

# CloudSMART for SAP

Reimagine your business smartly

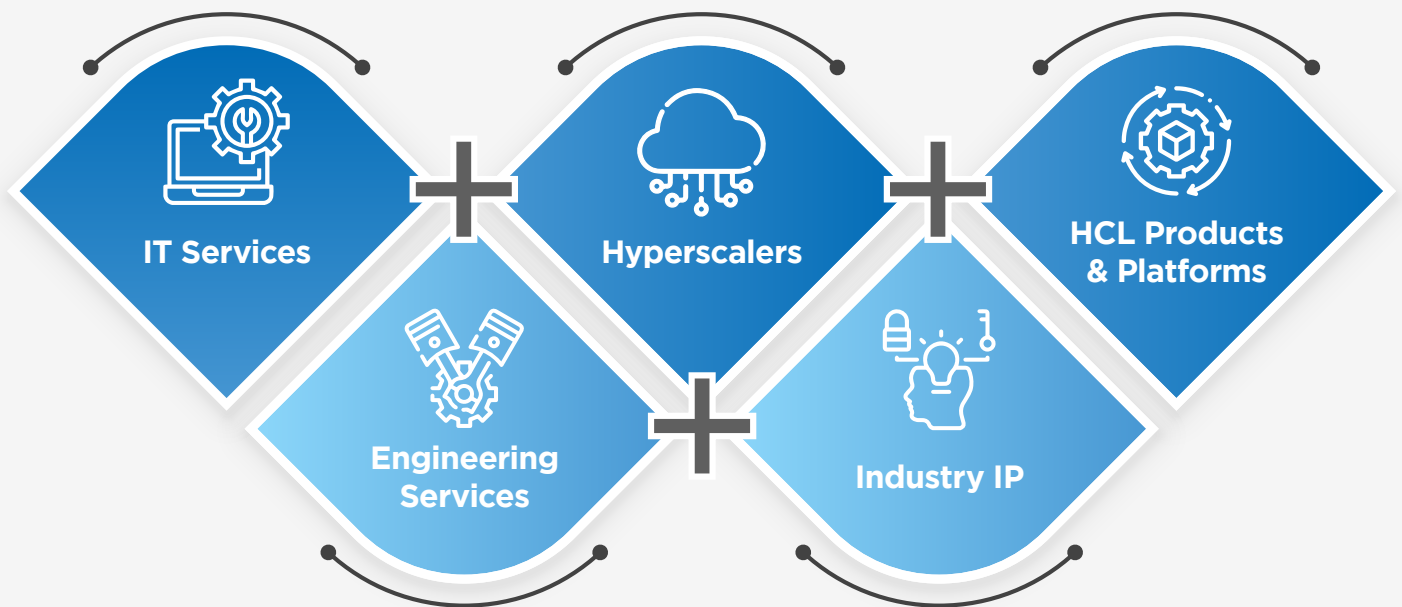

# Introduction

A next-generation global technology company, HCL Technologies Ltd. helps enterprises transform their businesses for the digital age. The company's technology products and services are built on four decades of innovation, with a world-renowned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on customer relationships. HCL is also a SAP global strategic service partner with more than 25 years of experience leading complex transformation programs using SAP software.

Being CloudSMART is about accelerating transformation and maximizing business value from cloud in alignment with industry needs, organizational goals & unique customer conditions.

## Power of convergence

HCL's CloudSMART for SAP is a full stack offering to simplify and accelerate an organization's cloud transformation journey leveraging HCL's accelerators and solutions. This framework includes shifting SAP workloads to the cloud, digital transformation to SAP S/4HANA, adopting cloud-native applications, TechOps, Cloud Application Services (CAS), and Application Management Services (AMS). Key to this transformation journey are cloud transformation elements that simplify the journey and help to create a resilient digital enterprise by modernizing applications.

# CloudSMART for SAP is centered on a framework that reduces risk and increases value in **3 key phases**

## **Simplify** To the Cloud

The workloads are securely migrated on to Cloud platform. We leverage a consistent approach, our internal IP's and solutions to reduce complexity and mitigate risk

## **Accelerate** In the Cloud

The enterprises become agile with the digital transformation to SAP S/4HANA on Cloud, in an accelerated timeframe and enable automation of routine processes

## **Innovate** From the Cloud

Outdated applications & services are modernized to reap the benefits of Cloud migration. Cloud native solutions with micro-services based architecture are implemented for differentiated & decoupled non-core processes

All our IP's and Accelerators are aligned to these three phases of Transformation Journey to Cloud.

