

Everest Group Names HCL a Leader for Life Sciences IT Infrastructure Services

Noida, India: August 10, 2016 – [HCL Technologies](#) (HCL), a leading global IT services company, has been named amongst leaders by Everest Group in its report "**Life Sciences IT Infrastructure Services – Service Provider Landscape with PEAK Matrix™ Assessment 2016**".

As a part of this report, Everest Group analyzed 21 leading service providers on the Everest Group Performance, Experience, Ability, Knowledge (PEAK) Matrix, specific to global life sciences IT infrastructure services, categorizing them into Leaders, Major Contenders, and Aspirants. The PEAK Matrix™ is a composite framework that provides an objective, data-driven, and comparative assessment of life sciences IT infrastructure service providers based on their absolute market success and delivery capability. **Based on the analysis, HCL emerged as a Leader.**

"Infrastructure services in Life sciences industry is undergoing significant transformation. Industry needs around R&D productivity, agility, time-to-value, and cost takeout have made cloud, data management, and end user computing key to strategic business initiatives. HCL Technologies has emerged as a Leader in the inaugural version of the Life Sciences Infrastructure Services PEAK Matrix. Its capabilities, pedigree, and value proposition makes HCL a front-runner in this space," said **Abhishek Singh, Practice Director, Healthcare & Life Sciences Research, Everest Group.**

"The recognition underscores HCL's leadership in [the global life sciences IT infrastructure services space](#). HCL has a strong foothold in pharmaceuticals, healthcare & medical devices, and growing traction among biotechnology and contract research organizations," said **Karan Puri, Corporate Vice President and Global Head Consumer & Commercial Services, HCL Technologies.** "Leveraging its [DryICE™ automation and orchestration platform](#), HCL helps clients adopt best-in-class next-generation hybrid datacenter architectures with strong IT service management process. HCL also provides digital workplace consulting and transformation services, network services and enterprise-wide security services. Further, HCL has been recognized for its strong and effective project/account management practices as well as domain expertise through dedicated centers of excellence for healthcare and life sciences."

HCL's [life sciences & healthcare practice](#), one of the early movers in the space, offers transformational services for [21st Century Life-Sciences Enterprises' success](#). It is one of the fastest growing practices among global IT services providers and has emerged as a partner of choice for leading global life-sciences, healthcare, pharmaceuticals and medical devices companies.
