.hcltech.com/media/all

Transformation @ HCL

- HCL participated in the World Economic Forum 2012 where it was invited to speak on a session titled 'The Future of Human Capital' and led the discussion on the topic of 'Unconventional Leadership'. At the Forum HCL announced a series of initiatives around building Glocal Centres of Excellence (GCoE) in partnership with local ecosystems in countries of its operations, thereby underlining its position as a socially responsible business.
- Continuing with its agenda of promoting Diversity and Sustainability imperatives within the company,
 HCL organized month long celebrations to mark the International Women's Month in March. The
 company unveiled an e-book titled 'Believe' which chronicles the valuable role women employees are
 playing at HCL. Another highlight of the celebrations was the 'Nurture the Future Program' wherein 200
 under privileged women were trained in life skills and personality development. HCL also sponsored
 the Indo-American Chamber of Commerce Conclave on 'Re-thinking Women in Leadership' as part of
 the celebrations.
- HCL's blogging portal for women employees 'BlogHer' was featured as a best practice in closing the organizational gender gap in a World Economic Forum Report titled 'Closing the Gender Gap: A Repository of Successful Practices'.
- HCL has for the first time been featured in the coveted Greenpeace 'Cool IT Leader board' that
 assesses companies on their commitments and actions on energy and climate solutions. The 'Cool IT
 Leader board', in its fifth edition ranks 21 companies across the world in the IT and telecom industry.
- The Japanese version of the book 'Employees First, Customers Second: turning conventional management upside down' authored by Vineet Nayar, Vice Chairman and CEO, HCL Technologies was released in Japan. The book is now available in 8 languages including English, Hindi, Simplified Chinese, Portuguese, Spanish, Korean, French and now Japanese.

Recognitions

- HCL was felicitated with the prestigious Nasscom Innovation Award 2012 for 'Market Facing Innovation'. The award was given in recognition of HCL's distinctive external facing business models and processes that make an effective impact on clients. HCL won the award for its case study on 'Operational Excellence through accelerated 'Intuition' building in a BPO Harnessing discoveries in pattern recognition, mass communication and psychology for back office operations'.
- HCL was listed in the TOP 15 BPO Providers List for 2011 TCV Wins in Information Services Group's report 'The TPI Index Global Sourcing Market Data and Insights Fourth Quarter and Full Year 2011'. The company was also listed in the TOP 5 Asia Pacific BPO providers for 2011 Contracts List in Information Services Group's report 'The Asia Pacific TPI Index Second Half and Full Year 2011'.
- HCL was felicitated with the 'APJ (Asia Pacific Japan) System Integrator of the Year Award' by VMware. The award was presented to HCL at Vmware Partner Exchange 2012 in Las Vegas.
- HCL has been felicitated with the 'Fastest Capacity Growth Partner 2012' and 'Cloud Alliance Partner 2012' award by Salesforce.com.
- HCL's Mobile Application for the Manufacturing industry was selected by SAP as one of the three winning solutions of the 2012 SAP Innovation Challenge for Manufacturing Mobile Apps.
- HCL was positioned as a 'Strong Performer' in The Forrester Wave for Global Commerce Service Providers, Q1 '12 (Source: The Forrester Wave™: Global Commerce Service Providers, Q1 2012, Forrester Research, Inc., February 24, 2012)
- HCL was cited as an experienced Mobile Integrator in Forrester Research Inc report titled 'Mobile Is
 The New Face Of Engagement' authored by Ted Schadler and John C. McCarthy, published on Feb
 2012.
- HCL has been featured as a leading Systems Integrator with "a strong focus on customer experience design" in Forrester Research Inc report titled 'The Smart Way To Implement Process-Centric CRM', authored by William Band, published on 9th Jan 2012.
- HCL has been featured as a business aligned IT provider in a recent Aberdeen report titled "The new economy consumer & state of integrated retailing: Why does HCL even matter in Retail & CPG?", March 2012.

