PREAMBLE

HCL Technologies Limited (“HCL Technologies” or “HCLT” or the “Company”) contributes progressively to the socio-economic and environmental advancement of the planet with ‘Corporate Social Responsibility’ (“CSR”) at the very core of its existence.

Aligned to the Global Sustainable Development Goals (“SDGs”), it stands firmly against exploitation of all sentient beings and natural resources, and advocates relentlessly for conservation of our planet and respect for all lives.

A statement of intent, the CSR Policy of the Company (the “Policy”) vividly lays out its progressive developmental agenda. More than just a compliance document, it binds us to the highest standards of environmental sustainability, and reaffirms our commitment to holistic integrated development, fueled by sustainable business practices.

Guided by the values of equity, dignity and equal opportunities, the ethos of ‘giving back’, in ways that matter, is enshrined in its culture. Through meaningful and strategic partnerships, it effectively leverages the ‘power of many’ to positively impact lives and spread smiles, thus making this world a better place, in all possible ways.

In context of India, words and expressions used and not defined in this Policy but defined in the Companies Act, 2013 (the “Act”) read with the Rules made thereunder, shall have the same meanings respectively assigned to them in the Act read with the Rules made thereunder.

1. OBJECTIVES OF THE POLICY

The Policy defines the intent, objectives and approach of the Company and lays down the guiding principles for selection, implementation, monitoring and evaluation of CSR activities as well as formulation of the Annual Action Plan, for ensuring growth and advancement of society and conservation of natural resources.

2. ABOUT HCL TECHNOLOGIES LIMITED

HCL Technologies Limited empowers global enterprises with technology for the next decade, today. The Company’s Mode 1-2-3 strategy, based on its deep-domain industry expertise, client-centricity, and entrepreneurial culture of ideapreneurship™, enables businesses to transform into next-gen enterprises.

With presence across the globe, the Company takes pride in its diversity, social responsibility, sustainability, and education initiatives. For more information, visit www.hcltech.com

3. CSR VISION & MISSION

VISION – To be a ‘source code’ for socio-economic and environmental development.

MISSION – To nurture clean, green and healthy communities where everyone is empowered and equipped to reach their full potential in partnership with its employees, communities and stakeholders, while promoting volunteerism and establishing international standards of strategic planning, implementation and measuring impact.

4. STRATEGY AND APPROACH – OUR 10 CSR COMMANDMENTS

The Company’s corporate conscience is defined by not just one, but many meaningful voices. Its business objectives converge with social purpose, establishing it as a responsible business where growth and welfare of communities, specially of those in the neighborhood, and the protection of the environment, forms the bedrock of all its endeavours. The Company invests in people, planet, partnerships, prosperity and peace agenda to meet the 17 SDGs.

True to its DNA, the Company believes in developing ‘source codes’. Its approach is determined by the 10 ‘Cs’ or the 10 Commandments that guide the CSR efforts. These ‘secular

inclusive approaches' are the lodestar, the blueprints for replication, helping scale endeavours to different geographies and populations.

- i. **CLARITY:** of thought, purpose and action. We design and implement impactful interventions to break the cycle of poverty in all its forms, be it social, economic, or environmental.
- ii. **CHOICE:** the power or liberty to choose. We are conscious of the individual's '*right to choice*' and offer a bouquet of innovative services, opening up multiple points of engagement.
- iii. **CATALYSE:** spark a path for self-determination. We are mindful of people's own agency and ability to effect change, and provide relevant opportunities for meaningful growth.
- iv. **CO-CREATE:** think and act together to drive progress. We blend the wisdom of communities with scientific rigor to seed and propel transformative change.
- v. **COMPREHENSIVE:** an ecosystem of well-being: Our interventions target areas critical for a person's development - health, education, sports, livelihoods and skilling, and the environment.
- vi. **CONTINUOUS:** Life cycle approach: We leverage the Integrated Community Development Approach (ICDA) impacting every stage of life.
- vii. **COMPASSION:** rooted in empathy and deep underlying concern for the well-being of people. Our programmes, interventions and strategies specifically target the unreached and ultra-poor.
- viii. **CONVERGENCE:** Unifying stakeholders. We bring our communities, customers, employees, non-profits and Government bodies together, leveraging the strength, experience and expertise of each stakeholder for greater good.
- ix. **CREDIBILITY:** holding ourselves to exacting standards of transparency and governance, we are accountable to our employees, partners and communities.
- x. **CAPITAL:** Going beyond the financial. We view capital as more than just finance. Creating safe spaces that energize and inspire, we actively build human, developmental and environmental capital.
 - Human Capital – creating access to knowledge, technical know-how and an agency of skills that maximize human potential leading to empowered, self-sufficient, gender equal and inclusive communities;

