---

Your attention is drawn to the letter from the Chairman of Axon set out in Part I of this document, which contains the unanimous recommendation of the Axon Directors that you vote in favour of the HCL Scheme at the HCL Court Meeting and in favour of the HCL Special Resolution to be proposed at the HCL General Meeting. A letter from Citi explaining the HCL Scheme is set out in Part II of this document.

Notices of the HCL Court Meeting and the HCL General Meeting, each of which will be held at the offices of Osborne Clarke, One London Wall, London EC2Y 5EB on 24 November 2008, are set out at the end of this document. The HCL Court Meeting will start at 10.00 a.m. and the HCL General Meeting at 10.15 a.m. (or as soon thereafter as the HCL Court Meeting shall have been concluded or adjourned).

The action to be taken in respect of the HCL Meetings is set out on page 5 and also in paragraph 18 of Part II of this document. Axon Shareholders will find accompanying this document a pink Form of Proxy for use in connection with the HCL Court Meeting and a yellow Form of Proxy for use in connection with the HCL General Meeting. Whether or not you intend to attend the HCL Meetings in person, please complete and sign each of the Forms of Proxy in accordance with the instructions printed thereon and return them to Axon's registrars, Equiniti Limited, Aspect House, Spencer Road, Lancing, West Sussex BN99 6ZL, as soon as possible and, in any event, so as to be received no later than 48 hours before the time appointed for the relevant HCL Meeting. If the pink Form of Proxy for the HCL Court Meeting is not returned by the above time, it may be handed to Equiniti, on behalf of the chairman of the HCL Court Meeting, at the HCL Court Meeting before the taking of the poll. However, in the case of the HCL General Meeting, unless the yellow Form of Proxy is returned by the time mentioned in the instructions printed thereon, it will be invalid. The completion and return of a Form of Proxy will not prevent you from attending and voting in person at the HCL Court Meeting or the HCL General Meeting or any adjournments thereof, if you so wish and are so entitled.

These forward looking statements can be identified by the fact that they do not relate to historical or current facts. Forward looking statements often use words such as “anticipate”, “target”, “expect”, “estimate”, “intend”, “plan”, “goal”, “believe”, “will”, “may”, “should”, “would”, “could” or other words of similar meaning. These statements are based on assumptions and assessments made by the boards of directors of Axon, HCL Technologies and HCL EAS in the light of their experience and their perception of historical trends, current conditions, expected future developments and other factors they believe appropriate. ## INFORMATION FOR UNITED STATES AND OTHER OVERSEAS SHAREHOLDERS

A transaction effected by means of a scheme of arrangement is not subject to the proxy solicitation or tender offer rules under the US Securities and Exchange Act of 1934, as amended.

The HCL Acquisition relates to the shares of a UK company and is to be made by means of a scheme of arrangement provided for under the laws of England and Wales. The HCL Acquisition is subject to the disclosure requirements and practices applicable in the United Kingdom to schemes of arrangement, which differ from the requirements of US proxy solicitation or tender offer rules. However, if HCL EAS exercises its right to implement the HCL Acquisition by means of an Offer, such Offer will be made in compliance with all applicable laws and regulations, including the US tender offer rules, to the extent applicable. The financial information included in this document relating to Axon has been prepared in accordance with accounting standards applicable in the United Kingdom that may not be comparable to the financial statements of US companies. US generally accepted accounting principles (“US GAAP”) differ in certain significant respects from each of UK

generally accepted accounting principles (“UK GAAP”) and International Financial Reporting Standards (“IFRS”). None of the financial information in this document has been audited in accordance with auditing standards generally accepted in the United States or the auditing standards of the Public Company Accounting Oversight Board (United States).

### **DEALING DISCLOSURE REQUIREMENTS**

Under the provisions of Rule 8.3 of the Code, if any person is, or becomes, “interested” (directly or indirectly) in one per cent. or more of any class of “relevant securities” of Axon, all “dealings” in any “relevant securities” of Axon (including by means of an option in respect of, or a derivative referenced to, any such “relevant securities”) must be publicly disclosed by no later than 3.30 p.m. on the business day following the date of the relevant transaction. This requirement will continue until the HCL Effective Date or until the date on which the HCL Scheme lapses or is otherwise withdrawn or on which the Offer Period otherwise ends (or, if HCL EAS elects to effect the HCL Acquisition by way of an Offer, until the date on which such Offer becomes, or is declared, unconditional as to acceptances, lapses or is otherwise withdrawn or on which the relevant “offer period” otherwise ends). If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an “interest” in “relevant securities” of Axon, they will be deemed to be a single person for the purpose of Rule 8.3.

Under the provisions of Rule 8.1 of the Code, all “dealings” in “relevant securities” of Axon by HCL Technologies, HCL EAS or Axon or by any of their respective “associates”, must be disclosed by no later than 12.00 noon on the business day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose “relevant securities” “dealings” should be disclosed, and the number of such securities in issue, can be found on the Panel’s website at [www.thetakeoverpanel.org.uk](http://www.thetakeoverpanel.org.uk).

“Interests in securities” arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an “interest” by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the Code, which can also be found on the Panel’s website. If you are in any doubt as to whether or not you are required to disclose a “dealing” under Rule 8, you should consult the Panel.

## ACTION TO BE TAKEN

Detailed instructions on the action to be taken are set out in paragraph 18 of Part II of this document and are summarised below.

The HCL Court Meeting and the HCL General Meeting will be held at the offices of Osborne Clarke, One London Wall, London EC2Y 5EB on 24 November 2008 at 10.00 a.m. and 10.15 a.m. respectively (or, in the case of the HCL General Meeting, if later, as soon as the HCL Court Meeting has been concluded or adjourned). The HCL Scheme requires approval at both of these HCL Meetings.

Please check that you have received the following with this document:

- a pink Form of Proxy for use in respect of the HCL Court Meeting; and
- a yellow Form of Proxy for use in respect of the HCL General Meeting.

If you have not received all of these documents, please contact Equiniti on the helpline telephone number indicated below.

### To vote on the HCL Scheme:

Whether or not you intend to attend the HCL Meetings, please complete and sign both the pink and yellow Forms of Proxy and return them to Equiniti at Aspect House, Spencer Road, Lancing, West Sussex BN99 6ZL, as soon as possible, but in any event to be received by no later than 10.00 a.m. on 22 November 2008 in the case of the HCL Court Meeting (pink form) and by no later than 10.15 a.m. on 22 November 2008 in the case of the HCL General Meeting (yellow form) (or in the case of an adjourned meeting, not less than 48 hours prior to the time and date set for the adjourned meeting). This will enable your votes to be counted at the HCL Meetings in the event of your absence. If the pink Form of Proxy for use at the HCL Court Meeting is not returned by 10.00 a.m. on 22 November 2008, it may be handed to Equiniti, on behalf of the chairman of the HCL Court Meeting, at the HCL Court Meeting before the taking of the poll. However, in the case of the HCL General Meeting, unless the yellow Form of Proxy is returned by the time mentioned in the instructions printed thereon, it will be invalid.

If you hold your Axon Shares in uncertificated form (that is, in CREST), you may vote using the CREST voting service in accordance with the procedures set out in the CREST Manual (please also refer to the notes for the notices convening the HCL Court Meeting and the HCL General Meeting set out at in Part VIII and Part IX respectively of this document). Proxies submitted through CREST (under CREST participant ID RA19) must be received by Equiniti no later than 10.00 a.m. on 22 November 2008 in the case of the HCL Court Meeting and by 10.15 a.m. on 22 November 2008 in the case of the HCL General Meeting (or, in the case of an adjourned meeting, not less than 48 hours prior to the time and date set for the adjourned meeting).

The completion and return of the relevant Form of Proxy will not prevent you from attending and voting in person at the HCL Court Meeting and/or the HCL General Meeting, or any adjournments thereof, should you wish to do so and should you be entitled.

**IT IS IMPORTANT THAT, FOR THE HCL COURT MEETING, AS MANY VOTES AS POSSIBLE ARE CAST SO THAT THE COURT MAY BE SATISFIED THAT THERE IS A FAIR AND REASONABLE REPRESENTATION OF SCHEME SHAREHOLDER OPINION. YOU ARE THEREFORE STRONGLY URGED TO COMPLETE, SIGN AND RETURN YOUR FORMS OF PROXY AS SOON AS POSSIBLE.**

### Appointment of multiple proxies and multiple proxy voting instructions:

You are entitled to appoint a proxy in respect of some or all of your Axon Shares. You are also entitled to appoint more than one proxy. A space has been included in the Forms of Proxy to allow you to specify the number of Axon Shares in respect of which that proxy is appointed. If you return the Forms of Proxy duly executed but leave this space blank, you will be deemed to have appointed the proxy in respect of all of your shares.

If you wish to appoint more than one proxy in respect of your shareholding you should contact Equiniti to obtain further Forms of Proxy or photocopy the Forms of Proxy, as required. You may appoint more than one proxy in relation to each HCL Meeting, provided that each proxy is appointed to exercise the rights attached to a different share or shares held by you. The following principles shall apply in relation to the appointment of multiple proxies:

- (a) Axon will give effect to the intentions of members and include votes wherever and to the fullest extent possible.
- (b) Where a proxy does not state the number of Axon Shares to which it applies (a “**blank proxy**”) then, subject to the following principles where more than one proxy is appointed, that proxy is deemed to have been appointed in relation to the total number of Axon Shares registered in the name of the appointing member (the “**member’s entire holding**”). In the event of a conflict between a blank proxy and a proxy which does state the number of Axon Shares to which it applies (a “**specific proxy**”), the specific proxy shall be counted first, regardless of the time it was delivered or received (on the basis that, as far as possible, the conflicting Forms of Proxy should be judged to be in respect of different Axon Shares) and the remaining Axon Shares will be apportioned to the blank proxy *pro rata* if there is more than one.
- (c) Where there is more than one proxy appointed and the total number of Axon Shares in respect of which proxies are appointed is no greater than the member’s entire holding, it is assumed that proxies are appointed in relation to different Axon Shares, rather than that conflicting appointments have been made in relation to the same Axon Shares. That is, there is only assumed to be a conflict where the aggregate number of Axon Shares in respect of which proxies have been appointed exceeds the member’s entire holding.
- (d) When considering conflicting proxies, later proxies will prevail over earlier proxies and a later proxy will be determined on the basis of which a proxy is last delivered or received.
- (e) If conflicting proxies are delivered or received at the same time in respect of (or deemed to be in respect of) an entire holding and if Axon is unable to determine which was delivered or received last, none of them will be treated as valid.
- (f) Where the aggregate number of Axon Shares in respect of which proxies are appointed exceeds a member’s entire holding, all appointments will be rendered invalid.
- (g) If a member appoints a proxy or proxies and then decides to attend the HCL Court Meeting or the HCL General Meeting in person and vote using his poll card (as applicable), then the vote in person will override the proxy vote(s). If the vote in person is in respect of the member’s entire holding then all proxy votes will be disregarded. If, however, the member votes at the Meeting in respect of less than the member’s entire holding then, if the member indicates on his poll card that all proxies are to be disregarded, that shall be the case; but if the member does not specifically revoke proxies, then the vote in person will be treated in the same way as if it were the last received proxy and earlier proxies will only be disregarded to the extent that to count them would result in the number of votes being cast exceeding the member’s entire holding.
- (h) In relation to paragraph (g) above, in the event that a member does not specifically revoke proxies, it will not be possible for Axon to determine the intentions of the member in this regard. However, in light of the aim to include votes wherever and to the fullest extent possible, it will be assumed that earlier proxies should continue to apply to the fullest extent possible.

*To: Axon Shareholders and, for information only, to holders of options or awards under the Axon Share Schemes*

Dear Axon Shareholder,

**Recommended acquisition by HCL EAS Limited, an indirect wholly owned subsidiary of HCL Technologies Limited, of Axon Group plc**

**1. Introduction**

On 26 September 2008, the board of HCL Technologies announced the terms of a cash offer to acquire the entire issued and to be issued share capital of Axon, such offer to be made through HCL EAS, an indirect wholly owned subsidiary of HCL Technologies. On 2 October 2008, Axon announced that the Axon Board intended unanimously to recommend the HCL Offer when it was made.

On 10 October 2008, with the consent of the Panel and Axon, HCL EAS announced its intention to implement its offer by way of a scheme of arrangement between Axon and its shareholders pursuant to the provisions of Part 26 of the Act, involving a reduction of capital under section 135 of the Companies Act 1985.

I am writing to you to explain the background to, and terms of, the HCL Acquisition and why the Axon Directors are unanimously recommending that Scheme Shareholders vote in favour of the HCL Scheme at the HCL Court Meeting and the Axon Shareholders vote in favour of the HCL Special Resolution to be proposed at the HCL General Meeting.

