

# Pre-packaged Digital Portal of the future

**Rapid website & portal, deployed remotely**

**Future ready, mobile & responsive UX**

**Pre-built, integrated forms & apps**

**Innovation & speed to market**

**Low Total Cost of Ownership**

## Imagine having one digital portal for Customers, Partners & Employees

HCL has created a website and portal template, which you can use in part or in full, integrated with SAP Sales & Service Cloud (C/4HANA), S/4HANA or any other backend system you have.

### What do you get?

The SAP HCL Team has created the following plug and play content that can be deployed remotely and fast.

- Website pages - Home, Products & Services, About Us, Contact Us, FAQ's etc.
- Online forms:
  - Complaints, General Enquiries, Applications, Tickets & Work Orders
  - Leads, Opportunities, Request for Quotation & Create Quotation
  - Appointment Bookings
  - View Invoices & Deliveries
- Online HR Forms & Apps:
  - Enquiries such as Maternity, Disciplinary, Performance & Grievance.
  - My Time, Travel, Leave, Benefits, Payslips, My Profile etc.

**We are offering a free Digital Situation Analysis to assess the fit of this offering to any company. This assessment can be done 100% remotely and only takes 2 hours.**
