

Hybrid Cloud Business Unit

Navigating your journey to cloud

Introduction

HCL CloudSmart is a suite of industry-aligned offerings, capabilities, products, and cloud platforms that can be consumed in a XaaS model. Leveraging a strong digital foundation, we work towards creating an adaptive portfolio of innovative cloud services driven by intelligent automation and a powerful collaboration with AWS to address customers' specific business objectives. With HCL CloudSmart, your digital enterprise is future-ready with the following key tenets to offer:

Cloud consulting

Design and architect

Build and migrate

Application management

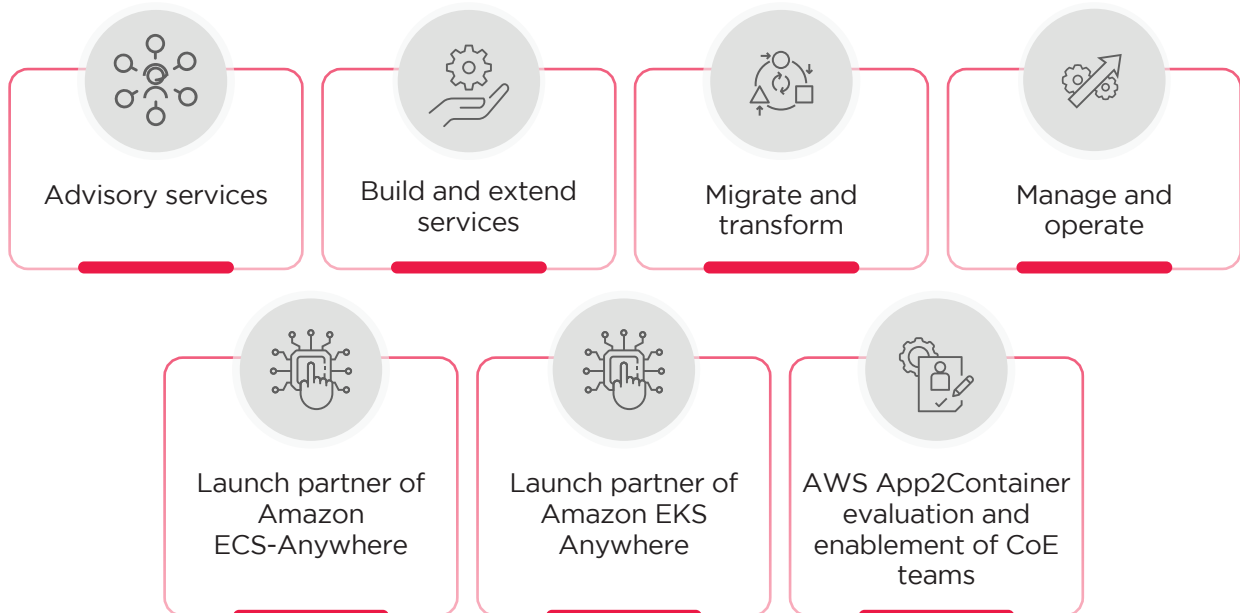

Operate and optimize

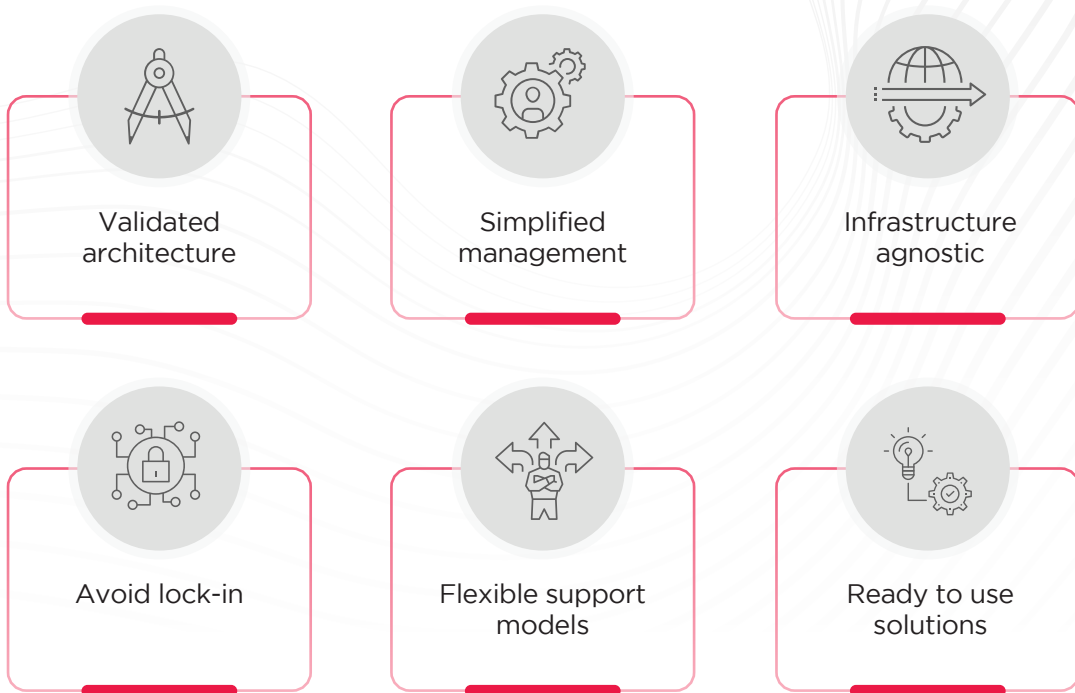

Cloud security

ContainerizIT

ContainerizIT provides end-to-end cloud services covering consulting, build, migration, and enterprise operations to adopt containers in hybrid cloud environments with confidence.

Features

Benefits

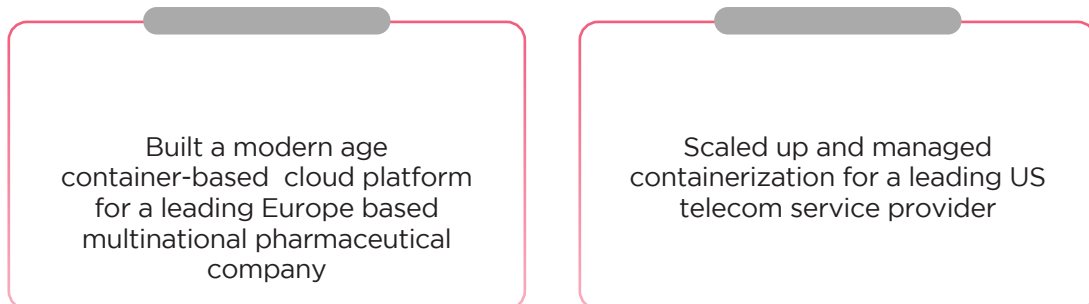

Up to 30% savings on cloud compute costs and operational expenses

Achieve greater portability and availability with minimum service disruption

10x faster application rollouts resulting in faster time to market

Production grade solutions with container security, unified management and hybrid-cloud capabilities baked-in

Success stories

HCL Technologies (HCL) empowers global enterprises with technology for the next decade today. HCL's Mode 1-2-3 strategy, through its deep-domain industry expertise, customer-centricity and entrepreneurial culture of ideapreneurship™ enables businesses to transform into next-gen enterprises.

HCL offers its services and products through three lines of business - IT and Business Services (ITBS), Engineering and R&D Services (ERS), and Products & Platforms (P&P). ITBS enables global enterprises to transform their businesses through offerings in areas of Applications, Infrastructure, Digital Process Operations, and next generation digital transformation solutions. ERS offers engineering services and solutions in all aspects of product development and platform engineering while under P&P. HCL provides modernized software products to global clients for their technology and industry specific requirements. Through its cutting-edge co-innovation labs, global delivery capabilities, and broad global network, HCL delivers holistic services in various industry verticals, categorized under Financial Services, Manufacturing, Technology & Services, Telecom & Media, Retail & CPG, Life Sciences, and Healthcare and Public Services.

As a leading global technology company, HCL takes pride in its diversity, social responsibility, sustainability, and education initiatives. As of 12 months ending on September 30, 2021, HCL has a consolidated revenue of US\$ 10.82 billion and its 187,634 ideapreneurs operate out of 50 countries.