# CloudSMART for SAP Offerings

## Cloud Migration

ASM2.0 for RISE with SAP with SAP with Agile DevSecOps

Cloud Management Services ODC | PCE | Extended Edition Essentials

## Industry Cloud Solutions

SAP Implementation Services Greenfield Brownfield Conversion | SDT

# Customer Engagement Journeys

## CloudSMART for SAP

Customer Type	Entry Point / Engagement Offering
<b>Infra Customer</b>	Cloud Advisory Architecture
	Cloud Migration Assessment
	Rightsizing & Archiving Assessment
	MOSAIC License Assessment
	“RISE with SAP with SAP” Overview Workshop
<b>AMS Customer</b>	Data Quality Assessment
	HANASmart Code Assessment for Conversion
	Business Process Insights Process Mining
<b>Transformation Customer</b>	SAP Value Starter Workshop
	S/4HANA Functional Overview Assessment
	Value Sentinel Business Case
	CloudSMART Elevate Assessment

# Our solutions

## **HCL Mosaic (FinOPS for SAP)**

License analyzer and predictability tool for RISE with SAP customers

## **Grass-to-Glass (Dairy)**

A state-of-the-art platform assisting farmers to increase milk production, by real time strategic and tactical individual bovine management

## **HCL Smart Warehousing**

The next generation smart track and trace solution providing a holistic and real time view of asset movement and warehouse management.

## **iXm (Telcom 5G)**

An all-in-one solution for telecom operators that provides advance real-time network and device monitoring. iXm is also recognized as SAP Industry Cloud solution for its support on 5G and FTTH.

## **Employee wellness & productivity**

Ensure employee wellness and drive higher member / vendor productivity leveraging Nippon buddy for SAP. The solution is a contactless and automated solution that accurately captures effort and output data, keeping employee privacy at its core.

# Our SAP Key Differentiators: Industry and Process Expertise

## Life Sciences

**HCL BASE90 S/4 Pharma Industry Template**  
designed for Accelerating SAP S/4HANA Projects

**SCARF**  
Analytics dashboard SCP App, bringing together supply chain, regulatory and technical change data

**SAP Supply Chain Segmentation Co-Innovation in SAP S/4HANA**  
allows companies to execute Supply Chain processes at a low level of granularity, driving higher global regulatory compliance, lowering TCO

## Aerospace & Defence

**GEN2IMRO S/4HANA Solex (Solution extension),**  
the first version of iMRO to be sold on the SAP price list

**HCL BASE90 A&D Company for SAP S/4HANA-**  
The only SAP certified A&D best practices for S/4HANA. Extends SAP's technology by adding SAP industry-specific preconfigured templates, configuration and enhancements

## Manufacturing

**HCL BASE90**  
extended to system and component suppliers, defense contractors, industrial, detection, construction and medical equipment, and machinery manufacturers

**Smart Logistics for High Value Assets**  
manages inventory and integrity of assets in real time using Leonardo, HANA, Blockchain & SCP

**Global Scrap Log on Blockchain**  
Cloud Foundry App, standard integration with SAP S/4HANA

## Retail & CPG

### HCL's Retail-as-a-Service

solution enables organizations to launch an online presence quickly and with minimal upfront investment - built on SAP S/4HANA, C/4HANA, SCP; Leonardo, & HCL Payment Gateway

**HCL Base90 CPG Foods Template** for accelerating SAP S/4HANA Projects

## Oil & Gas

**HCL BASE90 for Utilities (Engage) 2.0**, a reusable industry template, built on the latest SAP platforms including: SAP S/4HANA, C/4HANA, and SAP Cloud Platform, adopting leading technologies such as IOT, Automation, and Machine Learning

**GOil & Gas EAM**  
Solution based on iMRO

## Utilities

**HCL BASE90 for Utilities (Engage) 2.0**, a reusable industry template, built on the latest SAP platforms including: SAP S/4HANA, C/4HANA, and SAP Cloud Platform, adopting leading technologies such as IOT, Automation, and Machine Learning

**GOil & Gas EAM**  
Solution based on iMRO

**HCL**

HCL Technologies (HCL) empowers global enterprises with technology for the next decade today. HCL's Mode 1-2-3 strategy, through its deep-domain industry expertise, customer-centricity and entrepreneurial culture of ideapreneurship™ enables businesses to transform into next-gen enterprises.

HCL offers its services and products through three lines of business - IT and Business Services (ITBS), Engineering and R&D Services (ERS), and Products & Platforms (P&P). ITBS enables global enterprises to transform their businesses through offerings in areas of Applications, Infrastructure, Digital Process Operations, and next generation digital transformation solutions. ERS offers engineering services and solutions in all aspects of product development and platform engineering while under P&P. HCL provides modernized software products to global clients for their technology and industry specific requirements. Through its cutting-edge co-innovation labs, global delivery capabilities, and broad global network, HCL delivers holistic services in various industry verticals, categorized under Financial Services, Manufacturing, Technology & Services, Telecom & Media, Retail & CPG, Life Sciences, and Healthcare and Public Services.

As a leading global technology company, HCL takes pride in its diversity, social responsibility, sustainability, and education initiatives. As of 12 months ending on March 31, 2022, HCL has a consolidated revenue of US \$ 11.48 billion and its 209,000 ideapreneurs operate out of 52 countries.