Details of the actions you should take and the recommendation of the Axon Directors are set out in paragraphs 12 and 14 respectively of this Part I.

**2. The HCL Acquisition**

The HCL Acquisition will be implemented by means of a scheme of arrangement between Axon and the Scheme Shareholders under Part 26 of the Act (involving a capital reduction under section 135 of the Companies Act 1985) although HCL EAS may elect to implement the HCL Acquisition by way of an Offer where permitted to do so in accordance with the terms of the HCL Implementation Agreement.

Under the terms of the HCL Scheme, which is subject to the HCL Conditions and the further terms set out in Part III of this document, Scheme Shareholders on the register of members of Axon at the HCL Scheme Record Time will be entitled to receive:

**for each Scheme Share**

**647.75 pence in cash**

Scheme Shareholders who are on the register of members of Axon on 24 October 2008 will also be entitled to receive an additional 2.25 pence for each Axon Share held by way of the Interim Dividend. Such Scheme Shareholders will therefore receive an aggregate of 650 pence per Axon Share.

The HCL Offer Price of 647.75 pence per share represents a premium of approximately:

- 28.9 per cent. to the Closing Price of 502.5 pence on 22 August 2008, being the last business day prior to the date of the Infosys Announcement;

- 42.1 per cent. to the average Closing Price of 455.7 pence for the three months ended 22 August 2008, being the last business day prior to the date of the Infosys Announcement;
- 43.7 per cent. to the average Closing Price of 450.9 pence for the six months ended 22 August 2008, being the last business day prior to the date of the Infosys Announcement, and
- 8.4 per cent. to the Infosys offer price of 597.75 pence.

The HCL Offer Price values Axon's existing issued and to be issued share capital at approximately £439 million.

The HCL Scheme requires the Scheme Shareholders to vote in favour of the HCL Scheme at the HCL Court Meeting to be held at 10.00 a.m. and the Axon Shareholders to vote in favour of the HCL Special Resolution to be proposed at the HCL General Meeting to be held at 10.15 a.m., both such meetings to be held on 24 November 2008 at the offices of Osborne Clarke, One London Wall, London EC2Y 5EB. Further details of the HCL Meetings are set out in paragraph 13 of Part II of this document.

Following the HCL Meetings, it is expected that the HCL Scheme Court Hearing will take place on 10 December 2008 and the HCL Reduction Court Hearing on 12 December 2008. The HCL Effective Date is expected to be 15 December 2008.

If the HCL Scheme becomes Effective, it will be binding on all Scheme Shareholders irrespective of whether or not they attended or voted and, if they voted, whether they voted for or against the HCL Scheme, at the HCL Court Meeting or the HCL General Meeting.

Upon the HCL Scheme becoming Effective, Axon will become a wholly owned subsidiary of HCL EAS and cheques in respect of the HCL Consideration will be despatched by post to Scheme Shareholders at their own risk (or the cash consideration will be settled through CREST, as the case may be) as soon as practicable and in any case, within 14 days of the HCL Scheme becoming Effective.

### **3. Background to and reasons for the recommendation of the HCL Acquisition by the Axon Directors**

As Axon Shareholders will be aware, on 25 August 2008, it was announced that the boards of Infosys and Axon had reached agreement on the terms of a recommended acquisition by Infosys of the entire issued and to be issued share capital of Axon.

Following the announcement of the higher offer by HCL on 26 September 2008, which was recommended by the Axon Board on 2 October 2008, Infosys announced on 10 October 2008 that it did not intend to increase its offer.

On 20 October 2008, the Infosys Meetings were adjourned indefinitely and the Infosys Scheme terminated.

Axon and HCL Technologies have enjoyed a long standing relationship and the Axon Board is pleased that HCL Technologies has recognised the quality of the Axon business in deciding to undertake the HCL Acquisition. The HCL Offer Price values Axon at a premium of 8.4 per cent. to the Infosys offer price. Accordingly, the Axon Board announced on 2 October 2008 that it would withdraw its recommendation of the Infosys Acquisition and that it intended unanimously to recommend the HCL Acquisition.

The only recommended offer which is currently being put to Axon Shareholders is the higher HCL offer of 647.75 pence per Scheme Share.

### **4. Irrevocable undertakings**

The Axon Directors who are or, prior to the HCL Meetings, may be Axon Shareholders have indicated their intention to enter into irrevocable undertakings with HCL EAS to vote in favour of the HCL Scheme at the HCL Court Meeting and the HCL Special Resolution to be proposed at the HCL General Meeting in respect of their beneficial holdings of Axon Shares upon being released from the terms of the irrevocable undertakings given in connection with the Infosys Acquisition. This beneficial holding is currently in respect of an aggregate of 147,420 Axon Shares representing approximately 0.2 per cent. of Axon's existing issued share capital.

If and to the extent that the directors of Axon are recommending the HCL Acquisition and Axon receives an approach which the directors of Axon reasonably expect to be the subject of an announcement under Rule 2.5 of the Code and which the directors of Axon are minded to recommend, Axon has undertaken to provide HCL Technologies with certain details of such proposal (including the price being offered and a profile of the competing bidder so that HCL Technologies can assess its size and scale) and Axon has further undertaken not to vary or amend its recommendation of the HCL Acquisition for a period of 60 hours after notifying HCL Technologies.

To become Effective, the HCL Scheme requires, amongst other things, the approval at the HCL Court Meeting of a majority in number representing not less than 75 per cent. in value of the Scheme Shareholders present and voting, either in person or by proxy, at the HCL Court Meeting, or at any adjournment thereof, and the passing of the HCL Special Resolution necessary to approve matters to give effect to the HCL Scheme at the HCL General Meeting, or at any adjournment thereof. Following the HCL Court Meeting and the HCL General Meeting and the satisfaction (or, where applicable, waiver) of the other HCL Conditions, the HCL Scheme must also be sanctioned by the Court at the HCL Scheme Court Hearing and the associated HCL Capital Reduction must be confirmed by the Court at the HCL Reduction Court Hearing. The HCL Scheme will take effect when the HCL Scheme Court Order and the HCL Reduction Court Order have been delivered to the Registrar of Companies and (in the case of the HCL Reduction Court Order and the Minute attached thereto) registered by him. If the HCL Scheme becomes Effective, it will be binding on all Scheme Shareholders irrespective of whether or not they attended or voted, and if they voted,

whether they voted for or against the HCL Scheme, at the HCL Court Meeting or the HCL General Meeting.

**It is important that, for the HCL Court Meeting, as many votes as possible are cast so that the Court may be satisfied that there is a fair and reasonable representation of Scheme Shareholder opinion. **EXPLANATORY STATEMENT**

*(Explanatory statement in compliance with section 897 of the Act)*

24 October 2008

*To: Axon Shareholders and, for information only, to holders of options or awards under the Axon Share Schemes*

Dear Axon Shareholder,

**Recommended acquisition by HCL EAS Limited, an indirect wholly owned subsidiary of HCL Technologies Limited, of Axon Group plc**

**1. Introduction**

On 26 September 2008, HCL Technologies announced the terms of an offer to acquire the entire issued and to be issued share capital of Axon. On 2 October 2008, Axon announced that the Axon Directors had determined to recommend the HCL Acquisition, thereby withdrawing their recommendation of the Infosys Acquisition which had been announced on 25 August 2008. On 10 October 2008, it was announced that HCL EAS and Axon had agreed that the HCL Acquisition would be effected by means of a scheme of arrangement between Axon and its shareholders pursuant to the provisions of Part 26 of the Act, involving a reduction of capital under section 135 of the Companies Act 1985.

**Your attention is drawn to the letter from the Chairman of Axon set out in Part I of this document, which forms part of this Explanatory Statement. That letter explains, amongst other things, why the Axon Directors, who have been so advised by Citi, consider the terms of the HCL Acquisition to be fair and reasonable and why the Axon Directors unanimously recommend that (to the extent you are entitled to do so) you vote in favour of the HCL Scheme at the HCL Court Meeting and the HCL Special Resolution to be proposed at the HCL General Meeting.**

The Axon Directors have been advised by Citi in connection with the HCL Acquisition and the HCL Scheme. Citi has been authorised by the Axon Directors to write to you to set out the terms of the HCL Acquisition and the HCL Scheme and to provide you with other relevant information.

Statements made or referred to in this letter which refer to the reasons for the HCL Acquisition, to information concerning the business of the HCL Group and intentions and expectations regarding the HCL Group and the Enlarged Group, reflect the views of the HCL EAS Directors and the HCL Technologies Directors. Statements made or referred to in this letter which refer to the background to, and reasons for, recommending, the HCL Acquisition, to information concerning the business of the Axon Group and to intentions and expectations regarding the Axon Group (other than the future plans for the business described in paragraph 7 of this Part II of this document) reflect the views of the Axon Directors.

The terms of the HCL Scheme are set out in full in Part V of this document. Your attention is also drawn to the further information contained in this document which forms part of this Explanatory Statement.

The HCL Scheme is conditional upon the HCL Conditions set out in Part III of this document being satisfied or (if capable of waiver) waived.

Axon Shareholders should read the whole of this document before deciding whether or not to vote in favour of the HCL Scheme at the HCL Court Meeting and the HCL Special Resolution to be proposed at the HCL General Meeting.

**2. The HCL Acquisition**

The HCL Acquisition will be implemented by means of a scheme of arrangement between Axon and the Scheme Shareholders under Part 26 of the Act (involving a capital reduction under section 135 of the Companies Act 1985) although HCL EAS may elect to implement the HCL Acquisition by way of an Offer where permitted to do so in accordance with the terms of the HCL Implementation Agreement.

Under the terms of the HCL Scheme, which is subject to the HCL Conditions and the further terms set out in Part III of this document, Scheme Shareholders on the register of members of Axon at the HCL Scheme Record Time will be entitled to receive:

**for each Scheme Share**

**647.75 pence in cash**

Scheme Shareholders who are on the register of members of Axon on 24 October 2008 will also be entitled to receive an additional 2.25 pence for each Axon Share held by way of the Interim Dividend. Such Scheme Shareholders will therefore receive an aggregate of 650 pence per Axon Share.

The HCL Offer Price of 647.75 pence per share represents a premium of approximately:

- 28.9 per cent. to the Closing Price of 502.5 pence on 22 August 2008, being the last business day prior to the date of the Infosys Announcement;
- 42.1 per cent. to the average Closing Price of 455.7 pence for the three months ended 22 August 2008, being the last business day prior to the date of the Infosys Announcement;
- 43.7 per cent. to the average Closing Price of 450.9 pence for the six months ended 22 August 2008, being the last business day prior to the date of the Infosys Announcement; and
- 8.4 per cent. to the Infosys offer price of 597.75 pence.

The HCL Offer Price values Axon's existing issued and to be issued share capital at approximately £439 million.

The HCL Scheme requires the Scheme Shareholders to vote in favour of the HCL Scheme at the HCL Court Meeting to be held at 10.00 a.m. and the Axon Shareholders to vote in favour of the HCL Special Resolution to be proposed at the HCL General Meeting to be held at 10.15 a.m., both such meetings to be held on 24 November 2008 at the offices of Osborne Clarke, One London Wall, London EC2Y 5EB. Further details of the HCL Meetings are set out in paragraph 13 of this Part II.

Following the HCL Meetings, it is expected that the HCL Scheme Court Hearing will take place on 10 December 2008 and the HCL Reduction Court Hearing on 12 December 2008. The HCL Effective Date is expected to be 15 December 2008.

If the HCL Scheme becomes Effective, it will be binding on all Scheme Shareholders irrespective of whether or not they attended or voted and, if they voted, whether they voted for or against the Scheme, at the HCL Court Meeting or the HCL General Meeting.

Upon the HCL Scheme becoming Effective, New Axon Shares will be issued to HCL EAS (and/or its nominee(s)) whereupon Axon will become a wholly owned subsidiary of HCL EAS and cheques in respect of the cash consideration will be despatched by post to Scheme Shareholders at their own risk (or the cash consideration will be settled through CREST, as the case may be) as soon as practicable and in any case, within 14 days of the HCL Scheme becoming Effective.

### **3. Irrevocable undertakings**

The Axon Directors who are or, prior to the HCL Meetings, may be Axon Shareholders have indicated their intention to enter into irrevocable undertakings with HCL EAS to vote in favour of the HCL Scheme at the HCL Court Meeting and the HCL Special Resolution to be proposed at the HCL General Meeting in respect of their beneficial holdings of Axon Shares upon being released from the terms of the irrevocable undertakings given in connection with the Infosys Acquisition. This will include any Axon Shares held by the trustees of the Employee Benefit Trusts prior to the HCL Scheme Record Time to enable them to satisfy options and awards under the Axon Share Schemes. Save for the issue of the New Axon Shares to HCL EAS pursuant to the HCL Scheme, Axon will not issue any shares after the HCL Scheme Record Time until the HCL Effective Date.