- Developmental Capital – enabling rich social networks, physical assets and institutional strength that nourish a culture of self-reliance and sustained growth;
- Environmental Capital – investing in efficient and effective green solutions that nurture and conserve our planet.

Fundamental to the approach is the recognition of technology as a force multiplier and its deployment as a key instrument of transformational change.

5. HCL FOUNDATION

To meet its goals, the Company drives its corporate social responsibility agenda through its CSR arm, HCL Foundation, a Public Charitable Trust.

Established in 2011, HCL Foundation’s belief in the power of communities to lift themselves out of poverty and lead a life of dignity and self-respect lies at the heart of all its initiatives.

5.1 KEY CSR STREAMS FOR HCL FOUNDATION

HCL Foundation has been set up to take up programmes and projects as part of its CSR mandate which are aligned to the 17 SDGs and the national missions. The Company’s CSR agenda is also aligned with Schedule VII of the Companies Act, 2013. All CSR initiatives are inclusive, gender transformative, with special attention to the ultra-poor, people with disabilities and environment conservation.

EARLY CHILDHOOD CARE & DEVELOPMENT (ECCD): We view ECCD as a powerful equalizer and work to ensure the holistic development of all children under 8 years of age. Our interventions provide stimulation and early childhood education, improve access to home and centre based quality care, and empower parents and caregivers.

HEALTH: Universal, equitable and comprehensive, well-being oriented health for all, which is accessible, available, affordable and acceptable, is vital to our health stream. Through strategic interventions, we disseminate critical information, break taboos, seed responsible health seeking behaviour, invest in health systems strengthening and provide services, when necessary.

EDUCATION: We facilitate quality education, nurture critical thinking and equip children and adults with 21st century life skills. Adopting strategic routes like sports, scholarships, remedial and bridging endeavours, strengthening of state systems, we create avenues of access. Leveraging innovative technology, we promote gender transformative and inclusive education.

SKILL DEVELOPMENT & LIVELIHOOD: Encompassing agriculture productivity improvement, skill development of youth and women, entrepreneurship development through micro-enterprises, and strengthening government systems, we facilitate sustainable livelihood opportunities. We actively impart career guidance, counselling, mentorship to our communities, and in deserving cases, invest in their venture through seed capital.

WATER, SANITATION & HYGIENE (WASH): We focus on equitable and adequate access to sanitation and safe drinking water with full community engagement and participation. This includes promotion of safe WASH practices in schools and communities, management of waste water, creation of proper drainage systems, safe disposal of solid and liquid waste.

ENVIRONMENT: We protect, conserve, restore, enhance indigenous biodiversity and promote clean energy solutions. Reviving flora and fauna, restoring water bodies, expanding green cover, conserving wildlife and increasing environmental awareness are critical priorities. Investing in infrastructure, we are establishing renewable energy-based ecosystems for local economic development.

DISASTER RISK REDUCTION & RESPONSE: Given the recurrent and unpredictable nature of disasters and humanitarian crisis, we are developing long term strategies, addressing all stages. From prevention – resilience building; to immediate relief - efficient distribution of essential goods and services; to rehabilitation - putting lives and nature back on track.

GENDER & INCLUSION: By identifying and challenging socio-economic and cultural barriers, we are building inclusive communities and institutions where everyone irrespective of gender, age, religion and beliefs, can access critical resources necessary for leading a fulfilling life.

Child protective strategies, inclusion, gender transformative approaches and technology enabled solutions remain central in all initiatives of HCL Foundation.
