Corporate Overview

The growth momentum of HCL Technologies continues with an exceptional Calendar Year and Quarter performance.

"Calendar 2012 has been an exceptional year for HCL. While the entire Industry saw a very difficult year, HCL fired on all cylinders. Our revenues grew 13%, profits grew 41% and operating margin expanded by 360 bps.

I am also very pleased to announce the elevation of Anant Gupta as the President and CEO of HCL Technologies. Vineet Nayar will continue as the Vice Chairman and Joint Managing Director of the company till July 2013 and as Vice Chairman thereafter.", said **Shiv Nadar, Chairman and Chief Strategy Officer, HCL Technologies.**

"On the back of this exceptional Calendar Year performance, our quarterly results demonstrate increasing momentum. In the OND quarter we grew 3.6% QoQ, our highest over the last 5 quarters and 13% year on year. Our EBIT Margin improved 400 bps over the year to reach 19.8%. Our net margin has improved for five straight quarters to reach 15.4%, and net income grew 59% YoY and 9.7% sequentially. All in all, this has been a quarter of great impetus which has placed HCL in a position of advantage for leveraging the changing market dynamics.", said **Vineet Nayar, Vice Chairman, HCL Technologies.**

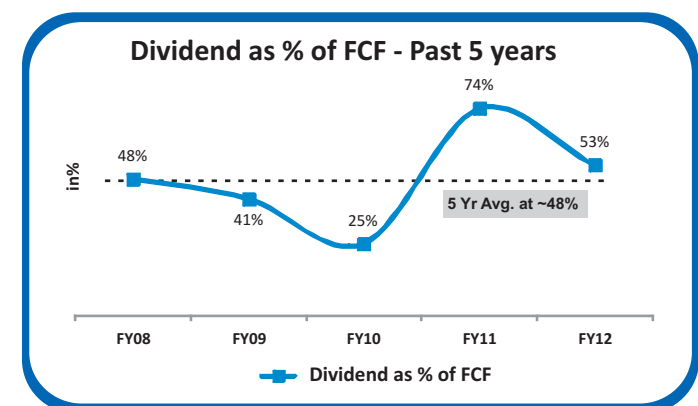

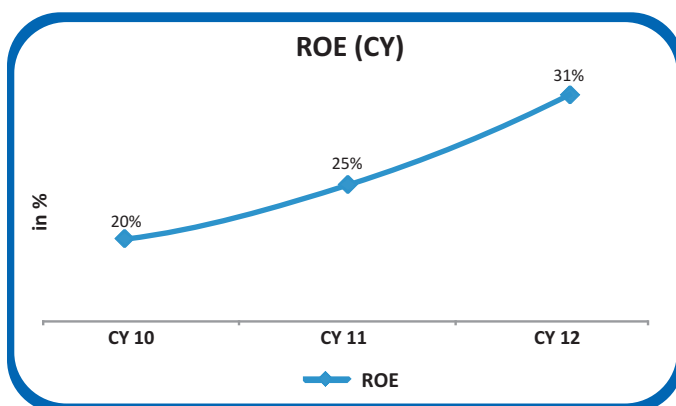

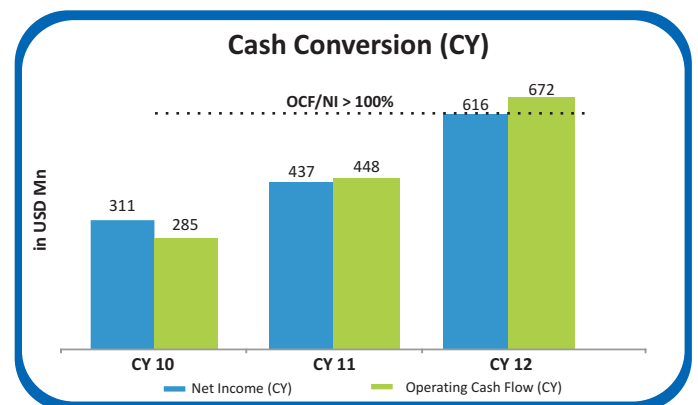

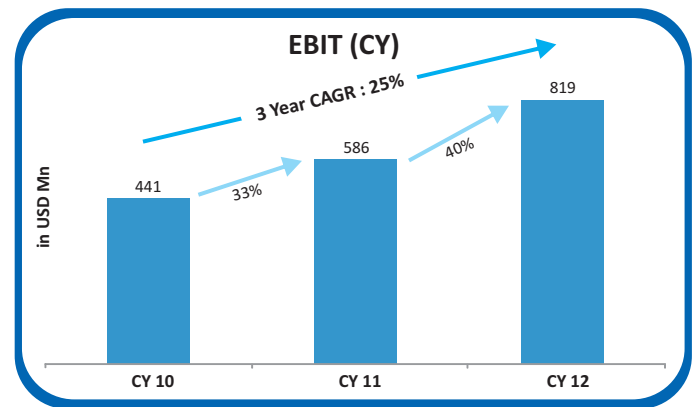

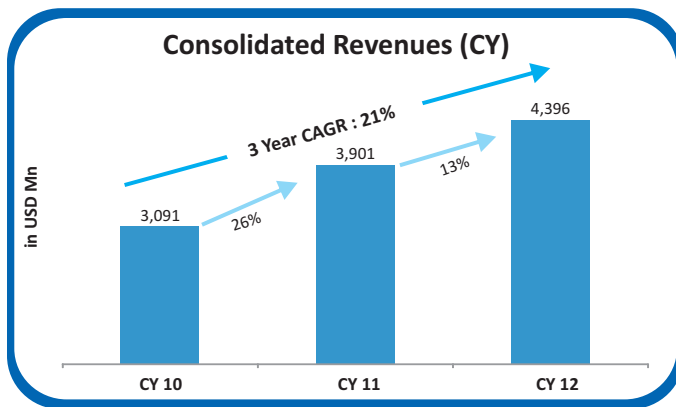

"Our growth this quarter was driven by Infrastructure and Financial Services, both growing in excess of 10% sequentially. Six large transformational deals have once again given us a billion dollar booking quarter. On the back of this industry-leading performance HCL is now ready to redefine the market with its Alternative Outsourcing (AO) model. The AO approach consists of business-outcome aligned IT services delivered through alternate delivery models like XaaS.", said **Anant Gupta, President & CEO, HCL Technologies.**

"HCL has continued to demonstrate industry leading growth with superior returns to its shareholders. The annualized return on equity this quarter has been at 35%. The cash generation backed by higher profitability and efficient working capital management continued to be robust. During the 6 months ended 31st December, 2012, the operating cash flow to net income has been 95% while the free cash flow to EBITDA has been more than 50%. This quarter HCL completes 10 straight years of quarterly dividend pay-out.", said **Anil Chanana, Chief Financial Officer, HCL Technologies.**

Transformational and Blue Chip Customer Acquisition