The HCL Acquisition is being implemented by means of a scheme of arrangement between Axon and the Scheme Shareholders pursuant to the provisions of Part 26 of the Act, details of which are set out in full in Part V of this document.

The purpose of the HCL Scheme is to enable HCL EAS to become the owner of the entire issued and to be issued share capital of Axon. This is to be achieved by the cancellation of the Scheme Shares held by Scheme Shareholders by way of a reduction of capital approved by the Court and the application of the reserve arising from such cancellation in paying up in full a number of New Axon Shares (which is equal to the number of Axon Shares cancelled) and issuing them to HCL EAS and/or its nominee(s) in consideration for which holders of Scheme Shares will receive cash on the basis set out in paragraph 2 of this Part II.

To become Effective, the HCL Scheme requires, amongst other things, the approval of a majority in number of those Scheme Shareholders, present and voting (and entitled to vote) either in person or by proxy at the HCL Court Meeting, representing not less than 75 per cent. in value of all Scheme Shares voted by such Scheme Shareholders and the passing of the HCL Special Resolution to implement the HCL Scheme at the HCL General Meeting. The HCL Scheme also requires the sanction of the Court as well as the satisfaction (or waiver (if capable of waiver)) of the other HCL Conditions set out in Part III of this document. Upon the HCL Scheme becoming Effective, it will be binding on all Scheme Shareholders, irrespective of whether or not they attended or voted and, if they voted, whether they voted for or against the HCL Scheme, at the HCL Court Meeting or the HCL General Meeting.

The last day of dealings in, and for registration of transfers of, Axon Shares will be the business day following the HCL Scheme Court Hearing and is expected to be 11 December 2008.

Prior to the HCL Scheme becoming Effective, applications will be made to the UKLA for the listing of Axon Shares to be cancelled and to the London Stock Exchange for the Axon Shares to cease to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that this will take effect on the HCL Effective Date or shortly thereafter.

On the HCL Effective Date, share certificates in respect of Scheme Shares will cease to be valid and should be destroyed. In addition, on the HCL Effective Date, entitlements to Scheme Shares held within the CREST system will be cancelled.

Following the HCL Scheme Court Hearing and prior to the HCL Scheme Record Time, Axon may allot and issue Axon Shares pursuant to the exercise of options or vesting of awards under the Axon Share Schemes. Save for the issue of New Axon Shares to HCL EAS pursuant to the HCL Scheme, Axon will not issue any shares from the HCL Scheme Record Time until after the HCL Effective Date.

#### **13.2 *The HCL Meetings***

The HCL Scheme is subject to the satisfaction (or waiver (if capable of waiver)) of the HCL Conditions set out in Part III of this document. To become Effective, the HCL Scheme will also require the approval by Scheme Shareholders of a resolution at the HCL Court Meeting and the passing of the HCL Special Resolution by Axon Shareholders at the HCL General Meeting.

Notices of the HCL Court Meeting and the HCL General Meeting are set out in Parts VIII and IX of this document respectively. Save as set out below, all holders of Axon Shares whose names appear on the register of members of Axon at the HCL Voting Record Time or, if either the HCL Court Meeting or the HCL General Meeting are adjourned, on the register of members at 6.00 p.m. on the date two days before the date set for the adjourned HCL Meeting, shall be entitled to attend and vote at the relevant HCL Meeting in respect of the number of Axon Shares registered in their name at the relevant time.

#### *The HCL Court Meeting*

The HCL Court Meeting, which has been convened for 10.00 a.m. on 24 November 2008, is being held at the direction of the Court to seek the approval of Scheme Shareholders for the HCL Scheme (with or without modification).

At the HCL Court Meeting, voting will be by way of poll and not on a show of hands and each Scheme Shareholder present in person or by proxy will be entitled to one vote for each Scheme Share held. Scheme Shareholders have the right to raise any objections they may have to the HCL Scheme at the HCL Court Meeting. The HCL Scheme must be approved by a majority in number representing 75 per cent. or more in value of the Scheme Shareholders, present and voting, either in person or by proxy, at the HCL Court Meeting, or at any adjournment thereof. The result of the poll will be posted on Axon's website.

**It is important that, for the HCL Court Meeting, as many votes as possible are cast so that the Court may be satisfied that there is a fair and reasonable representation of Scheme Shareholder opinion. You are therefore strongly urged to complete and return your pink Form of Proxy for use at the HCL Court Meeting as soon as possible and in any event so as to be received by no later than 10.00 a.m. on 22 November 2008 and to complete and return your yellow Form of Proxy for use at the HCL General Meeting as soon as possible and in any event so as to be returned by no later than 10.15 a.m. on 22 November 2008 (or in the case of an adjourned meeting, not less than 48 hours prior to the time and date set for the adjourned meeting). Detailed instructions on the action to be taken are set out in paragraph 18 of this Part II.**

You will find the notice of the HCL Court Meeting set out in Part VIII of this document. Detailed instructions on the action to be taken are set out in paragraph 18 of this Part II.

Scheme Shareholders are entitled to appoint a proxy in respect of some or all of their Scheme Shares at the HCL Court Meeting. Scheme Shareholders are also entitled to appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares (so a Scheme Shareholder must have more than one Scheme Share to be able to appoint more than one proxy). A space has been included in the pink Form of Proxy to allow Scheme Shareholders entitled to attend and vote at the HCL Court Meeting to specify the number of Scheme Shares in relation to which that proxy is appointed. Scheme Shareholders who return a pink Form of Proxy and specify a number which exceeds the number of Scheme Shares held by the Scheme Shareholder when totalled with the number specified on other proxy appointments by the same Scheme Shareholder, will render all appointments invalid.

Scheme Shareholders who wish to appoint more than one proxy in respect of their shareholding should complete a separate pink Form of Proxy for each proxy appointed. Such Scheme Shareholders should read the information regarding the appointment of multiple proxies set out on page 5 of this document and the related notes contained in the pink Form of Proxy. Further copies of the pink Form of Proxy may be obtained from Equiniti on 0871 384 2050 (from within the UK) or on +44 (0) 121 415 0259 (from outside the UK) or photocopies of the pink Form of Proxy may be taken.

**Calls to Equiniti's 0871 384 2050 number are charged at 8 pence per minute (including VAT) plus any of your service provider's network extras. Calls to Equiniti's +44 (0) 121 415 0259 number from outside the UK are charged at applicable international rates. Different charges may apply to calls made from mobile telephones and calls may be recorded and monitored randomly for security and training purposes.**

#### *The HCL General Meeting*

The HCL General Meeting has been convened for 10.15 a.m. on 24 November 2008 (or as soon thereafter as the HCL Court Meeting has been concluded or adjourned), to consider and, if thought fit, pass the HCL Special Resolution (which requires votes in favour representing not

less than 75 per cent. of the votes attached to Axon Shares voted at the HCL General Meeting, whether in person or by proxy) to approve various provisions necessary to implement the HCL Scheme, including:

- (a) the HCL Capital Reduction;
- (b) subject to the HCL Capital Reduction taking effect, the increase in Axon's share capital by the creation of a number of New Axon Shares equal to the number of Scheme Shares so cancelled and the application of the resulting reserve in the books of account of Axon in paying up in full the New Axon Shares;
- (c) the granting of authority to the Axon Directors pursuant to section 80 of the Companies Act 1985 to allot the New Axon Shares to HCL EAS in accordance with the terms of the Scheme; and
- (d) certain amendments to Axon's Articles as described below.

It is proposed that the Articles be amended to ensure that any Axon Shares issued at or after the adoption of the amended Articles but before the HCL Scheme Record Time will be subject to and bound by the HCL Scheme and that any Axon Shares issued on or after the HCL Scheme Record Time, including Axon Shares issued pursuant to the exercise of options or awards outstanding under the Axon Share Schemes will automatically be transferred to, and purchased by, HCL EAS (or its nominee(s)) on the same terms as the HCL Acquisition. This amendment will avoid any person (other than HCL EAS) holding shares in the capital of Axon after the HCL Effective Date.

Voting on the HCL Special Resolution will be on a show of hands unless a poll is demanded. The chairman of the HCL General Meeting reserves his right to demand that the vote of Axon Shareholders be held by way of a poll and, in such event, each Axon Shareholder present or by proxy will be entitled to one vote for every Axon Share held.

You will find the notice of the HCL General Meeting set out in Part IX to this document. The quorum for the HCL General Meeting will be two or more Axon Shareholders present in person or by proxy. Detailed instructions on the action to be taken are set out in paragraph 18 of this Part II.

Axon Shareholders are entitled to appoint a proxy in respect of some or all of their Axon Shares. Axon Shareholders are also entitled to appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares (so an Axon Shareholder must have more than one Axon Share to be able to appoint more than one proxy). A space has been included in the yellow Form of Proxy to allow Axon Shareholders entitled to attend and vote at the HCL General Meeting to specify the number of Axon Shares in relation to which that proxy is appointed. Axon Shareholders who return a yellow Form of Proxy and specify a number which exceeds the number of Axon Shares held by the Axon Shareholder when totalled with the number specified on other proxy appointments by the same Axon Shareholder, will render all appointments invalid.

Axon Shareholders who wish to appoint more than one proxy in respect of their shareholding should complete a separate yellow Form of Proxy for each proxy appointed. Such Axon Shareholders should read the information regarding the appointment of multiple proxies set out on page 5 of this document and the related notes contained in the yellow Form of Proxy. Further copies of the yellow Form of Proxy may be obtained from Equiniti on 0871 384 2050 (from within the UK) or on +44 (0) 121 415 0259 (from outside the UK) or photocopies of the yellow Forms of Proxy may be taken.

**Calls to Equiniti's 0871 384 2050 number are charged at 8 pence a minute (including VAT) plus any of your service provider's network extras. Calls to Equiniti's +44 (0) 121 415 0259 number from outside the UK are charged at applicable international rates. Different charges may apply to calls made from mobile telephones and calls may be recorded and monitored randomly for security and training purposes.**

### 13.3 *The HCL Court Hearings*

Under the Act, the HCL Scheme also requires the sanction of the Court. There are two separate HCL Court Hearings: one to sanction the HCL Scheme and the other to confirm the HCL Capital Reduction.

The HCL Scheme Court Hearing is expected to be held on 10 December 2008 at the Royal Courts of Justice, The Strand, London WC2A 2LL. All Axon Shareholders are entitled to attend the HCL Scheme Court Hearing in person or through counsel to support or oppose the sanctioning of the HCL Scheme and the associated HCL Capital Reduction. Following the HCL Scheme Court Hearing and prior to the HCL Scheme Record Time, Axon may allot and issue Axon Shares pursuant to the exercise of the options and awards pursuant to the Axon Share Schemes.

The HCL Reduction Court Hearing to confirm the HCL Capital Reduction is expected to occur on 12 December 2008. The period between the two HCL Court Hearings is included to permit Equiniti to update the register of members to reflect the issue and transfer of Axon Shares in connection with the Axon Share Schemes prior to the HCL Scheme Record Time. HCL EAS has confirmed that it will be represented by counsel at the HCL Court Hearings so as to consent to the HCL Scheme and to undertake to the Court to be bound thereby.

The HCL Scheme will become effective in accordance with its terms on the delivery of the office copies of the HCL Court Orders to, and the registration of the HCL Reduction Court Order (together with the HCL Minute attached thereto) by, the Registrar of Companies. This is expected to occur on or around 15 December 2008.

**If the HCL Scheme becomes Effective, it will be binding on all Scheme Shareholders irrespective of whether or not they attended or voted in favour of the HCL Scheme at the HCL Court Meeting or in favour of the HCL Special Resolution at the HCL General Meeting. Detailed instructions on the action to be taken are set out in paragraph 18 of this Part II.**

**If the HCL Scheme does not become Effective on or before 28 February 2009 or such later date (if any) as Axon and HCL EAS may agree and the Court may allow, the HCL Scheme will not become Effective and the HCL Acquisition will not proceed.**

#### **13.4 *Modifications to the HCL Scheme***

The HCL Scheme contains a provision for Axon and HCL EAS jointly to consent on behalf of all persons affected to any modification of, or addition to, the HCL Scheme or to any condition approved or imposed by the Court. The Court would be unlikely to approve any modification of, or addition to, or impose a condition to the HCL Scheme which might be material to the interests of the Scheme Shareholders unless Scheme Shareholders were informed of any such modification, addition or condition. It would be a matter for the Court to decide, in its discretion, whether or not a further meeting of Scheme Shareholders should be held in these circumstances. Similarly, if a modification, addition or condition is put forward which, in the opinion of the Axon Directors, is of such a nature or importance that it requires the consent of Scheme Shareholders at a further meeting, the Axon Directors will not take the necessary steps to enable the HCL Scheme to become Effective unless and until such consent is obtained.