Business Highlights

Corporate

- HCL has designed a tablet for one of its US based Hi-Tech clients which was unveiled at the 2012 Consumer Electronics Show (CES) held in US in January 2012. The entire Hardware, Software and Mechanical design for this Tablet was completed by HCL in a short span of nine weeks from start to demo.
- HCL and Cisco Systems Inc. announced joint creation of vertical solutions. First of these solutions is targeted at the financial services industry to improve the end-customer experience.
- HCL and Avaloq, a leading banking software provider, formed a global strategic partnership, covering the Avaloq Banking System range of Wealth Management products. The alliance with Avaloq has been formed to augment HCL's 12+ years of experience in the wealth management IT services.
- HCL has been selected as a member of Altera's Design Service Network Program. As part of the alliance, HCL will leverage Altera's tools, IP, training and support to help its customers accelerate FPGA design productivity and innovation.
- HCL's Aerospace Group has successfully transitioned from Rev B to Rev C of AS9100, an Aerospace Standard developed by International Aerospace Quality Group. The scope of certification includes design, development, verification, validation and engineering of software, hardware and CAD /CAE services for aerospace applications.

Europe

- UPM and HCL have signed a five year outsourcing agreement for IT infrastructure services. As part of
 this agreement, HCL will provide data center, end user support, network services and professional IT
 services to UPM. HCL will also set up a data center in Finland. HCL is strengthing its existing Espoo
 Delivery Center to provide the services.
- HCL has won a deal from world's leading snack manufacturer, a Fortune 500 company, to provide End User Support Services in 16 countries in Europe.
- HCL has won an engagement from one of the largest telecom service providers in the Nordics region
 for its organization-wide Integration (Middleware) activities. Through this deal, HCL will help the
 customer with a range of Integration activities including creation of functional and technical design
 specifications for standard F&A interfaces, as well as, implementation of new standard F&A
 interfaces. HCL will also provide a solution for end-to-end monitoring of all interfaces as part of the
 integration activities.
- HCL has entered into an SAP engagement with a mobile consortium in the UK who are creating a
 unified and open platform to allow mobile software developers to more easily write applications
 usable on a variety of devices, operating systems and networks. The engagement includes SAP FICO,
 Basis, ABAP and SAP EP implementation followed by support.
- HCL participated in the world's largest mobility event 'The Mobile World Congress' held at Barcelona in February 2012 and showcased its cutting edge products and solutions in the space including IPs like Aegis and Argos amongst others.

Americas

- HCL has been chosen by a specialty polymers manufacturer for applications and infrastructure services including application development, maintenance and support. The services will be delivered by HCL from global locations across USA, Latin America, Europe, China and India.
- HCL has been selected by a leading specialty chemicals manufacturer for managed application services. The customer's global application portfolio across USA, India, Europe and Asia will be developed and managed by HCL as part of this engagement.

- HCL has signed an engagement with Verizon Communications to provide Testing and Certification services for FiOS TV Interactive Services platform. The engagement will accelerate adoption of the Verizon's iTV platform, improve time-to-market, and enhance the experience for third party developers.
- HCL has been chosen to provide testing services for a leading home improvement retailer.
- HCL has signed a deal to provide SAP transformation and Infrastructure support services to a US based leading fashion retailer.
- HCL signed an Oracle OBIA\OBIEE & Hyperion Planning implementation deal with The Topps Company, the creator and marketer of sports cards, entertainment products, and distinctive confectionery. This implementation will see Topps transforming their corporate enterprise environment and sales forecasting systems by implementing Oracle E-Business Suite R12, Demantra, Agile, OBIA\OBIEE 11g and Hyperion Planning V11.
- BlueCross BlueShield of Montana has purchased ICRM and testing services for ICD-10 project from HCL.
- HCL has won a deal with world's largest chain of fast food restaurants to build and support a Digital Engagement Platform. This platform will span across 16 countries and take care of end-to-end marketing for the client. As a part of this engagement HCL will also be redesigning websites for client's customers in 16 countries.
- HCL hosted an Executive session in New York for CIOs and VPs of IT from leading industry verticals.
 At this session, HCL showcased its Independent Verification and Validation Services (IVVS) solutions including the 'Test Factory in a Box' solution that helps accelerate Enterprise Applications Testing.
- HCL showcased its 'Advise to Execute' Next-Gen BI offerings including Mobile BI & Social Intelligence
 for driving competitive advantage at the 'Microstrategy World 2012' in Miami held in January 2012.
 HCL also delivered a joint speaker session with a leading Pharma company on Global Supply Chain
 visibility at the event.

