

**HCLTech**, a Broadcom Expert Plus Partner has proven expertise in Broadcom Solutions and can help customers in their business transformation

Broadcom Software is a trusted partner to **10 out of the 10 largest global companies** across major industries.

Broadcom has built a comprehensive portfolio of industry-leading business critical software solutions from Infrastructure Software to Security Software, helping to modernize, optimize, and protect the world's most complex hybrid environments.

**HCLTech, a Broadcom Expert Plus Partner**, has a proven track record and is committed to their customers' success. HCLTech has completed Broadcom's highest standard of training requirements, made investments in certifications, and collaborates with Broadcom Engineering and Product Management in development and feedback of Broadcom's products and solutions. Coupled with Broadcom's category leading software solutions, our **Expert Advantage Consulting Services Partner Experts** have the capabilities and expertise to guide customers in their digital transformations resulting in optimal business outcomes.

## Why HCLTech?

Enterprise Studio by HCLTech has the depth and breadth of experience to help with your entire Broadcom Software portfolio and beyond. Our large, global team of advisors, architects, consultants, technologists, and coaches has successfully completed thousands of engagements and hold numerous Broadcom certifications. What sets us apart is our ability to navigate issues and provide solutions where multiple IT technology domains intersect and where software and business processes interact.

## Use Cases

### IMPLEMENTATION

Our expert implementation staff collaborate to deliver precision implementations quickly and efficiently for a robust, scalable solution.

### APPLICATION MANAGEMENT SERVICES

Trust our experts to deliver differentiated day-to-day application management services designed to optimize your solution investments.

### SOLUTION ADOPTION

Expert assistance with the priorities and roadmap for taking the right steps to achieve your goals.

### UPGRADE

When you're ready to transition to the latest solution release, we'll help you identify benefits, dependencies and risks to tailor your upgrade strategy for an efficient transition.

### ASSESSMENTS

Domain functional maturity assessments are an affordable way to get an objective snapshot of current practices regardless of platform, location or services. Annual health checks contribute to peace-of-mind and confidence in your solution, and can be executed with little or no disruption to your day-to-day activities.

## Types of Services

### PROFESSIONAL SERVICES

With the additional value that our team of experts provide to your Broadcom Software, your organization can attain digital success faster and with greater overall impact.

### SOFTWARE LICENSES

HCLTech is a global reseller that can sell all of Broadcom's Enterprise Software, Mainframe and Symantec solutions. Get all of the products and services you need from one provider.

### LO/L1 SUPPORT

Work with the team who knows your Broadcom software best. Our talented and experienced support team will work with you to listen and quickly resolve issues, resolving most tickets in-house.

## Solutions Areas of Expertise

We are an Expert Plus Partner and an Expert Advantage Strategic Partner, assisting clients globally with licenses, services and support across the Broadcom Software portfolio. We work with customers across the Symantec Cybersecurity portfolio, and Enterprise Software portfolio including ValueOps, AIOps, Automation and IT Service Management. We also offer Digital Advisory Consulting Services to help organizations better understand their organization and become more adaptive.

"Providing staff with better access to systems means we can respond faster to clients, which is key to our competitive advantage."

**MAJOR CONSTRUCTION CONSULTING FIRM**

"Having this level of insight is transformational."

**AUTOMOTIVE FINANCIAL SERVICES COMPANY**

## How we can help?

Our team's expertise and industry-essential qualifications are built upon decades of experience across digital advisory consulting, IT business management (ITBM), cybersecurity, and AIOps. We can help you move quickly from idea to value as you build, integrate and adopt resilient enterprise solutions.
