Analytics Cloud Digital Boardroom

HCL

SAP CLOUD FOR ANALYTICS (SAC) DIGITAL BOARDROOM

One Single Version of Truth for all Reporting and Planning needs

BUSINESS CHALLENGES

- Missing an overall view
- Decisions Are not made on what is happening right now
- Different stakeholders need different flavors of data
- Too much time taken to generate an overall summary/analyze a problem
- Relevant data is either too slow or too old
- Users can never easily come up with fluid presentations that convey the data in a more meaningful and easy to understand fashion.
