

# Additional License Authorizations

For HCLTech CTG Entitlement software products

## Products and Suites Covered

Products	E-LTU or E-Media available*	Non-production use category
HCLTech Device Entitlement Gateway (HCLTech DEG)	Yes	Production and non-production licenses are available

\* Any product sold as E-LTU or E-Media shall be delivered electronically regardless of any contrary designation in a purchase order.

## Definitions

Capitalized terms not otherwise defined in this ALA document are defined in the governing agreement.

Term	Definition
<b>E-LTU and E-Media</b>	means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on your purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
<b>LTU</b>	means License To Use.
<b>TPS</b>	means Transaction per Second – One transaction corresponds to one message received by the platform from the network to be processed by DEG. Usually, one transaction corresponds to one request from a network element and one response going back to the network element.
<b>Operating System</b>	means software that controls the operation of a device such as a PC or mobile device and directs the processing of programs.
<b>Unique Device</b>	means an addressable entity, physical or virtual, including but not limited to router, switch, bridge, hub, server, PC, laptops, mobile device, handheld device, or printer that resides within the range defined for interrogation and asset tracking.
<b>Use</b>	means to install, store, load, execute, and display one copy of the software.
<b>Use Case</b>	means a specific function or set of related functions as defined by HCLTech or a third-party specification.
<b>Consumption</b>	means right to use the software for a limited period of time with variable capacity, reported in arrears and with potential renewal upon term expiration.
<b>Subscription</b>	means right to use the software for a limited period of time, with up-front defined fixed capacity and with potential renewal upon term expiration.

## Software Specific License Terms

Software products with software specific license terms are described below.

### HCLTech Device Entitlement Gateway (HCLTech DEG)

The HCLTech DEG provides service configuration and subscriber entitlements for SIM, eSIM and non-SIM Unique Devices.

For all license models, HCLTech DEG usage is calculated based on the Number of Use Cases Enabled and at least one of the following:

- Total number of Unique Devices connecting to the software
- Peak number of TPS sent to platform for processing

HCLTech DEG can be licensed on a perpetual, consumption or subscription-based model.

The HCLTech DEG perpetual offering:

- If all or most devices connect to DEG on a regular basis, device usage count is limited to a three-month audit window.
- If the total number of Unique Devices accessing the platform exceeds purchased capacity, a license expansion must be purchased.

The HCLTech DEG consumption offering:

- Usage count is calculated based on usage during the agreed upon term, which can be renewed and extended as needed
- Invoicing will occur quarterly in arrears based on actual usage. If actual usage falls below minimum usage, the pre-determined minimum usage fee will be charged.

The HCLTech DEG subscription offering:

- Usage count is calculated based on usage that will occur during the term.
- If subscription maximum usage is exceeded, customer must purchase additional subscription capacity
- The subscription license is a one-year term license that can be renewed prior to expiry
- Invoicing occurs at the beginning of the subscription

The supported Operating Systems and related Use Cases are separate functions. Each is licensed separately.

HCLTech DEG requires a separate license to a third-party database to operate. This license is available through HCLTech.

## Additional License Terms

- 
- A. Software may contain open source and/or third-party software and associated specifications that are confidential to, and trade secrets of, such parties. You will not take any action other than to Use it as authorized under the agreement as part of the software products and will not disclose it to third parties.
- 
- B. You shall install and use the software as authorized in the applicable agreement only as a complete product and may not use portions of such software on a standalone basis separate from the complete software unless expressly authorized in the Supporting Material, specifications, or an applicable agreement.
- 
- C. Interfering or disabling any software designed to allow HCLTech to monitor usage including total number of Unique Devices and/or total number of Use Cases will be a material breach of this license.
- 
- D. HCLTech offers pre-release versions of its software that might include features or full content that is subject to additional modifications by HCLTech prior to full commercial release. These additional terms and conditions ("Tech Preview Additional Terms") are available at <https://www.hcltech.com/software/licensing> and apply to the licensing and downloading of Software identified as a "Tech Preview Version". These terms are in addition to HCLTech's standard End User License Agreement (EULA) or, if applicable, the license terms agreed between HCLTech and you in any agreement with HCLTech you may have related to the production version of the related software.
-
