HCLTech 5G Core Policy Control Function	Yes	Production and non-production licenses are available
HCLTech 5G Core Charging Gateway Function	Yes	Production and non-production licenses are available

* Any product sold as E-LTU, or E-Media shall be delivered electronically regardless of any contrary designation in a purchase order.

Definitions

Capitalized terms not otherwise defined in this ALA document are defined in the governing agreement.

Term	Definition
Active Users	Means a uniquely identified subscriber, provisioned in the database, who registered and generated related network messages over 3 months for charging control or/and policy control
E-LTU and E-Media	Means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on your purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
LTU	Means License to Use.
Optional Feature	Means any feature not covered under the base active subscriber license. Optional features include but not limited to the following policy or/and charging features such as Account Balance Manager, 4G charging and 4G policy, policy and IMS policy, and others.
Use	Means to install, store, load, run, and display one copy of the software.
Non-Production/Non-Commercial Environment	A system or a set of systems which have an HCLTech product installed and is running some or all of the product processes to be used for collecting data, implementing product logic, or sending/receiving messages in a testing or development (non-commercial use) environment.
Consumption	Right to use the software for a limited period of time with variable capacity, reported in arrears and with potential renewal upon term expiration.
Subscription	Right to use the software for a limited period, with up-front defined fixed capacity and with potential renewal upon term expiration.
BCS	Business Critical Support: 24x7 HCLTech CMS Business support offer

Software specific license terms

Software products with software specific license terms are described below.

License types

Charging and policy licenses are offered as:

- Perpetual licenses
- Subscription licenses
- Consumption licenses

Charging and policy software require a separate license to a third-party database and a separate license to an in-memory database to operate. These licenses are available through HCLTech.

HCLTech 5G Core Charging Function (HCLTech CHF)

Offering	License terms	License type
HCLTech CHF Perpetual	The HCLTech CHF Perpetual offering is based on: <ul style="list-style-type: none"> • Active users • Optional features 	Perpetual
HCLTech CHF Subscription fee	In the Subscription license model, HCLTech CHF can be sold as Limited Term license for 1 year or 3 years. The customer has the option to renew the Term license before expiry. For the commercial CHF subscription offering, HCLTech BCS 24x7 support level is included. The subscription non-commercial license for HCLTech CHF gives the right to use the CHF during a period one year for test or trial only with 9x5 support level for up to 100 active subscribers. The license enables a single instance of the HCLTech CHF setup mode. Invoicing occurs at the beginning of the subscription.	Subscription
HCLTech CHF Consumption fee	This license gives the right to use the HCLTech CHF during a limited period with HCLTech BCS 24x7 support level, with a minimal term of 3 months to be extended or renewed. The consumption fee will be calculated on a monthly basis, based on the number of active users managed by the platform during the month, and invoicing will occur quarterly in arrears based on the usage. Interfering or disabling any software designed to allow HCLTech to monitor consumption will be a material breach of this license. After termination of the consumption contract, the customer has no further rights to use the HCLTech CHF software. The minimum number of active users charged per month is 50,000.	Consumption

HCLTech 5G Core Policy Control Function (HCLTech PCF)

Offering	License terms	License type
HCLTech PCF Perpetual	The HCLTech PCF Perpetual offering is based on: <ul style="list-style-type: none"> • Active users • Optional features 	Perpetual
HCLTech PCF Subscription fee	In the Subscription license model, HCLTech PCF can be sold as Limited Term license for 1 year or 3 years. The customer has the option to renew the Term license before expiry. For the commercial PCF subscription offering, HCLTech BCS 24x7 support level is included. The subscription non-commercial license for HCLTech PCF gives the right to use the PCF during a period one year for test or trial only with 9x5 support level for up to 100 active subscribers. The license enables a single instance of the HCLTech PCF setup mode. Invoicing occurs at the beginning of the subscription.	Subscription

HCLTech 5G Core Policy Control Function (HCLTech PCF) (continued)

Offering	License terms	License type
HCLTech PCF Consumption fee	This license gives the right to use the HCLTech PCF during a limited period with HCLTech BCS 24x7 support level, with a minimal term of 3 months to be extended or renewed. The consumption fee will be calculated on a monthly basis, based on the number of active users managed by the platform during the month, and invoicing will occur quarterly in arrears based on the usage. Interfering or disabling any software designed to allow HCLTech to monitor consumption will be a material breach of this license. After termination of the consumption contract, the customer has no further rights to use the HCLTech PCF software. The minimum number of active users charged per month is 50,000.	Consumption