#### **13.5 *Alternative means of implementing the HCL Acquisition***

HCL EAS may elect (subject to the consent of the Panel) to implement the HCL Acquisition by way of an Offer at any time before the HCL Scheme becomes Effective, or following the withdrawal, in which case additional documents will be despatched to Axon Shareholders. In such event, the Offer will (subject to the Panel and unless otherwise agreed) be implemented on the same terms (subject to appropriate amendments, including (without limitation) the inclusion of an acceptance condition set at 90 per cent. (or such lesser percentage (being more than 50 per cent.) as HCL EAS may determine) of the shares to which such offer relates), so far as applicable as those which would apply to the implementation of the HCL Acquisition by means of the HCL Scheme.

#### **13.6 *Section 103 valuation***

As at 23 October 2008 (the last business day prior to the publication of this document), HCL EAS owned or controlled 6,711,718 Axon Shares. Accordingly, there will be no requirement under section 103 of the Companies Act 1985 for an independent valuation of the New Axon Shares to be allotted to HCL EAS under the Scheme.

#### **13.7 *Conditions to the HCL Acquisition***

The HCL Acquisition and, accordingly, the HCL Scheme are subject to a number of conditions set out in full in Part III of this document. In summary, the implementation of the HCL Scheme is conditional upon, amongst other things:

- (a) the approval of the HCL Scheme by a majority in number representing not less than 75 per cent. in value of the holders of Scheme Shares, present and voting, either in person or by proxy, at the HCL Court Meeting, or any adjournment thereof;
- (b) the HCL Special Resolution required to approve and implement the HCL Scheme set out in the notice of the HCL General Meeting being passed by the requisite majority at the HCL General Meeting, or any adjournment thereof;
- (c) the sanction (with or without modification) of the HCL Scheme and confirmation of the HCL Capital Reduction by the Court, office copies of the HCL Court Orders being delivered for registration to the Registrar of Companies and the registration of the HCL Reduction Court Order (together with the HCL Minute attached thereto) confirming the HCL Capital Reduction with the Registrar of Companies; and
- (d) the other HCL Conditions (set out in Part III of this document) which are not otherwise summarised in sub-paragraphs (a) to (c) above being satisfied (or, if capable of waiver, waived).

#### **14. Overseas Shareholders**

The implications of the HCL Scheme and the HCL Acquisition for Overseas Shareholders may be affected by the laws of jurisdictions outside the United Kingdom. Overseas Shareholders should inform themselves about, and observe, any applicable legal requirements. It is the responsibility of any Overseas Shareholders to satisfy themselves as to the full observance of the laws and regulatory requirements of the relevant jurisdiction in connection therewith, including the obtaining of any governmental, exchange control or other consents which may be required, the compliance with other necessary formalities and the payment of any issue, transfer or other taxes or duties or payments due in such jurisdiction.

This document has been prepared for the purposes of complying with English law, the Code, the rules of the London Stock Exchange and the Listing Rules and the information disclosed may not be the same as that which would have been disclosed if this document had been prepared in accordance with the laws and regulations of any jurisdiction outside of England and Wales.

**Axon Shareholders who are citizens or residents of the United States or other jurisdictions outside the United Kingdom should consult their own legal and tax advisers with respect to the legal and tax consequences of the HCL Scheme in their particular circumstances.**

#### **15. Taxation**

The following paragraphs, which are intended as a general guide only, are based on current UK legislation and HM Revenue & Customs practice in force at the date of this document. They summarise certain limited aspects of the UK taxation consequences of the implementation of the HCL Scheme and relate only to the position of Scheme Shareholders who hold their Scheme Shares beneficially as an investment, unless otherwise indicated, and who are resident and, in the case of individuals, ordinarily resident and domiciled in the UK for taxation purposes at all relevant times. The tax position of certain categories of Scheme Shareholders who are subject to special rules (such as persons acquiring their shares in connection with employment, dealers in securities, insurance companies and collective investment schemes) is not considered. If you are in any doubt as to your taxation position, or if you are subject to taxation in any jurisdiction other than the UK, you should consult an appropriate professional adviser without delay.

##### ***Taxation of Chargeable Gains***

Liability to UK taxation of chargeable gains will depend on the individual circumstances of the Scheme Shareholder.

On completion of the HCL Scheme, a Scheme Shareholder will generally be treated as having made a disposal of that Scheme Shareholder's Scheme Shares. Such a disposal may, depending upon the Scheme Shareholder's personal circumstances, and subject to any available exemption or relief, give rise to a chargeable gain or an allowable loss for the purposes of UK taxation of chargeable gains.

From 6 April 2008 onwards, the UK rate of capital gains tax for individuals has been 18 per cent.

For Scheme Shareholders who are in the charge to UK corporation tax (but which do not qualify for substantial shareholdings exemption in respect of their Scheme Shares), indexation allowance will be

available in respect of the full period of ownership of the Scheme Shares to reduce any chargeable gain.

### ***Taxation of dividends***

In respect of the Interim Dividend, an Axon Shareholder who:

- (i) is resident or ordinarily resident in the UK; or
- (ii) carries on a trade in the UK through a UK branch or agency or, in the case of a corporate shareholder, a permanent establishment in connection with which their Axon Shares are held,

will generally be subject to UK income tax (at the rate of 10 per cent. in the case of those who are not higher rate taxpayers and 32.5 per cent. in the case of higher rate taxpayers) or corporation tax, as the case may be, on the gross amount of any dividends paid by Axon.

An individual Axon Shareholder who is resident for tax purposes in the UK and who owns a shareholding of less than 10 per cent. in Axon will, for dividends received from Axon, be entitled to a non-payable tax credit. The value of the tax credit will be one-ninth of the amount of the dividend paid by Axon and the tax credit is added to the amount paid to compute the gross amount of the dividend paid by Axon. The gross amount of the dividend will be regarded as the top slice of the Axon Shareholder's income and will be subject to UK income tax as set out above. The tax credit will be available to set against such holder's liability (if any) to tax on the gross amount of the dividend.

### ***Stamp Duty and Stamp Duty Reserve Tax (SDRT)***

No UK stamp duty or SDRT will be payable by Scheme Shareholders as a result of the HCL Scheme becoming Effective.

Application will be made to HMRC for confirmation that no stamp duty or SDRT is chargeable upon the HCL Scheme becoming Effective.

## **16. Settlement**

Subject to the HCL Scheme becoming Effective and except with the consent of the Panel, settlement of the consideration to which any Axon Shareholder is entitled under the HCL Scheme will be effected in the manner set out below.

### ***16.1 Scheme Shares held in uncertificated form (that is, in CREST)***

Where, at the HCL Scheme Record Time, a Scheme Shareholder holds Scheme Shares in uncertificated form, settlement of the HCL Consideration will be paid through CREST as soon as practicable after the Effective Date and in any event within 14 days after the Effective Date, in accordance with CREST payment arrangements.

As from the HCL Scheme Record Time, each holding of Scheme Shares credited to any stock account in CREST will be disabled and all Scheme Shares will be removed from CREST in due course.

HCL EAS reserves the right to pay all or any part of the HCL Consideration referred to above to all or any Scheme Shareholder(s) who holds Scheme Shares in uncertificated form at the HCL Scheme Record Time in the manner referred to in sub-paragraph 16.2 of this Part II if, for any reason outside its control, it is not able to effect settlement in accordance with this sub-paragraph.

### ***16.2 Scheme Shares held in certificated form (that is, not in CREST)***

Settlement of any HCL Consideration due under the HCL Scheme in respect of Axon Shares held in certificated form will be despatched:

- (a) by first class post, by cheque drawn on a branch of a UK clearing bank; or
- (b) by such other method as may be approved by the Panel.

All such cash payments (whether in respect of Axon Shares in uncertificated or certificated form) shall be made in pounds sterling. Payments made by cheque shall be payable to the holders of the Axon Shares concerned. Cheques shall be despatched as soon as practicable after the HCL Effective Date and in any event within 14 days of the HCL Effective Date. All deliveries of cheques required to be made pursuant to the HCL Scheme shall be effected by posting the same day by first class post in pre-paid envelopes addressed to the persons entitled thereto at their respective addresses as appearing in the register of members of Axon at the

HCL Scheme Record Time or, in the case of joint holders, at the address of that one of the joint holders whose name stands first in such register in respect of such joint holding at such time or in accordance with any special instructions regarding communications, and neither HCL EAS nor Axon shall be responsible for any loss or delay in the transmission of cheques sent in this way and such cheques shall be sent at the risk of the person entitled thereto.

On the HCL Effective Date, each certificate representing a holding of Axon Shares subject to the HCL Scheme will be cancelled and share certificates for such shares will cease to be valid and should be destroyed.

### **16.3 General**

All documents and remittances sent through the post will be sent at the risk of the person(s) entitled thereto.

Except with the consent of the Panel, settlement of the consideration to which any Scheme Shareholder is entitled under the HCL Scheme will be implemented in full in accordance with the terms of the HCL Scheme free of any lien, right of set-off, counterclaim or other analogous right to which HCL EAS may otherwise be, or claim to be, entitled against such shareholder.

Mandates in force at the HCL Effective Date relating to the payment of dividends and other instructions given by Scheme Shareholders in respect of their Scheme Shares will be deemed revoked as from the HCL Effective Date.

### **17. Delisting and re-registration**

Unless the HCL Meetings are adjourned, the last day of dealings on the London Stock Exchange in, and for registration of transfers of, Axon Shares will be the business day following the HCL Scheme Court Hearing, which is expected to be 10 December 2008, following which Axon Shares will be temporarily suspended from the Official List and from trading on the London Stock Exchange's main market for listed securities. No transfers of Axon Shares will be registered after this date, other than the registration of Axon Shares released, transferred or issued under the Axon Share Schemes after the HCL Scheme Court Hearing and prior to the HCL Scheme Record Time or the issue of New Axon Shares in accordance with the HCL Scheme.

A request will be made to each of the London Stock Exchange and the UKLA prior to the HCL Effective Date to cancel the trading in Axon Shares on the London Stock Exchange's main market for listed securities and to remove the listing of the Axon Shares from the Official List, in each case, with effect from the HCL Effective Date or shortly thereafter.

On the HCL Effective Date, share certificates in respect of Axon Shares will cease to be valid. In addition, on or shortly after the HCL Effective Date, entitlements to Scheme Shares held within the CREST system will be cancelled.

As part of the HCL Acquisition, it is also intended that Axon be re-registered as a private limited company in due course.

### **18. Action to be taken**

You will find accompanying this document:

- a pink Form of Proxy for use at the HCL Court Meeting; and
- a yellow Form of Proxy for use at the HCL General Meeting.

**Whether or not you intend to attend the HCL Court Meeting and/or the HCL General Meeting, you are requested to complete and sign the accompanying pink and yellow Forms of Proxy and return them in accordance with the instructions printed thereon. Completed Forms of Proxy should be returned to Equiniti at Aspect House, Spencer Road, Lancing, West Sussex BN99 6ZL as soon as possible and, in any event, so as to be received by no later than 10.00 a.m. on 22 November 2008 for the HCL Court Meeting and 10.15 a.m. on 22 November 2008 for the HCL General Meeting (or in the case of an adjourned meeting, not less than 48 hours prior to the time and date set for the adjourned meeting).**

This will enable your votes to be counted at the HCL Meetings in your absence. If the pink Form of Proxy for use at the HCL Court Meeting is not returned by such time, it may be handed to Equiniti on behalf of the chairman of the HCL Court Meeting, at the HCL Court Meeting before the taking of the poll and will still be valid. However, in the case of the yellow Form of Proxy for the HCL General Meeting, it will be invalid unless it is returned to Equiniti at Aspect House, Spencer Road,

Lancing, West Sussex BN99 6ZL, so as to be received no later than 10.15 a.m. on 22 November 2008.

If you hold your Axon Shares in uncertificated form (that is, in CREST), you may vote using the CREST voting service in accordance with the procedures set out in the CREST Manual (please also refer to the notes for the notices of the HCL Court Meeting and the HCL General Meeting set out in Parts VIII and IX of this document respectively). Proxies submitted through CREST (under CREST participant ID RA19) must be received by Equiniti by no later than 10.00 a.m. on 22 November 2008 in the case of the HCL Court Meeting and by 10.15 a.m. on 22 November 2008 in the case of the HCL General Meeting (or in the case of an adjourned meeting, not less than 48 hours prior to the time and date set for the adjourned meeting).