HCL has won 12 multi-year, multi-million dollar deals with Fortune500/Global 2000 corporations this quarter, six of which are large integrated engagements. A majority of these engagements are from Americas and Europe.

Key Engagements

This quarter saw many significant engagements signed across the world reiterating a continued relevance of HCL's integrated suite of services.

- HCL has entered into a multi-year, multi-regional end-to-end IT Infrastructure management outsourcing services agreement with a leading Fortune 500 mobile and communication services provider.
- HCL has signed a large IT infrastructure services engagement with a US based market research and business information services company.
- HCL has signed a multi-year application services engagement with a Fortune 500 provider of diagnostic testing services to provide application development, testing & support services.
- HCL has won a multi-year contract from a Fortune 500 Consumer packaging company for supporting its Oracle Deployment rollout among various plant locations in US.
- HCL has been selected by a US based financial services company for a strategic SAP deployment initiative that will improve efficiencies and enhance analytical capability, reduce system life-cycle costs through minimal customization among other efforts.
- HCL has entered into a strategic product engineering and R&D engagement with one of the largest Automotive Infotainment supplier in Japan to support its Asia Pacific customer base. HCL is building next generation navigation prototypes for leading automotive majors through this engagement and is on course to build a multi-year ODC partnership to support all infotainment initiatives in the region.
- HCL has been selected by a leading US based beverage company for a large transformation program for their legacy applications migration.
- HCL has been chosen by a leading US based Healthcare products and services provider to customize its Electronic Health Record product, enhance flagship Practice Management product and provide maintenance support to two of its legacy products through end-of-life.
- HCL has been chosen by a leading provider of unit-linked life insurances in Europe for providing testing services for its entire applications suite as well as setting up of a dedicated Test Factory.
- HCL has been chosen by a US based Fortune 500 provider of transportation, logistics and supply chain management solutions for Application Management and Support Services.
- HCL has signed a deal with one of the largest US headquartered healthcare companies for Service cloud implementation. The deal involves extensive data migration, system upgrades and multiple languages support.

