

HCL

CloudSMART for SAP

Reimagine your business smartly

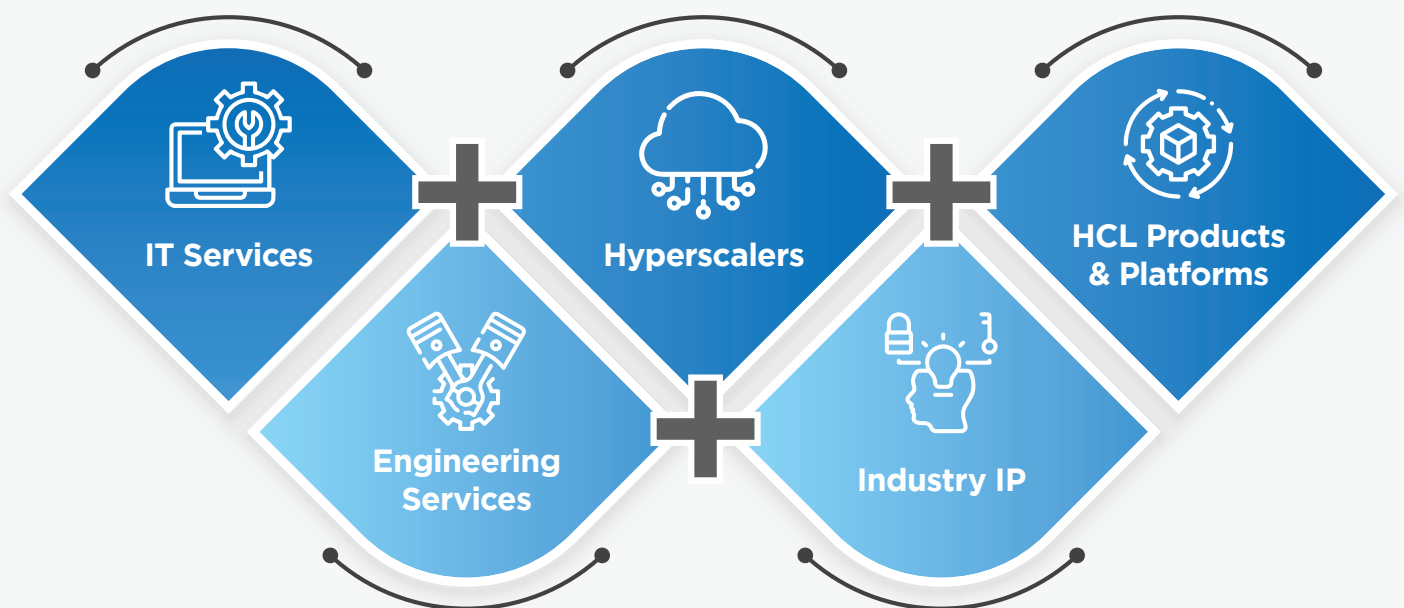

www.hcltech.com

Introduction

A next-generation global technology company, HCL Technologies Ltd. helps enterprises transform their businesses for the digital age. The company's technology products and services are built on four decades of innovation, with a world-renowned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on customer relationships. HCL is also a global strategic SAP partner with more than 25 years of experience leading complex transformation programs using SAP software.

Being Cloud Smart is about accelerating transformation and maximizing business value from cloud in alignment with industry needs, organizational goals & unique customer conditions.

Power of convergence

HCL's CloudSMART for SAP is a full stack offering to simplify and accelerate an organization's cloud transformation journey leveraging HCL's accelerators and solutions. This framework includes shifting SAP workloads to the cloud, digital transformation to SAP S/4HANA, adopting cloud-native applications, TechOps, Cloud Application Services (CAS), and Application Management Services (AMS). Key to this transformation journey are cloud transformation elements that simplify the journey and help to create a resilient digital enterprise by modernizing applications.

HCL

HCL Technologies (HCL) empowers global enterprises with technology for the next decade today. HCL's Mode 1-2-3 strategy, through its deep-domain industry expertise, customer-centricity and entrepreneurial culture of ideapreneurship™ enables businesses to transform into next-gen enterprises.

HCL offers its services and products through three lines of business - IT and Business Services (ITBS), Engineering and R&D Services (ERS), and Products & Platforms (P&P). ITBS enables global enterprises to transform their businesses through offerings in areas of Applications, Infrastructure, Digital Process Operations, and next generation digital transformation solutions. ERS offers engineering services and solutions in all aspects of product development and platform engineering while under P&P. HCL provides modernized software products to global clients for their technology and industry specific requirements. Through its cutting-edge co-innovation labs, global delivery capabilities, and broad global network, HCL delivers holistic services in various industry verticals, categorized under Financial Services, Manufacturing, Technology & Services, Telecom & Media, Retail & CPG, Life Sciences, and Healthcare and Public Services.

As a leading global technology company, HCL takes pride in its diversity, social responsibility, sustainability, and education initiatives. As of 12 months ending on March 31, 2022, HCL has a consolidated revenue of US \$ 11.48 billion and its 209,000 ideapreneurs operate out of 52 countries. For more information, visit www.hcltech.com
