

Rapid eCommerce for B2C

Quickly deploy a B2C eCommerce solution
that can be scaled to enterprise level

The shift to digital channels has happened at unprecedented speed. Retail businesses whether eCommerce, B2B, B2C, B2E or brick and mortar need to ensure that their eCommerce solution is stable, scalable, integrated and truly enterprise grade.

Our rapid eCommerce solution has been designed to:

- Move your inventory online and get your site running in 4-6 weeks
- Scale to enterprise grade once up and running

HCLTech's B2C rapid eCommerce solution on SAP commerce cloud

To help retailers, especially those with limited or underperforming online solutions, HCLTech has developed a quick-to-deploy core eCommerce solution using the SAP Commerce Cloud platform.

The solution was developed specifically to allow companies to rapidly deploy a core eCommerce solution to meet pressing demand with low Capex and overheads with the ability to later scale the solution to its full enterprise potential once it is up and running.

In just 4-6 weeks, we can deliver an eCommerce solution that is:

- Robust, scalable and able to cope with quick, sharp increases in online customer traffic
- Integrated into finance, fulfillment, marketing and procurement systems to ensure that budgets, resources and supply chains are adaptive especially in times of high demand
- Omnichannel, delivering exceptional customer experience across all devices
- Suitable for companies with SAP as well as non-SAP ERP systems

Integrated eCommerce solution delivered in just 4-6 weeks

Using our hybrid agile delivery model, the implementation timeline delivers a fully tested and integrated solution to rapidly deploy your commerce site:
