

HCL

HCL and Oracle: Building Digital Enterprise with Oracle Cloud

Reinventing The Core And Reframing The Future

Reinventing the core

HCL's Oracle Services address all your business needs for Oracle On-Premise applications such as Oracle EBS, PeopleSoft & JDE. With end-to-end expertise across the entire Oracle stack, we can maximize the value of your existing investment and enable you to reduce your Oracle running costs leveraging Automation, Lift & Shift to Cloud and perform accelerated and safe upgrades.

Reframing the future

Oracle Cloud is the industry's broadest and most complete cloud application suite and cloud platform offering best-in-class services across Software as a Service (SaaS), Platform as a Service (PaaS) and Infrastructure as a Service (IaaS). HCL is a platinum partner of Oracle and has advanced specialization in Oracle ERP Cloud, with multiple ongoing engagements. Examples include a large financial institution where we are transforming financials from legacy into Oracle ERP Cloud and migrating processes from Oracle EBS into Oracle ERP cloud for a media company.

The HCL advantage

A-Team:

Oracle Certified Implementation specialists with deep industry and product expertise

Accelerated Cloud Methodology:

5D methodology features quick-start, multiple show-and-tell and layered change management to drive adoption

Delivery Accelerators:

HCL Technologies (HCL) empowers global enterprises with technology for the next decade today. HCL's Mode 1-2-3 strategy, through its deep-domain industry expertise, customer-centricity and entrepreneurial culture of ideapreneurship™ enables businesses to transform into next-gen enterprises.

HCL offers its services and products through three lines of business - IT and Business Services (ITBS), Engineering and R&D Services (ERS), and Products & Platforms (P&P). ITBS enables global enterprises to transform their businesses through offerings in areas of Applications, Infrastructure, Digital Process Operations, and next generation digital transformation solutions. ERS offers engineering services and solutions in all aspects of product development and platform engineering while under P&P. HCL provides modernized software products to global clients for their technology and industry specific requirements.

Through its cutting-edge co-innovation labs, global delivery capabilities, and broad global network, HCL delivers holistic services in various industry verticals, categorized under Financial Services, Manufacturing, Technology & Services, Telecom & Media, Retail & CPG, Life Sciences, and Healthcare and Public Services.

As a leading global technology company, HCL takes pride in its diversity, social responsibility, sustainability, and education initiatives. As of 12 months ending on March 31, 2020, HCL has a consolidated revenue of US\$ 9.94 billion and its 150,000+ ideapreneurs operate out of 46 countries. For more information, visit www.hcltech.com
