Building the future of fintech

An engineering heritage

Deep expertise in all areas of fintech – banking tech, investment tech, regulatory tech and insurance tech

Working with 12 out of top 25 global fintech firms

Product innovation through our network of **60+** innovation and engineering experience centers

A diverse partnership ecosystem

We re-engineer legacy products for the cloud and enhancing user experience. Our expertise spans the breadth of fintech requirements.

We accelerate your **time to market** and **time to monetize** for products and platforms when you adopt a digital-led transformation with HCLTech.

Fintech offerings

We offer a dynamic range of solutions to accelerate digital transformation for fintech and financial services organizations.

- We have a dedicated business unit for Avaloq and Temenos to support fintechs in scaling.
- We accelerate product engineering to upgrade and sustain complex next-generation products and systems.
- We accelerate client base growth through aligned GTM plans, investments and new offerings.
- We adopt a factory model approach for improved efficiency in product implementation.

Fintech delivery ecosystem

Fintech and co-innovation centers

Our global network of 60+ innovation centers provides unique standalone entrepreneurial environments in which business stakeholders and end-users can engage directly with research, design and development teams.

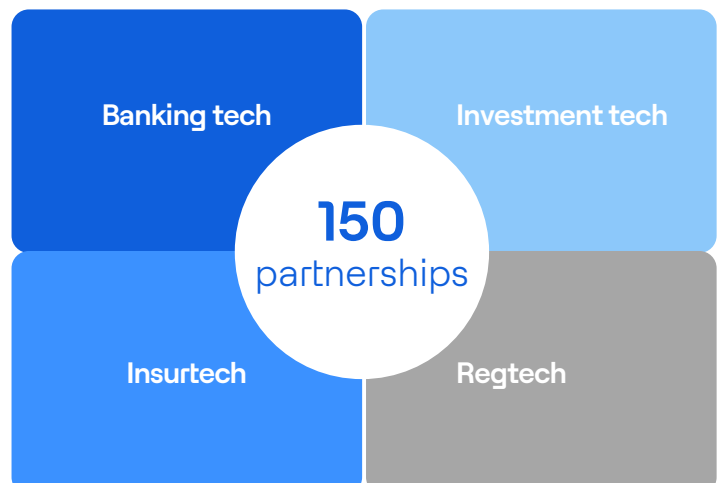

Our 60+ innovation centers are located in places like

- Frankfurt
- Berlin
- London
- Bucharest
- The Hague
- Amsterdam
- Bengaluru
- Pune
- Chennai
- Singapore

Partnership ecosystem

We have a rich partnership ecosystem with leading fintech and product software firms across investment tech, regulatory tech and insurance tech.