Completion and return of the Forms of Proxy will not preclude Axon Shareholders from attending and voting in person at either the HCL Court Meeting or the HCL General Meeting, or any adjournment thereof, should they so wish and should they so be entitled.

Axon Shareholders are entitled to appoint a proxy in respect of some or all of their Scheme Shares. Axon Shareholders are also entitled to appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares (so an Axon Shareholder must have more than one Scheme Share to be able to appoint more than one proxy). A space has been included in the Forms of Proxy to allow Axon Shareholders entitled to attend and vote at the relevant HCL Meeting to specify the number of Scheme Shares in relation to which that proxy is appointed. Axon Shareholders who return a Form of Proxy and specify a number which exceeds the number of Scheme Shares held by the Axon Shareholder when totalled with the number specified on other proxy appointments by the same Axon Shareholder, will render all appointments invalid.

Axon Shareholders who wish to appoint more than one proxy in respect of their shareholding should complete a separate Form of Proxy for each proxy appointed. Such Axon Shareholders should read the information regarding the appointment of multiple proxies set out on page 5 of this document and the related notes contained in the relevant Form of Proxy. Further copies of the Forms of Proxy may be obtained from Equiniti on 0871 384 2050 (from within the UK) or on +44 (0) 121 415 0259 (from outside the UK) or photocopies of the Forms of Proxy may be taken.

**Calls to Equiniti's 0871 384 2050 number are charged at 8 pence per minute (including VAT) plus any of your service provider's network extras. Calls to Equiniti's +44 (0) 121 415 0259 number from outside the UK are charged at applicable international rates. Different charges may apply to calls made from mobile telephones and calls may be recorded and monitored randomly for security and training purposes.**

**It is important that, for the HCL Court Meeting, as many votes as possible are cast so that the Court may be satisfied that there is a fair and reasonable representation of Scheme Shareholder opinion. You are therefore strongly urged to complete, sign and return your Forms of Proxy as soon as possible.**

Notices convening the HCL Court Meeting and the HCL General Meeting are set out in Parts VIII and IX of this document respectively.

## PART III

### CONDITIONS TO THE IMPLEMENTATION OF THE HCL ACQUISITION

#### Part A: Conditions of the HCL Scheme

The HCL Acquisition is conditional upon the HCL Scheme becoming unconditional and becoming Effective by no later than 28 February 2009, or such later date (if any) as Axon and HCL EAS may, with the consent of the Panel, agree and (if required) the Court may allow.

1. The HCL Scheme is conditional upon:
  - 1.1 the approval of the HCL Scheme by a majority in number representing 75 per cent. or more in value of the Scheme Shareholders, present and voting, either in person or by proxy, at the HCL Court Meeting, or at any adjournment thereof;
  - 1.2 the resolution(s) in connection with or required to approve and implement the HCL Scheme and set out in the notice of the HCL General Meeting being duly passed by the requisite majority at the HCL General Meeting, or at any adjournment thereof; and
  - 1.3 the sanction of the HCL Scheme and the confirmation of the HCL Capital Reduction by the Court (in either case, with or without modification, on terms agreed by Axon and HCL EAS) and office copies of the HCL Court Orders and the minute of such HCL Capital Reduction attached thereto being delivered for registration to the Registrar of Companies in England and Wales and, in relation to the HCL Capital Reduction, being registered by the Registrar.
2. In addition, Axon and HCL EAS have agreed that, subject as stated in Part B below, the HCL Scheme will also be conditional upon, and accordingly application to the Court to sanction the HCL Scheme and to confirm the HCL Capital Reduction will only be made upon, conditions 1.1 and 1.2 above having been fulfilled and provided that immediately prior to the hearing to sanction the HCL Scheme, the following conditions (as amended if appropriate) are satisfied or waived as referred to below:
  - 2.1 all required filings having been made under the United States Hart-Scott-Rodino Antitrust Improvements Act of 1976 (as amended) and the rules and regulations thereunder, and all applicable waiting periods having expired or been terminated as appropriate, in each case in connection with the HCL Acquisition or any aspect of the HCL Acquisition;
  - 2.2 no Relevant Authority having taken, instituted, implemented or threatened any action, proceeding, suit, investigation or enquiry, or enacted, made or proposed any statute, regulation or order, or taken any other step that, in each case, would or might in the opinion of HCL EAS (acting reasonably) be expected to:

## Notes to the consolidated financial statements

### 1. General information

The financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the group operates. Foreign operations are included in accordance with the policies set out in note 2.

### 2. Significant accounting policies

#### (a) Basis of preparation

The Group's financial statements have been prepared on a historical cost basis in accordance with International Financial Reporting Standards (IFRSs). The principal accounting policies adopted by the Group are set out below.

#### (b) Basis of consolidation

The consolidated financial statements incorporate the financial statements of Axon Group plc and entities controlled by the Company (its subsidiaries). The financial statements of the subsidiaries are prepared for the same reporting year as the parent company, using consistent accounting policies. The results of subsidiaries acquired or disposed of during the period are included in the consolidated income statement from the effective date of acquisition or until the date of disposal, as appropriate.

All inter-company transactions and balances including unrealised profits on transactions between group companies are eliminated on consolidation.

Minority interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity therein. Minority interests consist of the amount of those interests at the date of the original business combination and the minority's share of changes in equity since the date of the combination.

## **2. Significant accounting policies (continued)**

### **(c) Changes in accounting policies and disclosures**

The accounting policies adopted are consistent in all financial years. The Group adopted the following new and amended IFRS and IFRIC interpretations during 2007, however adoption of these revised standards and interpretations did not have any effect on the financial performance or position of the Group.

- IFRS 7 *Financial Instruments: Disclosures*
- IAS 1 *Amendment – Presentation of Financial Statements*
- IFRIC 8 *Scope of IFRS 2*
- IFRIC 9 *Reassessment of Embedded Derivatives*
- IFRIC 10 *Interim Financial Reporting and Impairment*

The Group also early adopted IFRIC 11 (IFRS 2 – Group and Treasury Share Transactions) in 2007. Adoption of IFRIC 11 did not have any effect on the financial performance or position of the Group.

### **(d) Business combinations**

The acquisition of subsidiaries is accounted for using the purchase method. The cost of acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed and equity instruments issued by the Group in exchange for control of the acquiree, plus any costs directly attributable to the business combination. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under IFRS 3 are recognised at their fair value at the acquisition date.

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised.

The interest of minority shareholders in the acquiree is initially measured at the minority's proportion of the net fair value of the assets, liabilities and contingent liabilities recognised.

### **(e) Goodwill and acquired intangibles**

Goodwill arising on the acquisition of a subsidiary or a jointly controlled entity represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets and liabilities of the subsidiary or jointly controlled entity recognised at the date of acquisition. Goodwill is initially recognised as an intangible asset at cost. Goodwill is tested at least annually for impairment and carried at cost less any accumulated impairment losses. Goodwill is tested more frequently if there is an indication of impairment.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. Each of those cash-generating units represents the Group's investment in each geographic region of operation by each primary reporting segment.

As permitted under IFRS 1, the Group has elected to deem the UK GAAP net book value at 1 January 2004 as the IFRS cost of goodwill at transition date.

IFRS 3 requires intangible assets which are acquired with a subsidiary undertaking to be recognised separately from goodwill and amortised over their estimated economic useful life. As permitted by IFRS 1, IFRS 3 has only been applied to acquisitions made on or after 1 January 2004.

### **(f) Impairment of tangible and intangible assets excluding goodwill**

At each balance sheet date the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). An impairment loss is recognised immediately as an expense where the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a post-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have been adjusted. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

### ***(g) Revenue recognition and contracts in progress***

Revenue is measured at the fair value of the fees received or receivable and represents amounts receivable for services provided to third parties in the normal course of business, net of discounts, VAT and other sales related taxes. Revenue from consultancy services, installation and other services is recognised when services have been provided and the right to consideration has been earned. It excludes expenses recharged to clients at nil margin, which are accounted for as a contribution to cost of sales. Revenue from maintenance, support and other periodically contracted services or products is recognised on a pro-rata basis over the contracted period. Amounts invoiced but not recognised are accounted for within deferred income. Profits on fixed price contracts are taken in proportion to the cost of work performed on each contract relative to the estimated total cost of completing the contract. Provision is made for all anticipated contract losses as soon as they are identified. Profits on time and material contracts are recognised in line with the effort expended. Revenue from sales of Axon software licences to end-users is recognised when the product is delivered providing there are no outstanding performance obligations.

The gross amount due from customers for contract work is included within trade and other receivables as trade debtors and amounts recoverable on contracts and the gross amount due to suppliers is included with trade and other payables.

### ***(h) Property, plant and equipment***

Property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation is charged so as to write off the cost or valuation of assets, less estimated residual value, by equal annual instalments over their estimated useful lives of between three and five years depending on the nature of the asset.

### ***(i) Intangible assets***

Acquired computer software licences are capitalised as intangible assets on the basis of the costs incurred to acquire and bring to use the specific software. These licences are stated at cost less accumulated amortisation and any provision for impairment. Amortisation is charged so as to write off the cost over the estimated useful lives, which is on average three years. The amortisation period for development costs incurred on the Group's internal system development is three years.

Research costs are expensed as incurred. An intangible asset arising from development expenditure on an individual project is recognised only when the Group can determine the technical feasibility of completing the intangible asset so that it will be available for use or sale, its intention to complete and its ability to use or sell the asset, how the asset will generate future economic benefits, the availability of resources to complete the assets and the ability to measure reliably the expenditure during the development.

Intangible assets acquired as part of a business combination are capitalised as intangible assets and are stated at their fair value. Amortisation is charged on a straight line basis so as to write off the cost of these assets over a period consistent with the expected economic benefit that the group will derive from them (up to 10 years). The periods over which the intangibles acquired to date as part of business combinations are amortised are as follows:

Customer relationships and contracts	24 to 36 months
Order backlog	3 to 13 months
Trademark / trade name	12 months
Technology / know-how	36 months
Other assets	24 to 44 months
Development costs	36 months

### ***(j) Foreign currencies***

The individual financial statements of each group entity are prepared in the currency of the primary economic environment in which the entity operates (its functional currency).

In preparing the financial statements, transactions in currencies other than functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign company are not retranslated.

## **2. Significant accounting policies (continued)**

Exchange differences arising on the settlement and retranslation of monetary items are included in the profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in the profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purposes of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in pounds sterling using exchange rates prevailing on the balance sheet date. Income and expense items (including comparatives) are translated at the average exchange rate for the period unless exchange rates fluctuated significantly during that period, in which case a weighted average exchange rate for the period is used. Exchange differences arising, if any, are classified as equity and transferred to the Group's translation reserve. Such translation differences are recognised in the profit or loss in the period in which the foreign operation is disposed of.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

As permitted under IFRS 1 the cumulative transitional foreign exchange difference that has been taken to reserves for foreign operations prior to 1 January 2004 has been assumed to be zero.

### **(k) Leases**

Operating lease rentals are charged to the income statement in equal annual amounts over the lease term.

Income from assets which are leased to third parties is accounted for on a straight-line basis over the term of the lease.

### **(l) Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income and expense that are taxable or deductible in other years or are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which such differences can be utilised.

Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered in the foreseeable future.

Deferred tax is calculated at the tax rates which are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to the income statement, except when it relates to items charged or credited directly to reserves, in which case the deferred tax is also dealt with in reserves.

Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and the Group intends to settle its current tax assets and liabilities on a net basis.

## **2. Significant accounting policies (continued)**

### ***(m) Pensions***

The Group pays contributions to the defined contribution personal pension plans and 401k schemes in the US of certain employees. These costs are charged to the income statement as incurred.

On 6 July 2001 the Group introduced a stakeholder pension scheme, administered by Standard Life, for its UK employees. No employees have currently taken up membership of this scheme. Any costs arising from the scheme will be charged to the income statement as incurred.

### ***(n) Share-based payments***

In accordance with the exemption permitted under IFRS 1, IFRS 2 has only been applied to options awarded on or after 7 November 2002 that had not vested at 1 January 2005.

Equity-settled share options are granted under various schemes operated by the Group to selected employees on a discretionary basis. The options are subject to a three year service vesting condition and an earnings per share-based performance condition. Their fair value (which is measured using the Black-Scholes pricing model at the date of grant) is recognised as an employee benefits expense over the vesting period, based on the Group's best estimate at each period end of the share options that will ultimately vest, with a corresponding increase in another equity reserve.