Thought Leadership

- Technology Business Research Inc. (TBR), a leading independent technology market research and consulting firm, has released a report titled '*Commitment to relationships and employee investment make HCL the exception to the rule*'. The Report highlights HCL's people-centric strategy as its competitive differentiator. It cites HCL's "unrelenting focus on investing in its people", strong "management bench strength" and innovative systems that allow employees to generate value for customers, as its core differentiators in the market. The Report notes that this focus has resulted in building strong client relationships which have enabled a robust growth momentum for HCL.
- Leading Analyst group 'Frost & Sullivan' has released a 'Best Practice Guidebook' profiling HCL's Employees First, Customers Second (EFCS) philosophy as a successful case-study of business model transformation. The report titled 'Business Model Transformation: empowering employees to focus on the customer' chronicles in detail the execution successes of HCL's growth story led by EFCS and how other companies can apply the same model to transform their business.
- 'Employees First, Customers Second – turning conventional management wisdom upside down' (HBP. June 2010), the book authored by Vineet Nayar, Vice Chairman, HCL Technologies bagged two prestigious management book prizes in France – 'The Olivier Lecerf Award' and 'The Foundation Manpower - HEC prize'. 'The Olivier Lecerf Award' named after the former CEO and Chairman of Lafarge recognizes CEOs who have contributed to innovative management through books they have written themselves. 'The Foundation Manpower- HEC Prize' recognizes authors who have contributed to innovative management practices.
- HCL has won the '2012 Optimas Award for Global Outlook' in recognition of its 'Working Across Borders', program aimed at incubating an inclusive work-culture.
- HCL's Customer Advisory Council has been honored with the "Forrester Groundswell Award" in the 'Business-to-Business Embracing' category at the Forrester eBusiness Forum held in , Chicago in October 2012. HCL Customer Advisory Council (CAC) is a global collaborative platform where HCL's major C-level customers and thought leaders convene bi-annually.
- HCL organized the 'O2 - League of the extraordinary' event to recognize its 'Outstanding' employees across the world. The O2 platform has been designed to recognize and applaud the company's top performers and their extraordinary contributions.
- HCL's Consumer Services, Manufacturing, Public Services and Health Care is the world's first organizational unit which is successfully appraised for CMMI Level 5 (Development & Services + SSD) V 1.3 covering all Custom Application Service lines. The assessment was done by KPMG in October-November 2012.
- HCL organized its Industry Analyst & Advisor Day 2012 'Insight HCL', in Boston and London where its achievements over the last two years and the company's broad strategy going forward were highlighted. The event was attended by 25 customers, over 166 industry analysts and 35 HCL leaders.
- HCL has signed a global partnership agreement with SAP to offer a mobility-related offering called 'Managed Mobility.' This includes Road Mapping, Mobile Application Development, Mobile Application Management, Mobile Application Testing and Mobility Outsourcing. The agreement enables HCL to resell and host SAP Mobility Platform (Sybase Unwire Platform, Afaria and Syclo) licenses.
- HCL has developed 'FinEdge Wealth', a wealth management solution on MS Dynamics CRM. The FinEdge Wealth CRM solution will enable wealth management companies to track and manage customer interactions and adapt programs to changing customer market segments.

Market leadership

- HCL has been named as a 'Market Leader' in the report titled "Achieving Market Leadership in Engineering and R&D Services" published in Oct 2012 by Frost & Sullivan. HCL emerged as the strongest India-centric Engineering Services Outsourcing Provider in this report that was attributed to its noteworthy market performance.
- HCL has been awarded the '2012 Leadership Awards for the Embedded/VLSI Industry', for 'Outstanding Contribution to VLSI/ Embedded Design Industry – Corporate' by leading media group SiliconIndia.
- HCL has been mentioned in the list of TOP 5 Service Providers for the UK Industry Specific Insurance BPO market by Full Time Employees (FTE) Scale in Everest's Report "Insurance Business Process Outsourcing (BPO) Market, 2011-2012 Annual Report".
- HCL has been mentioned in the list of Top 15 ITO & BPO Service Providers based on Year To Date (YTD) 2012 Annualized Contract Value (ACV) in ISG's report "The TPI Index Global Sourcing Market Data and Insights Third Quarter 2012."

