- Announces dividend of ₹8 per share, 48th consecutive quarter of dividend payout.
- Return on equity (ROE) for Calendar 2014 robust at 38% up from 35% in Calendar 2013.

CORPORATE OVERVIEW

“The Global IT Industry is undergoing a seismic change as the scope of IT buying expands to capture adjacencies beyond IT. This is not only changing the contours of the traditional buyer as we know it but also bringing technology to the very center stage of organizational competitiveness. In such a scenario the balanced portfolio, integrated IT services and engineering capabilities of HCL have ensured that we remain service providers of choice for companies looking for business model transformation”, said **Shiv Nadar, Chairman & Chief Strategy Officer, HCL Technologies**

“We have posted yet another strong quarter with constant currency revenue growth of 6.2% QoQ and 16.2% YoY. Our continued focus in developing next generation propositions around Digitalization, Engineering Platform Services and Target Operating Model for Enterprise IT have allowed us to stay ahead of the innovation curve and gain significant market share in the Global IT services market”, said **Anant Gupta, President & CEO, HCL Technologies**

“This quarter we also crossed the 100,000 employee milestone. Our Ideapreneurs are creating unique value for our clients by delivering ‘Relationships beyond the contract’ and continue to be our most critical differentiators”, he added.

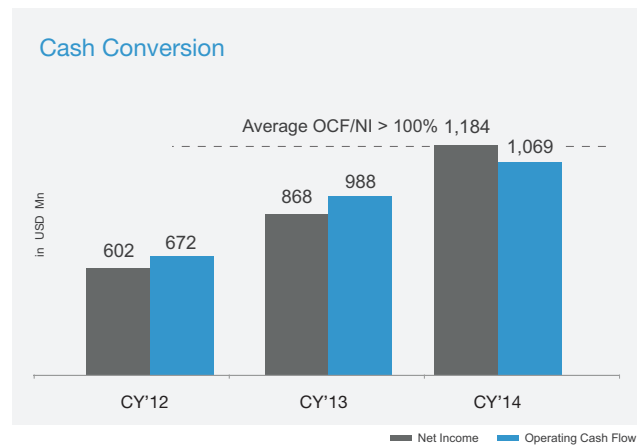

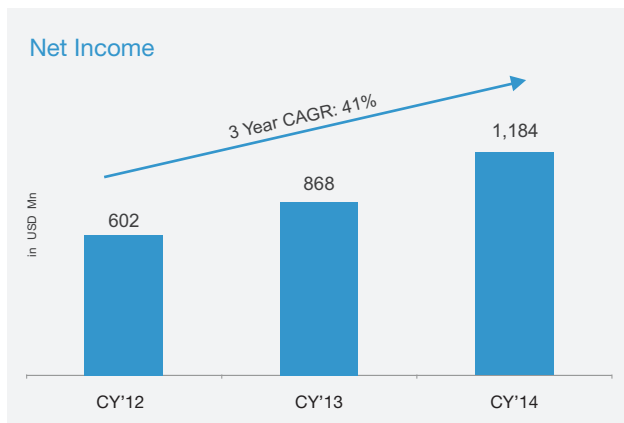

“The outstanding revenue growth this quarter has been accompanied by growth in net income (before extra-ordinary gains last quarter) of 7% QoQ and 27% YoY. We continue to do well in managing our working capital and delivered superior return on equity at 38% for Calendar year 2014. In order to expand the retail base, the Board has recommended issuance of bonus shares in the ratio of 1 share for every 1 share held”, said **Anil Chanana, CFO, HCL Technologies**.

“Why has our relationship been successful? For one thing, I fundamentally believe that HCL would move heaven and earth to please us. Their “Employees First” principle shows in their drive and motivation to get the job done.” - President APAC & Former CIO of a leading global supply chain company.

PERFORMANCE HIGHLIGHTS

Overall Company : Performance Trends (CY ended)

Our award winning employee-led platforms inspire everyday innovation, that leads to positive, beyond-the-contract business impact for our customers.

TRANSFORMATIONAL AND BLUE CHIP CUSTOMER ACQUISITION

HCL has signed 15 Transformational engagements during this quarter with more than US\$ 1bn of Total Contract Value representing broad-based growth across service lines and verticals. These deals were fuelled by increased adoption of our Digitalization, ITO and Engineering Service value propositions across geographies.