The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium when the options are exercised.

Share options for the Executive Reward Scheme are awarded to selected employees by three private shareholders, of which one is Mark Hunter, on a discretionary basis. The options are subject to a continued service vesting condition over a three year period and are also subject to a share price target performance condition. Their fair value (which is measured using the Monte Carlo simulation model) is recognised as an employee benefits expense over the vesting period, based on the Group's best estimate at each period end of the share options that will ultimately vest, with a corresponding increase in another equity reserve. No proceeds are received by the Group under this scheme.

Awards are made under the Performance Share Plan on a discretionary basis. The awards are subject to earnings per share performance conditions over a three year period. Their fair value is calculated as the share price on the day of award, adjusted for dividends that won't be received in the performance period. Their fair value is recognised as an employee benefits expense over the vesting period, based on the Group's best estimate at each period end of the share options that will ultimately vest, with a corresponding increase in another equity reserve.

Further details regarding each plan are included at note 30.

### ***(o) Dividends***

Dividend distribution to the Company's shareholders is recognised in the period in which the dividends are approved. Dividends received by the Company are recognised in the period in which the dividends are approved.

### ***(p) Own shares held by employee trusts***

The Axon Group plc shares owned by the employee share trusts are presented as a reduction of shareholders' equity.

### ***(q) Investments in subsidiaries***

Investments are stated at cost less provision for impairment in value.

### ***(r) Provisions***

Provisions are recognised when the Group has a present obligation as a result of a past event, and it is probable that the Group will be required to settle that obligation. Provisions are measured at the directors' best estimate of the expenditure required to settle the obligation at the balance sheet date, and are discounted to present value where the effect is material.

### ***(s) Deferred consideration***

Deferred consideration is recognised when the Group has a present obligation as a result of a past acquisition, and it is probable that the Group will be required to settle that obligation. Deferred consideration is measured at the directors' best estimate of the expenditure required to settle the obligation at the balance sheet date, and is discounted to present value where the effect is material.

## **2. Significant accounting policies (continued)**

### ***(t) Financial instruments***

Financial assets and liabilities are recognised on the Group's balance sheet when the Group becomes a party to the contractual provisions of the instrument. Income and expenditure arising on financial instruments are recognised on an accruals basis and credited or charged to the income statement in the financial period to which it relates.

#### ***Financial assets***

Financial assets within the scope of IAS 39 are classified as either financial assets at fair value through profit or loss, loans and receivables, held to maturity investments, and available for sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs.

A financial asset is derecognised when the rights to receive cash flows from the asset have expired.

#### ***Cash and cash equivalents***

Cash and cash equivalents comprise cash in hand and on demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

#### ***Trade Receivables***

Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts. Gains and losses are recognised in the income statement when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

#### ***Financial liabilities***

##### ***Trade Payables***

Trade payables are non-interest bearing and are stated at their nominal value.

##### ***Bank Borrowings***

Interest-bearing bank loans and overdrafts are recorded at proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption and direct issue costs are accounted for on an accruals basis in the income statement using the effective interest rate method and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise. Where the direct issue costs can not be attributed to a particular loan within the overall facility, they are accounted for in the income statement in the period in which they arise.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

## **3. Critical accounting judgments and key sources of estimation uncertainty**

### ***Critical judgements in applying the Group's accounting policies***

In the process of applying the Group's accounting policies, which are described in note 2, management has made the following judgements that have had the most significant effect on the amounts recognised in the financial statements (apart from those involving estimations, which are dealt with below).

#### ***Revenue recognition***

Revenue from fixed price contracts is recognised in proportion to the cost of work performed on each contract relative to management's estimate of the total cost of completing the contract, and the separable determinable contract value. The assumptions used by management are based on the best available information at the time. However there is always an inherent element of uncertainty.

#### ***Key sources of estimation uncertainty***

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

### 3. Critical accounting judgments and key sources of estimation uncertainty (continued)

#### *Impairment of goodwill*

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate the present value. Management's assessment is that there was no impairment loss.

#### *Estimation of deferred and contingent consideration*

Between 2004 and 31 December 2007, the Group has made six significant acquisitions, five of which contained an element of deferred or contingent consideration based on future performance. The required provision for the contingent element is estimated at each period end but this remains a key source of estimation uncertainty. To determine the required provision, the latest forecasts and expected future prospects are reviewed and considered against the calculations laid out in the purchase agreements.

#### *Valuation of intangibles acquired on business combinations*

After each business combination, management identifies categories of intangible assets, separate from goodwill. These are valued based on the expected benefits which will flow to the Group over future periods. A present value of each of these categories is calculated using appropriate discount rates. The assumptions utilised in generating such valuations are subject to uncertainty, eg future revenue and profitability for the business concerned and rates of client and employee retention.

#### *Valuation of share-based payments*

Valuation of share-based payments includes assumptions on share price volatility, employee attrition, the timing of future option exercises and future dividend yield. These contain an inherent element of uncertainty.

### 5. Business and geographical segments

For management purposes, the group is currently organised into three operating regions – EMEA; Americas; and Asia-Pacific. These operating regions are based on the location of the group's assets, but the location of the group's assets and customers is not materially different. These geographical regions are the basis on which the group reports its primary segment information. As at 31 December 2006, the Middle East region was classified as a discontinued operation (see note 11).

### 13. Earnings per share

#### *From continuing and discontinued operations*

The calculation of the basic and diluted earnings per share is based on the following data:

#### **Earnings**

	2007 £'000	2006 £'000	2005 £'000
Earnings for the purposes of basic and diluted earnings per share being net profit attributable to equity holders of the parent	20,207	11,294	5,151

Contingently issuable shares arising from deferred consideration	736	558	—
Contingently issuable shares arising from the Performance Share plan	590	176	—
Weighted average number of ordinary shares for the purposes of diluted earnings per share	63,649	61,047	59,242
Earnings per share	34.0p	19.6p	9.3p
Diluted earnings per share	31.7p	18.5p	8.7p

The weighted average number of shares in issue excludes shares held by the Employee Benefit Trusts which have not unconditionally vested in the employees.

#### **From continuing operations**

The directors believe that, in addition to the statutory figures, profit and earnings per share figures adjusted for amortisation of acquired intangibles, share-based payments and significant items represents a more consistent measure of underlying performance. Significant items are those which, because of their size or incidence, require separate disclosure to enable underlying trading performance to be assessed. This is consistent with prior periods.

A reconciliation of the statutory profit to these profit figures and the resultant earnings per share figures are set out below.

	2007 £'000	2006 £'000	2005 £'000

Two former subsidiaries, Bywater Inc and Zytalis Inc, both incorporated in the USA and 100% owned within the Group were merged into the operations of Axon Solutions Inc during 2007, and as such continue to be consolidated in the Group's financial statements.

The Group disposed of its 49% interest in Axon Solutions Qatar WLL during 2007 for a nominal sum. The Group had no material interests in any assets of that company, and all balances relating to the disposal were provided for in 2006 as part of the discontinuation of the Middle East operation. As such the disposal had no effect on the consolidated financial statements in the year.

Certain deferred tax assets and liabilities have been offset as summarised below:

	<i>2007</i> £'000	<i>2006</i> £'000	<i>2005</i> £'000

At the balance sheet date, the group had unused tax losses of £0.2m (2006: £5.6m; 2005: £2.0m). No deferred tax asset has been recognised in respect of the losses carried forward at 31 December 2007 due to the uncertainty as to whether they will be available to offset future profits.

	<i>2007</i> £'000	<i>2006</i> £'000	<i>2005</i> £'000
Unrecognised deferred tax assets:

	<u>368</u>	<u>2,110</u>	<u>387</u>

At the balance sheet date, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries for which deferred tax liabilities have not been recognised was £1.9m (2006: £1.2m; 2005: £13,000). No liability has been recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

Temporary differences arising in connection with interests in associates and joint ventures are insignificant.

## 20. Trade and other payables

			<u>—</u>	<u>6,000</u>	<u>—</u>

The directors consider the fair value of the loan to be equal to the book value.

### Bank facilities

The loan outstanding at 31 December 2006 had been drawn down out of a £20m 364 day revolving credit facility. In 2007 this was converted into a £10m overdraft facility and a £10m bonding facility. The effective interest rate is dependent on the Group's ratio of Gross Borrowings to Earnings before interest, tax, amortisation of goodwill and depreciation ('EBITDA'), also excluding foreign exchange gains and losses and non-cash items such as share option charges. The interest rate on the overdraft facility can range from bank base rate plus 0.65% to bank base rate plus 0.95% plus commitment fees.

At 31 December 2007, the Group had available £10m (2006: £14m) of undrawn overdraft facility in respect of which all conditions precedent had been met, £7m (2006: £nil) of undrawn bonding facility and £20m (2006: £20m) of an undrawn committed five year amortising facility. Bank approval is required for drawdowns over £7.5m to be used for acquisitions, other than which all conditions precedent had been met. The interest rate on the five year amortising facility can range from LIBOR plus 0.65% to LIBOR plus 0.95% plus commitment fees.

The Group's total deferred consideration liabilities relate to discounted deferred contingent consideration and represents management's best estimate of the Group's liability for future consideration relating to the acquisition of Axon Solutions Sdn Bhd, Feanix Corporation, TUI Consulting Inc, Premier HR Solutions Inc and Zytalis Inc. The final consideration for these acquisitions is determined by reference to current and forecast performance of the businesses. Increases or decreases in the value of the provision arise as a result of management reviewing their estimates of the expenditure required to settle the obligations based on post-acquisition performance of the businesses. These amounts are due to be settled by 2010.

The Group's other provisions relate to an onerous contract provision on a rental property and expected future dilapidations costs. The onerous contract provision is expected to be utilised in the next two years and the dilapidations provisions will be released at such time as the Group vacates its existing premises, which the Group currently is committed to for more than five years.

### *Feanix Corporation*

On 8 April 2005, the group acquired 100% of the issued share capital of Feanix Corporation for initial cash consideration of £6.3 million and equity issued of £6.1 million, satisfied through the issue of 2,800,000 shares at the prevailing market price on the date of the transaction. £0.6m of deferred consideration had been paid as at 31 December 2007. Future consideration will be paid in 2008 dependent on a number of performance related factors and will be settled using a combination of cash and shares. The directors believe the actual value of the remaining deferred elements will be in the vicinity of £9.7m (as calculated at 31 December 2007 exchange rates), and have recognised a discounted provision accordingly.

The following table sets out the book and fair values of the assets and liabilities acquired.

	<i>Book value</i>	<i>Fair value</i>	<i>Fair value</i>

Feanix Corporation contributed £8.7 million revenue and £0.7 million to the Group's profit before tax for the period between the date of acquisition and 31 December 2005.

If the acquisition of Feanix Corporation had been completed on 1 January, group revenues for the year ended 31 December 2005 would have been £94.4 million and group profit to equity holders of the parent would have been £6.5 million.

### TUI Consulting Inc

On 4 January 2006, the group acquired the assets and liabilities of TUI Consulting Inc for an initial cash consideration of £5.4m.

The following table sets out the book and fair values of the assets and liabilities acquired:

	<i>Book value</i> <i>£'000</i>	<i>Fair value</i> <i>adjustments</i> <i>£'000</i>	<i>Fair value</i> <i>£'000</i>

			<u><u>(5,528)</u></u>

Goodwill includes non-identified intangible assets which do not meet the separable and reliably measurable criteria including business processes, know how and workforce related industry specific knowledge and technical skills.

The provision for deferred consideration payable has been discounted in line with Group accounting policy.

TUI Consulting Inc contributed £7.8m to the Group's revenue for the period between the date of acquisition and 31 December 2006. It is not practicable to disclose the contribution to the Group's profit before tax as the business of TUI Consulting Inc was integrated into the business of Axon Solutions Inc., and it is not practicable to allocate some of the corporate costs between the two businesses.

The acquisition of TUI Consulting Inc was completed on the second day of the financial year, and therefore Group revenues and profit to equity holders of the parent for the year ended 31 December 2006 would not have been materially different had the acquisition been completed on the first day of the financial year.

## 26. Business combinations (continued)

### Premier HR Solutions Inc

On 1 November 2006, the group acquired the assets and liabilities of Premier HR Solutions Inc for an initial cash consideration of £3.1m and equity issued of £1.9m, satisfied through the issue of 365,524 shares at the prevailing market price on the date of the transaction.

The following table sets out the provisional book and fair values of the assets and liabilities acquired.

			<u><u>(3,234)</u></u>

The fair value of the net assets acquired as provisionally calculated at 31 December 2006 was decreased by £0.9m in 2007 to reflect a cash collection adjustment as set out in the sale and purchase agreement.

