

Powering the service-oriented enterprise by leveraging ISV Migration Factory

Streamlined success through a tailored framework

What does HCL offer you?

- Comprehensive and tailored model for ISV (independent software vendor) migration to public cloud and subsequent SaaS enablement
- Option of migration to an environment of choice or to a transformed/upgraded platform (e.g. VM to Containers / Microservices architecture)
- Flexible & customizable strategy and engagement model. No 'one-size-fits-all' approach
- 360-degree coverage of all stakeholders (ISV, ISV's customer, hyperscaler)

Our services

Consulting

Roadmap definition

Migration

Deployment

Customer on-boarding

Sustain & maintain operations

What makes us unique?

MVP model

Build to deliver

Outcome-based pricing

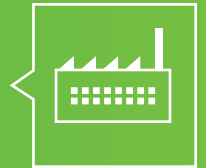

Multi-party ecosystem

Advisory & strategy-led approach

Industrialized/factory model

Next Gen platforms
(containers, microservices,
serverless)