CORPORATE EXCELLENCE

- Shiv Nadar, Founder & Chairman, HCL and Shiv Nadar Foundation has been conferred with the prestigious Golden Peacock Award for 'Social Leadership' by The Institute of Directors, India for his leadership and philanthropic achievements.
- Shiv Nadar, Founder & Chairman, HCL and Shiv Nadar Foundation has been named India's 'Outstanding Philanthropist of the Year' by Forbes India Magazine.
- HCL has won the National Outsourcing Association award for 'Outsourcing Service Provider of the Year 2014' in recognition of its ability "to deliver both initial and ongoing business value to clients, incorporating best practices, continuous service innovation and also demonstrable commitment to the development and future of the industry".
- HCL has won Frost & Sullivan's 2015 CIO Impact Awards in the categories Enterprise Social Networking, Mobility and Cloud Computing.
- HCL has won the 'TISS LeapVault CLO Gold Award 2014' under the Blended Learning Program category for its Project Management Structured Effectiveness Program (PMStEP).

MARKET LEADERSHIP

Digitalization

HCL continues to make significant strides in the Enterprise Digitalization space enabling global enterprises to significantly transform their business models:

- HCL has won a first of its kind multi-service delivery engagement with a top financial services leader to build and support its digital IT platform and transform the company to be a true digital enterprise. HCL will deliver these services globally from multiple locations.
- HCL has won a digital marketing transformation deal from one of the largest fast food giants in the world.
- HCL has won a deal to support the Supply Chain IT organization of a global ICT leader. HCL will bring in its expertise in integrating Digital Systems using diverse technology platforms to differentiate and create next gen systems for the company.
- HCL has won a multi-year deal from a leading marketing services agency. HCL will be taking over the technology support and data operations for its key marketing solution that supports data driven marketing decisions for multiple global brands.

Engineering and R&D Services (ERS)

HCL continues to lead the Engineering Services market through its structured outsourcing portfolio:

- HCL has signed a large deal with an enterprise software company to provide complete end-to-end Product Development Life Cycle services.
- HCL has renewed a deal with a global medical device company to provide product engineering and sustenance services globally.
- HCL has signed a multi-year engineering deal with one of the world's leading manufacturers of commercial foodservice equipment. As part of this engagement, HCL will provide end-to-end Engineering services including new product development, sustenance, localization and after-market support services.
- HCL has signed a deal to provide engineering services to a global leader of commercial vehicles manufacturer. HCL will be a partner in the client's R&D transformation journey, by providing product development and sustenance engineering to help the client in customizing existing products or launching new products for these markets.

IT Outsourcing (ITO)

HCL has demonstrated significant growth momentum in the IT Outsourcing (ITO) space driven by integrated deals and large renewal opportunities.

- HCL has signed a multi-year IT infrastructure deal with a US based cable & communications services provider. HCL's global delivery center at Raleigh, North Carolina will be leveraged to deliver these services.
- HCL has won an IT Infrastructure contract from one of the world's leading manufacturing company for managing their IT Infrastructure. The scope of the engagement includes new technology roll-out and service provisioning from HCL service delivery centers in Poland, India and China.
- HCL has won a multi-year deal for application maintenance and development for a leading global media & entertainment company. As part of the engagement, HCL will be supporting applications for some of the critical business processes of the customer.
- HCL has signed a multi-year deal with one of the world's leading diagnostic testing companies to provide application development & testing services across multiple enterprise functions.
- HCL has been selected by a leading fixed-line and mobile telecom services provider in Europe to deliver transformation & re-engineering of business processes to deliver end-to-end customer lifecycle process management.
- HCL has signed a multi-year deal to manage and support IT Infrastructure and end user services of a leading global provider of Industrial Automation and Information solutions.
- HCL has signed a multi-year deal with one of Europe's largest Forestry, Paper & Packaging companies to provide IT end user support across multiple regions, including multi-lingual service desk, device management and onsite support.
- A leading European bank has further strengthened its strategic partnership with HCL by renewing its application support engagement for 10 years. Under this deal HCL will apply its next generation transformational solutions to drive further agility into the customer's application operations.
- HCL has signed an engagement with a top Australian University for IT portfolio assessment and optimization and IT Infrastructure and Cloud readiness assessment.
- HCL has been selected by a leading Australian Bank to implement a new Enterprise Payments Portal to improve payment processes.