Rest of the World (ROW)

- HCL has strategically aligned with Cisco to open a South Africa Glocal Centre of Excellence (GCoE) in
 Johannesburg as part of its commitment to build a socially responsible business. The Johannesburg
 GCoE will serve as a local support center for HCL and Cisco's South African clients. It will also train
 local engineers on advanced Cisco technologies to support clients across Africa and specifically
 South Africa.
- HCL entered into an engagement with a leading state government road authority to develop a smarter, integrated and inter-connected traffic management system. This innovative Enterprise Standard Traffic Information System is the first of its kind in the APAC region.
- HCL has won a Core Banking Transformation deal from a large state owned bank in Malaysia.
- HCL has won a deal with a leading consumer-electronics company in Japan to develop and test Android applications for their digital camera models as well as to develop functions for their Digital Imaging Products.

Note:

The Company holds certain leasehold lands amounting to ₹ 116.4 Cr and had also paid advance for a leasehold land amounting to ₹ 85.8 Cr. The leasehold lands and advances for the same aggregating to ₹ 202.2 Cr have, till December 31, 2011, been classified as part of "Property and Equipments, net" in the Balance Sheet. Effective January 1, 2012, following US GAAP (ASC 840-10-25-37) these have been reclassified as Other current assets – Current Portion (₹ 1.5 Cr) and Other Assets – Non-Current Portion (₹ 200.7 Cr).

Had this change not been made, the figure of "Property and Equipments, Net" as of March 31, 2012 would have been ₹2,551.5 Cr (₹2,483.5 Cr as of December 11) and the figure of "Other Current Assets" and "Other Assets" as of March 31, 2012 would have been ₹1,362.1 Cr (₹1,325.4 Cr as of December 11) and ₹1,180.2 Cr (₹1,160.7 Cr as of December 11) respectively.

About HCL Technologies

HCL Technologies is a leading global IT services company, working with clients in the areas that impact and redefine the core of their businesses. Since its inception into the global landscape after its IPO in 1999, HCL focuses on 'transformational outsourcing', underlined by innovation and value creation, and offers integrated portfolio of services including software-led IT solutions, infrastructure management, engineering and R&D services and BPO. HCL leverages its extensive global offshore infrastructure and network of offices in 26 countries to provide holistic, multi-service delivery in key industry verticals including Financial Services, Manufacturing, Consumer Services, Public Services and Healthcare. HCL takes pride in its philosophy of 'Employees First, Customers Second' which empowers our 82,464 transformers to create a real value for the customers. HCL Technologies, along with its subsidiaries, has reported consolidated revenues of US\$ 4.0 billion (₹ 19,412 crores), as on 31 March 2012 (on LTM basis). For more information, please visit www.hcltech.com

About HCL Enterprise

HCL is a \$6.2 bn leading global technology and IT enterprise comprising two companies listed in India - HCL Technologies and HCL Infosystems. Founded in 1976, HCL is one of India's original IT garage start-ups. A pioneer of modern computing and a transformational enterprise, HCL's diverse range of hardware and software offerings span a wide array of focused industry verticals. The HCL team consists of 90,000 professionals of diverse nationalities, who operate from 31 countries including over 500 points of presence in India. For more on HCL, please visit www.hcl.com

Forward-looking Statements

Certain statements in this release are forward-looking statements, which involve a number of risks, uncertainties, assumptions and other factors that could cause actual results to differ materially from those in such forward-looking statements. All statements, other than statements of historical fact are statements that could be deemed forward looking statements, including but not limited to the statements containing the words 'planned', 'expects', 'believes', 'strategy', 'opportunity', 'anticipates', 'hopes' or other similar words. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding impact of pending regulatory proceedings, fluctuations in earnings, our ability to manage growth, intense competition in IT services, Business Process Outsourcing and consulting services including those factors which may affect our cost advantage, wage increases in India, customer acceptances of our services, products and fee structures, our ability to attract and retain highly skilled professionals, our ability to integrate acquired assets in a cost effective and timely manner, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, the success of our brand development efforts, liability for damages on our service contracts, the success of the companies / entities in which we have made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property, other risks, uncertainties and general economic conditions affecting our industry. There can be no assurance that the forward looking statements made herein will prove to be accurate, and issuance of such forward looking statements should not be regarded as a representation by the Company, or any other person, that the objective and plans of the Company will be achieved. All forward looking statements made herein are based on information presently available to the management of the Company and the Company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the Company.
