HCL Technologies Wins Five-Year IT Transformation Deal with Wacker Chemie AG

Munich and Noida (India), August 17, 2021 – HCL Technologies (HCL), a leading global technology company, has signed a five-year, end-to-end IT transformation services deal with Wacker Chemie AG, a German multinational chemical company, to establish a modernized digital workplace and improve its quality-of-service delivery.

Spanning the globe with four business divisions, Wacker currently operates 26 production sites. Wacker's engagement with HCL will lead to significant cost efficiencies through modernization, standardization and automation. HCL will be using AI-enabled virtual assistants to drive efficiencies for Wacker.

"Wacker was looking to transform its current sourcing model with a long-term 'Next Generation Managed Service' sourcing model," said Dirk Ramhorst, CIO and CDO, Wacker Chemie AG. "We wanted a partner to not only enhance our digital transformation journey but also support the 'Wacker Digital Program,' helping us to become a digital leader in the chemical industry. We have great confidence this partnership will improve efficiencies through potential harmonization of service delivery across IT areas while ensuring frictionless and streamlined processes."

"Germany is a key strategic market for HCL and our engagement with Wacker is testament to our continued growth in the region," said Dr. Rolf Frank Fehler, Senior Vice President, HCL Technologies. "We are excited to partner with Wacker, as we strongly believe digital transformation is a collaborative journey. HCL's global delivery model and regional service management will help ensure delivery success at Wacker."