THOUGHT LEADERSHIP

HCL received significant citations from influencer and analyst community in this quarter:

- HCL has been positioned as 'Leaders' in Gartner Magic Quadrant* for Communications Outsourcing and Professional Services, 4 November 2014 by Christine Tenneson, Eric Goodness, Bjarne Munch.
- HCL has been named a 'Leader' in IDC MarketScape: Worldwide Datacenter Transformation Consulting and Implementation Services 2014 Vendor Assessment, December 2014, (IDC #252910).
- HCL has been named a 'Leader' in IDC MarketScape: Worldwide Mobile Application Development and Testing Services 2014 Vendor Assessment, December 2014, (IDC #252565).
- HCL has been rated as a 'Leader' in The Forrester Wave™ for Global Infrastructure Outsourcing, Q1 2015 William Martorelli and Wolfgang Benkel, January 13, 2015, Forrester Research Inc. According to the report, "HCL enjoys a solid reputation for flexibility, cost-effectiveness, and technological capability, which gives it an extremely strong value proposition."
- IDC has written an exclusive case study titled "The HCL and Microsoft Mobile Oy story: IT operations for the third platform", October 2014 (IDC #QL57W). The reports stated, "The most important success factor for this project was cost reduction, which was achieved with HCL lowering the overall IT spend figure by over 50%. Additionally, HCL completed the complex transition and transformation exercise within the six-month target."
- HCL has been rated as a 'Star Performer' in Everest Group PEAK Matrix™ for Banking AO in Europe, 2014, Insurance AO 2014 and Infrastructure Services ITO, 2014.
- HCL has been recognized as 'Star Performer' in Capital Markets BPO in Everest's report "Capital Markets BPO Service Provider Landscape with PEAK Matrix™ Assessment 2014" published by Rajesh Ranjan - Partner, Anupam Jain - Practice Director, Manu Aggarwal – Senior Analyst, Amardeep Modi – Analyst, Everest Group, November 2014.

“We like these guys! We like HCL. We want them to succeed. So we’re willing to put time in to help them succeed. When you have a customer that’s willing to say that in front of 20 or so executives, it speaks of character and the status of that supplier or partner” – CIO of a North American high-tech manufacturing company.

Our Employees First, Customers Second management philosophy turns the traditional organizational pyramid upside down. At HCL, every employee is incentivized to think out of the box and every manager is accountable for nurturing these ideas to fruition with clients. The everyday innovation that this inspires, has helped create sustainable business value for our customers.

"The HCL Customer Advisory Council is one of the few areas where I feel there is a clear return on investment on my time. It is a great example of successful knowledge sharing among IT leaders and between them as a group and one of their IT partners (HCL)" – VP, IT & CIO of an American technology company.

ABOUT HCL TECHNOLOGIES

HCL Technologies is a leading global IT services company working with clients in the areas that impact and redefine the core of their businesses. Since its emergence on global landscape after its IPO in 1999, HCL has focused on 'transformational outsourcing', underlined by innovation and value creation, offering an integrated portfolio of services including software-led IT solutions, remote infrastructure management, engineering and R&D services and Business services. HCL leverages its extensive global offshore infrastructure and network of offices in 31 countries to provide holistic, multi-service delivery in key industry verticals including Financial Services, Manufacturing, Consumer Services, Public Services and Healthcare & Life sciences. HCL takes pride in its philosophy of 'Employees First, Customers Second' which empowers its 100,240 transformers to create real value for the customers. HCL Technologies, along with its subsidiaries, had consolidated revenues of US\$ 5.7 billion, as on 31st December 2014 (on CY basis). For more information, please visit www.hcltech.com

SAFE HARBOR STATEMENT

Certain statements in this release are forward-looking statements, which involve a number of risks, uncertainties, assumptions and other factors that could cause actual results to differ materially from those in such forward-looking statements. All statements, other than statements of historical fact are statements that could be deemed forward looking statements, including but not limited to the statements containing the words 'planned', 'expects', 'believes', 'strategy', 'opportunity', 'anticipates', 'hopes' or other similar words. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding impact of pending regulatory proceedings, fluctuations in earnings, our ability to manage growth, intense competition in IT services, Business Process Outsourcing and consulting services including those factors which may affect our cost advantage, wage increases in India, customer acceptances of our services, products and fee structures, our ability to attract and retain highly skilled professionals, our ability to integrate acquired assets in a cost effective and timely manner, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, the success of our brand development efforts, liability for damages on our service contracts, the success of the companies / entities in which we have made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property, other risks, uncertainties and general economic conditions affecting our industry. There can be no assurance that the forward looking statements made herein will prove to be accurate, and issuance of such forward looking statements should not be regarded as a representation by the Company, or any other person, that the objective and plans of the Company will be achieved. All forward looking statements made herein are based on information presently available to the management of the Company and the Company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the Company.