Best in-class customer satisfaction

- HCL has received the '2012 Service Excellence award' from Brocade, a leader in Data Center Networking Solutions, in recognition of its significant contribution and commitment to providing multi-domain services to Brocade.
- HCL has been crowned CEVA's 'Global Supplier of the Year' in recognition of the support it has provided in the "delivery of three of CEVA's five strategic priorities in the last 12 months for true commitment to working in partnership".

Diversity and Sustainability

- HCL unveiled its second Corporate Sustainability Report under the Global Reporting Initiative (GRI) 3.1 framework. The Sustainability Report showcases the manner in which HCL has continued to leverage its core competencies, people, values and 'Employees First, Customers Second' culture to reinforce its commitment to the ecosystem including environment and the diverse communities.
- HCL participated in the Carbon Disclosure Project (CDP) India for the second consecutive year in 2012 and received a rating of 66/100, which is above the industry average. HCL scored higher than average in the categories of Risk Mitigation, Emission Reporting and Management and Stakeholder Engagement and Verification. CDP is an independent not-for-profit organization working to drive greenhouse gas emissions reduction and sustainable water use by business and cities.
- HCL unleashed a women empowerment initiative 'Badhtey Kadam' for women from HCL Youth Centers with the objective of uplifting their lives by providing education and fostering economic independence.
- HCL launched 'Ability Connect', an affinity network that would focus on creating an inclusive workplace for specially-abled persons. This initiative is a step towards creating awareness among employees on inclusion at workplace. The quarter also witnessed the launch of 'Pukaar' for integrating persons with hearing impairments into the mainstream. HCL additionally focused recruitment drives for absorbing persons with special abilities into the workforce.

About HCL Technologies

HCL Technologies is a leading global IT services company, working with clients in the areas that impact and redefine the core of their businesses. Since its inception into the global landscape after its IPO in 1999, HCL focuses on 'transformational outsourcing', underlined by innovation and value creation, and offers integrated portfolio of services including software-led IT solutions, remote infrastructure management, engineering and R&D services and BPO. HCL leverages its extensive global offshore infrastructure and network of offices in 31 countries to provide holistic, multi-service delivery in key industry verticals including Financial Services, Manufacturing, Consumer Services, Public Services and Healthcare. HCL takes pride in its philosophy of 'Employees First, Customers Second' which empowers our 85,194 transformers to create a real value for the customers. HCL Technologies, along with its subsidiaries, had consolidated revenues of US\$ 4.4 billion (₹ 23,499 crores), as on 31st Dec 2012 (on LTM basis). For more information, please visit www.hcltech.com

About HCL Enterprise

HCL is a \$6.2 billion leading global technology and IT enterprise comprising two companies listed in India - HCL Technologies and HCL Infosystems. Founded in 1976, HCL is one of India's original IT garage start-ups. A pioneer of modern computing, HCL is a global transformational enterprise today. Its range of offerings includes product engineering, custom & package applications, BPO, IT infrastructure services, IT hardware, systems integration, and distribution of information and communications technology (ICT) products across a wide range of focused industry verticals. The HCL team consists of over 90,000 professionals of diverse nationalities, who operate from 31 countries including over 500 points of presence in India. For more information, please visit www.hcl.com

Forward-looking Statements

Certain statements in this release are forward-looking statements, which involve a number of risks, uncertainties, assumptions and other factors that could cause actual results to differ materially from those in such forward-looking statements. All statements, other than statements of historical fact are statements that could be deemed forward looking statements, including but not limited to the statements containing the words 'planned', 'expects', 'believes', 'strategy', 'opportunity', 'anticipates', 'hopes' or other similar words. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding impact of pending regulatory proceedings, fluctuations in earnings, our ability to manage growth, intense competition in IT services, Business Process Outsourcing and consulting services including those factors which may affect our cost advantage, wage increases in India, customer acceptances of our services, products and fee structures, our ability to attract and retain highly skilled professionals, our ability to integrate acquired assets in a cost effective and timely manner, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, the success of our brand development efforts, liability for damages on our service contracts, the success of the companies / entities in which we have made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property, other risks, uncertainties and general economic conditions affecting our industry. There can be no assurance that the forward looking statements made herein will prove to be accurate, and issuance of such forward looking statements should not be regarded as a representation by the Company, or any other person, that the objective and plans of the Company will be achieved. All forward looking statements made herein are based on information presently available to the management of the Company and the Company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the Company.