Goodwill includes non-identified intangible assets which do not meet the separable and reliably measurable criteria including business processes, know-how and workforce related industry specific knowledge and technical skills.

The provision for deferred consideration payable has been discounted in line with Group accounting policy.

Premier HR Solutions Inc. contributed £1.3m revenue and £0.5m to the Group's profit before tax for the period between the date of acquisition and 31 December 2006.

If the acquisition of Premier HR Solutions Inc had been completed on the first day of the financial year, group revenues for the year ended 31 December 2006 from continuing operations would have been £145.1m and group profit to equity holders of the parent would have been £11.8m.

### *Zytalis Inc*

The fair value of the net assets acquired as provisionally calculated at 31 December 2006 was increased by £0.5m in 2007 to recognise a deferred tax asset that had not previously been expected to have a tax benefit to the group.

Goodwill includes non-identified intangible assets which do not meet the separable and reliably measurable criteria including business processes, know-how and workforce related industry specific knowledge and technical skills.

The provision for deferred consideration payable has been discounted in line with Group accounting policy.

Zytalis Inc contributed £1.3m revenue and £0.2m to the Group's profit before tax for the period between the date of acquisition and 31 December 2006.

If the acquisition of Zytalis Inc had been completed on the first day of the financial year, group revenues for the year ended 31 December 2006 from continuing operations would have been £152.3m and group profit to equity holders of the parent would have been £9.6m.

On 1 October 2007, the assets and operations of Zytalis Inc were merged with Axon Solutions Inc as described in note 17.

JSPC i-Solutions Berhad contributed £811,000 revenue and £40,000 to the Group's profit before tax for the period between the date of acquisition and the balance sheet date.

If the acquisition of JSPC i-Solutions Berhad had been completed on the first day of the financial year, group revenues for the year ended 31 December 2007 from continuing operations would have been £208.0m and group profit to equity holders of the parent would have been £20.2m.

## 28. Contingent liability

The Group has provided a performance bond drawn from a bonding facility with Royal Bank of Scotland to a client underwriting its contractual obligations. The value of the bond issued as at 31 December 2007 was US \$6m (2006: £nil). The maximum value of this bond over the life of the contract is US \$20m. See note 21 for details of the bank facilities.

In 2006, the Group's bankers in the Middle East, Emirates Bank, issued a tender bond in favour of a potential customer in the total amount of AED 221,100. Axon Solutions Limited indemnified Emirates Bank in respect of this amount. Axon Solutions Limited met the terms of the bond and was released from its obligations in January 2007.

## 30. Employee share plans and share-based payments

This note sets out the number of options outstanding at 31 December 2007.

In accordance with the requirements of IFRS 2, the Group estimates the expected life of the option based on an assessment of the impact of exercise behaviour and exercise restrictions.

Expected volatility is calculated using the average historical volatility of the Group's share price over a period commensurate with the expected life of the option and ending on the date of grant. Where there is insufficient historical share price data to calculate the expected volatility in this way, due to the shares only being publicly traded since 1999, a shorter period has been used.

All schemes are equity-settled share-based payment schemes. There is no cash alternative.

#### e. Executive Reward Scheme (ERS)

On 3 October 2005, three founding shareholders of Axon Group plc, one of which was Mark Hunter, put in place a private share options scheme over 4.9m of their own shares, of which 2,558,273 relate to shares held by Mark Hunter, to reward key management for increasing shareholder value over the next three years.

<i>Date of grant</i>	<i>Outstanding as at 31 December 2007</i>	<i>Exercisable as at 31 December 2007</i>	<i>Dates exercisable</i>	<i>Exercise price (p)</i>	<i>Expected volatility %</i>	<i>Expected life</i>	<i>Risk free rate %</i>	<i>Dividend yield %</i>

These options were granted for nil consideration and have the following performance condition attached to them: the mid-market closing price of the share on the immediately preceding dealing day and the average mid-market closing price over the previous 20 consecutive dealing days is not less than the exercise price plus £3. Although the ERS has been put in place by three private individuals and not the Group due to the fact that the ERS scheme grants benefits to individuals by virtue of their employment by the Group, the disclosure has been included in the Group's financial statements.

#### f. Performance Share Plan (PSP)

This plan was adopted by the Board on 24 April 2006. Awards were granted for nil consideration at the mid-market price on the date of grant and have the following minimum performance condition attached to them: over a continuous period of at least three years, the average percentage growth in the adjusted earnings per share of the Group must exceed the average percentage growth in the Retail Prices Index over the same period by 15% to 17% per annum.

At the AGM in 2007, the shareholders approved adoption of a revised Axon Group plc Performance Share Plan which extended eligible membership to main board employees. All performance share grants in 2006 were cancelled and reissued under the new scheme. The rules of the revised scheme were similar to the original scheme such that, at the date of transfer, the fair value of the grant was the same under the revised scheme as under the original scheme. As such, no incremental share-based payment charge is being recognised in the income statement over the remaining vesting period in accordance with IFRS 2. All grants shown below are now subject to the revised scheme rules.

#### 1. General information

The information for the six months ended 30 June 2008 and 30 June 2007 has not been audited. Statutory accounts for the year ended 31 December 2007 (extracts of which are included in this interim report) were approved by the Board of Directors on 4 March 2008 and delivered to the Registrar of Companies. The auditors' report on those statutory accounts was unqualified and did not contain a statement under Section 237 (2) or (3) of the Companies Act 1985.

#### 2. Basis of preparation

The condensed consolidated financial information for the six months ended 30 June 2008 has been prepared in accordance with the Disclosure and Transparency Rules of the Financial Services Authority and IAS 34 *Interim Financial Reporting*, as adopted by the European Union. It should be read in conjunction with the annual financial statements for the year ended 31 December 2007, which were prepared in accordance with International Financial Reporting Standards as adopted by the European Union.

The accounting policies adopted are consistent with those of the annual financial statements for the year ended 31 December 2007, as described in part 1 of this appendix.

#### 3. Business segments

For management purposes, the Group is currently organised into three operating regions – EMEA; Americas; and Asia-Pacific. These operating regions are based on the location of the Group's assets, but the location of the Group's assets and customers is not materially different. These geographical regions are the basis on which the Group reports its primary segment information.

## 6. Earnings per share (continued)

The directors believe that, in addition to the statutory figures, profit and earnings per share figures adjusted for amortisation of acquired intangibles and share-based payments represents a more consistent measure of underlying performance. This is consistent with prior periods.

A reconciliation of the statutory profit to these profit figures and the resultant earnings per share figures are set out below:

### 14. Business Combinations

On 1 May 2008, the Group acquired the assets and liabilities of EnterSys Group L.P., a leading provider of SAP consulting services to the Oil, Gas & Chemical sector in North America, for an initial cash consideration of £3.8m. Additional cash consideration of £3.8m will be paid over the next year, and further future cash consideration will be paid over the next two years dependent on future profitable growth. The directors have estimated that this will amount to £5.0m (as calculated at half year end exchange rates) and have recognised a provision accordingly.

The following table sets out the provisional book and fair values of the assets and liabilities acquired. The directors will be further considering the fair values and therefore they are provisional.

#### 14. Business Combinations (continued)

Goodwill includes non-identified intangible assets which do not meet the separable and reliably measurable criteria including business processes, know-how and workforce-related industry-specific knowledge and technical skills.

The provision for deferred consideration payable has been discounted in line with Group accounting policy.

EnterSys Group L.P. contributed £2.0m revenue and £0.2m to the Group's profit before tax for the period between the date of acquisition and the balance sheet date.

If the acquisition of EnterSys Group L.P. had been completed on the first day of the financial year, Group revenues for the period from continuing operations would have been £128.0m and Group profit to equity holders of the parent would have been £11.1m.

#### 15. Investment in an associate

On 20 June 2008, the Group signed an agreement to take a 49% interest in the establishment of Axon Puerto Rico, Inc, which will provide SAP application management, solutions implementation and near-shore delivery and consulting services for projects in the Americas. The Group's investment was £0.5m and as Axon Puerto Rico, Inc did not trade in the period, this is the carrying amount of the investment. The only asset or liability on the balance sheet as at the period end was the cash amount invested on its establishment.

#### 16. Contingent liability

The Group has provided performance bonds covered by a bonding facility with Royal Bank of Scotland to two clients underwriting its contractual obligations. The value of the bonds issued as at 30 June was US \$22.5m.

Expected life (years)	5
Risk free rate	4.4%

The expected life of the options is based on historical data and is not necessarily indicative of exercise patterns that may occur.

## 8. Material contracts

The following contracts, not being contracts being entered into in the ordinary course of business, have been entered into by members of the Axon Group during the period beginning two years immediately before 25 August 2008 (being the date of the commencement of the Offer Period) and are, or may be, material:

- 8.2 On 25 August 2008, Axon and Infosys entered into the Infosys Implementation Agreement which governs, amongst other things, their relationship during the period until the Infosys Scheme becomes effective. Amongst other things, the Infosys Implementation Agreement contains certain obligations in relation to the implementation of the Infosys Scheme, the conduct of Axon's business prior to the Infosys Effective Date and certain assistance Axon will provide to Infosys regarding transition planning.

Axon will pay an inducement fee to Infosys if:

- (a) a competing proposal is announced before the date by which the Infosys Scheme must have become effective in accordance with its terms and subsequently completes;
- (b) the Axon Directors do not recommend the Infosys Scheme or withdraw or adversely amend their recommendation and the Infosys Scheme subsequently lapses;

It has also undertaken to inform Infosys if it becomes aware of any competing proposal or if it receives any request for information from a third party under Rule 20.2 of the Code. Axon will not provide to any third party any sensitive information previously withheld from Infosys and will otherwise promptly provide to Infosys any information provided to any third party which Infosys has not already received.

In the event that Axon receives a competing proposal which the Axon Directors consider it likely to be announced, it has undertaken to provide Infosys with certain details of such proposal (including the price being offered and a profile of the competing bidder so that Infosys can determine its size and scale) and Axon has further undertaken not to vary or amend its recommendation of the Infosys Acquisition for a period of 60 hours after notifying Infosys.

The Infosys Implementation Agreement will terminate with immediate effect in certain circumstances, including if any of the conditions to the Infosys Scheme become incapable of satisfaction or is invoked so as to cause the Infosys Scheme not to proceed where such invocation is in accordance with the Code unless Infosys has within five business days of such event elected to implement the Infosys Acquisition by way of an offer or if a competing proposal become or is declared wholly unconditional or is completed or a scheme in connection with such competing proposal becomes effective.

## 9. Financing arrangements

The cash consideration payable by HCL EAS under the terms of the HCL Acquisition will be funded using a combination of the HCL Group’s existing resources and committed loan facility arranged by Standard Chartered for the purposes of the HCL Acquisition.

The new debt will be advanced to HCL EAS pursuant to a £400,000,000 senior facility agreement between Standard Chartered as original lender and in various other capacities, HCL EAS as original borrower, HCL Technologies as original guarantor and HCL Bermuda Limited as parent. As set out in paragraph 4.1 above, it is possible that a new Dutch holding company may become the immediate parent of HCL EAS before the Effective Date. Any such change would require the consent of Standard Chartered and Merrill Lynch and an announcement would be made by HCL Technologies through a Regulatory Information Service in the event of such a change.

Under the agreements for the provision of the senior facility, save as required by the Panel, HCL EAS must not waive, amend or vary any term or condition of the HCL Acquisition in any respect which would materially or adversely affect the interests of Standard Chartered under the senior facility agreement or related financing documents.

Neither the payment of interest on, nor any repayment of, nor security for, any liability (contingent or otherwise) of HCL EAS will depend to any significant extent on the business of Axon.

**PART VIII**  
**NOTICE OF COURT MEETING**

**IN THE HIGH COURT OF JUSTICE NO. 9109 OF 2008**  
**CHANCERY DIVISION**  
**COMPANIES COURT**

**REGISTRAR BAISTER**

**IN THE MATTER OF AXON GROUP PLC**

**and**

**IN THE MATTER OF THE COMPANIES ACT 1985 AND THE COMPANIES ACT 2006**

**NOTICE IS HEREBY GIVEN** that, by an Order dated 23 October 2008 made in the above matter, the Court has directed a meeting (the **“Court Meeting”**) to be convened of the holders of Scheme Shares (as defined in the Scheme of Arrangement referred to below), for the purpose of considering and, if thought fit, approving (with or without modification) a scheme of arrangement (the **“Scheme of Arrangement”**) pursuant to Part 26 of the Companies Act 2006 (the **“Act”**) proposed to be made between Axon Group plc (**“Axon”** or the **“Company”**) and the holders of the Scheme Shares (as defined in the Scheme of Arrangement) and that such Court Meeting will be held at the offices of Osborne Clarke, One London Wall, London EC2Y 5EB on 24 November 2008 at 10.00 a.m., at which place and time all holders of such Scheme Shares are requested to attend.

A copy of the Scheme of Arrangement and a copy of the explanatory statement required to be furnished pursuant to section 897 of the Act are incorporated in the document of which this Notice forms part.

Scheme Shareholders may vote in person at the Court Meeting or they may appoint another person, whether a member of Axon or not, as their proxy to attend and vote in their stead. A pink Form of Proxy for use at the Court Meeting accompanies this Notice. Completion and return of a pink Form of Proxy will not prevent a holder of Scheme Shares from attending and voting at the Court Meeting, or any adjournment thereof, in person if he wishes to do so.

Scheme Shareholders are entitled to appoint a proxy in respect of some or all of their Scheme Shares. Scheme Shareholders are also entitled to appoint more than one proxy, provided that each proxy is appointed to exercise the rights attached to a different share or shares held by such holder. A space has been included in the pink Form of Proxy to allow Scheme Shareholders to specify the number of shares in respect of which that proxy is appointed. Scheme Shareholders who return the pink Form of Proxy duly executed but leave this space blank will be deemed to have appointed the proxy in respect of all of their Scheme Shares.

Scheme Shareholders who wish to appoint more than one proxy in respect of their shareholding should contact Axon for further pink Form of Proxy or photocopy the pink Form of Proxy as required. Such Scheme Shareholders should read the information regarding the appointment of multiple proxies set out on page 5 of this document and the related notes contained in the pink Form of Proxy.

It is requested that pink Forms of Proxy be lodged with Equiniti Limited (**“Equiniti”**) at Aspect House, Spencer Road, Lancing, West Sussex BN99 6ZL by no later than 10.00 a.m. on 22 November 2008 or, in the case of an adjourned meeting, not less than 48 hours before the time appointed for the Court Meeting, but if forms are not so lodged, they may be handed to the Chairman at the Court Meeting, in each case before the taking of the poll at the Court Meeting.

In the case of joint holders of Scheme Shares, the vote of the senior who tenders a vote, whether in person or by proxy, will be accepted to the exclusion of the vote(s) of the other joint holder(s) and, for this purpose, seniority will be determined by the order in which the names stand in the register of members of the Company in respect of the joint holding.

Scheme Shareholders who hold Scheme Shares through CREST and who wish to appoint a proxy or proxies through the CREST Electronic Proxy Appointment Service may do so for the Court Meeting and any adjournment(s) thereof by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider, should refer to their CREST sponsor or voting service provider, who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a “**CREST Proxy Instruction**”) must be properly authenticated in accordance with the specifications of Euroclear UK & Ireland Limited (“**Euroclear**”) and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so as to be received by Equiniti (participant ID RA19) by no later than 10.00 a.m. on 22 November 2008. For this purpose, the time of receipt will be taken as the time (as determined by the stamp applied to the message by the CREST Applications Host) from which Equiniti are able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsor or voting service provider, should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that his or her CREST sponsor or voting service provider takes) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsor or voting service provider are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Entitlement to attend and vote at the HCL Court Meeting (and the number of votes which may be cast thereat) will be determined by reference to the register of members of the Company at 6.00 p.m. on 22 November 2008 or, in the case of an adjourned meeting, at 6.00 p.m. on the day which is two days before the date of the adjourned meeting. In each case, changes to the register of members of the Company after 6.00 p.m. on the relevant date will be disregarded.

By the said Order, the Court has appointed Roy Merritt or, failing him, Stephen Cardell or, failing him, Iain McIntosh, to act as Chairman of the Court Meeting and has directed the Chairman to report the result thereof to the Court.

The Scheme of Arrangement will be subject to the subsequent sanction of the Court.

4. with effect from the passing of this resolution, the articles of association of the Company be amended by the adoption and inclusion of the following new article 6A:

## **“6A Scheme of arrangement**

- 6A.1 In this Article 6A, the “**Scheme**” means the scheme of arrangement dated 24 October 2008, between the Company and the Scheme Shareholders (as defined in the Scheme) under Part 26 of the Companies Act 2006 in its original form or with or subject to any modification, addition or condition approved or imposed by the Court and/or agreed by the Company and HCL EAS Limited (“**HCL EAS**”) and (save as defined in this Article) expressions defined in the Scheme shall have the same meanings in this Article.
- 6A.2 Notwithstanding any other provision of these Articles, if the Company issues any Ordinary Shares (other than to HCL EAS or its nominee(s)) at or after the adoption of this Article 6A and on or before the Scheme Record Time (as defined in the Scheme), such shares shall be issued subject to the terms of the Scheme (and shall be Scheme Shares for the purposes thereof) and the original or any subsequent holder or holders of such shares shall be bound by the Scheme accordingly.
- 6A.3 Notwithstanding any other provision of these Articles, subject to the Scheme becoming effective, if any Ordinary Shares are issued to any person (a “**New Member**”) (other than under the Scheme or to HCL EAS or its nominee(s)) after the Scheme Record Time, such New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) will, provided the Scheme has become effective, be obliged immediately to transfer all of the Ordinary Shares held by the New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) (the “**Post-Scheme Shares**”) to HCL EAS or its nominee(s) who shall be obliged to acquire all of the Post-Scheme Shares. The consideration for each Post-Scheme Share transferred to HCL EAS shall be 647.75 pence in cash (or such greater amount as may be payable under the Scheme if modified in accordance with its terms).
- 6A.4 On any reorganisation of, or material alteration to, the share capital of the Company (including, without limitation, any subdivision and/or consolidation), the value of the consideration per Post-Scheme Share to be paid under Article 6A.3 shall be adjusted by the directors of the Company in such manner as the auditors of the Company may determine to be appropriate to reflect such reorganisation or alteration. References in this Article 6A to Ordinary Shares shall, following such adjustment, be construed accordingly.
- 6A.5 To give effect to any transfer of Post-Scheme Shares required by Article 6A.3 above, the Company may appoint any person as attorney for the New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) to execute and deliver as transferor a form of transfer or instructions of transfer on behalf of the New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) in respect of the Post-Scheme Shares in favour of HCL EAS and/or nominee(s) and to do all such other things and execute and deliver all such documents as may in the opinion of the attorney be necessary or desirable to vest the Post-Scheme Shares in HCL EAS or its nominee(s) and pending such vesting to exercise all such rights attaching to the Post-Scheme Shares as HCL EAS may direct. If an attorney is so appointed, the New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) shall not thereafter (except to the extent that the appointed person fails to act in accordance with the directions of HCL EAS) be entitled to exercise any rights attaching to the Post-Scheme Shares unless so agreed by HCL EAS. The Company may give a good receipt for the purchase price of the Post-Scheme Shares and may register HCL EAS as holder thereof and issue to it certificate(s) for the same. The Company shall not be obliged to issue a certificate to the New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) for the Post-Scheme Shares. HCL EAS shall send a cheque drawn on a UK clearing bank in favour of the New Member (or any subsequent holder or any nominee of such New Member or any such subsequent holder) for the cash purchase price in consideration for the transfer of such Post-Scheme Shares within 14 business days of the date on which the Post-Scheme Shares are issued or transferred to the New Member.

*Notes:*

1. *A member of the Company entitled to attend, speak and vote at the HCL General Meeting is entitled to appoint a proxy to attend, speak and vote instead of him or her. A proxy need not be a member of the Company but must attend the HCL General Meeting in order to represent you.*
2. *A yellow form of proxy accompanies this notice. Instructions for use are shown on the form. Lodging a form of proxy will not prevent the shareholder from attending and voting at the HCL General Meeting (or any adjournment thereof) in person.*
3. *To be valid, a yellow form of proxy, together with any power of attorney or other authority (if any) under which it is signed, or a duly certified copy thereof, must be received at the offices of the Equiniti at Aspect House, Spencer Road, Lancing, West Sussex BN99 6ZL no later than 10.15 a.m. on 22 November 2008 or if the HCL General Meeting is adjourned, not less than 48 hours before the time of such adjourned meeting.*
4. *Entitlement to attend and vote at the HCL General Meeting or any adjournment thereof and the number of votes which may be cast thereat will be determined by reference to the register of members of the Company at 6.00 p.m. on 22 November 2008 or, in the case of an adjourned meeting, 6.00 p.m. on the day which is two days before the date of the adjourned meeting. This time has been specified pursuant to regulation 41 of the Uncertificated Securities Regulations 2001. In each case, changes to the register of members of the Company after 6.00 p.m. on the relevant date shall be disregarded in determining the rights of any person to attend or vote at the HCL General Meeting.*
5. *Please note that communications regarding the matters set out in the notice of HCL General Meeting will not be accepted in electronic form.*
6. *A member may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares (so a member must have more than one share to be able to appoint more than one proxy). A member wishing to exercise this right should contact Equiniti on 0871 384 2050 or on +44 (0) 121 415 0259 if telephoning from outside the UK. Calls to Equiniti's 0871 384 2050 number are charged at 8 pence per minute (including VAT) plus any of your service provider's network extras. Calls to Equiniti's +44 (0) 121 415 0259 number from outside the UK are charged at applicable international rates. Different charges may apply to calls made from mobile telephones and calls may be recorded and monitored randomly for security and training purposes.*
7. *If you submit your proxy electronically through CREST, to be valid the appropriate CREST message (regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy) must be transmitted so as to be received by Equiniti (under CREST participant ID RA19) by no later than 10.15 a.m. on 22 November 2008 (or, in the case of an adjourned meeting, not less than 48 hours before the time of the adjourned meeting). The time of receipt will be taken to be the time from which Equiniti is able to retrieve the message by enquiry to CREST.*
8. *CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider, should refer to their CREST sponsor or voting service provider, who will be able to take the appropriate action on their behalf.*
9. *In the case of joint holders, any one of these may vote. However, the vote of the senior who tenders a vote, whether in person or by proxy, will be accepted to the exclusion of the votes of other joint holders and, for this purpose, seniority will be determined by the order in which the names stand in the relevant register in respect of the joint holding.*
10. *CREST members and, where applicable, their CREST sponsors or voting service providers, should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular messages and the normal system timings and limitations apply to the input of CREST proxy instructions.*
11. *The Company may treat as invalid a CREST proxy instruction in the circumstances set out in regulation 35(5) of the Uncertificated Securities Regulations 2001.*
12. *If you are a person who has been nominated by a member to enjoy information rights in accordance with section 146 of the Act, Note 1 above does not apply to you but you may have a right under an agreement between you and the member by whom you were nominated to be appointed, or to have someone else appointed, as a proxy for the HCL General Meeting. If you have no such right or do not wish to exercise it, you may have a right under such an agreement to give instructions to the member as to the exercise of voting rights.*
13. *In order to facilitate voting by corporate representatives at the HCL General Meeting, arrangements will be put in place at the HCL General Meeting so that (a) if a corporate shareholder has appointed the chairman of the HCL General Meeting as its corporate representative to vote on a poll in accordance with the directions of all of the other corporate representatives for that shareholder at the HCL General Meeting, then on a poll those corporate representatives will give voting directions to the chairman and the chairman will vote (or withhold a vote) as corporate representative in accordance with those directions; and (b) if more than one corporate representative for the same corporate shareholder attends the HCL General Meeting but the corporate shareholder has not appointed the chairman of the HCL General Meeting as its corporate representative, a designated corporate representative will be nominated, from those corporate representatives who attend, who will vote on a poll and the other corporate representatives will give voting directions to that designated corporate representative. Corporate shareholders are referred to the guidance issued by the Institute of Chartered Secretaries and Administrators on proxies and corporate representatives ([www.icsa.org.uk](http://www.icsa.org.uk)) for further details of this procedure. The guidance includes a sample form of appointment letter if the chairman is being appointed as described in (a) above. Corporate shareholders are encouraged to appoint a proxy or multiple proxies to attend, speak and vote at the HCL General Meeting in preference to corporate representatives, given the uncertainty arising from the provisions in the Companies Act 2006 regarding the validity of votes by multiple corporate representatives.*
14. *Copies of the Company's existing articles of association as proposed to be amended by the special resolution set out in the notice of the HCL General Meeting are available for inspection at the offices of Axon's solicitors, Osborne Clarke, at One London Wall, London EC2Y 5EB during normal business hours on any weekday (excluding Saturdays, Sundays and public holidays), until the opening of business on the day on which the HCL General Meeting is held and will also be available for inspection at the place of the HCL General Meeting for at least 15 minutes prior to and during the HCL General Meeting.*
