

EdgeLITY

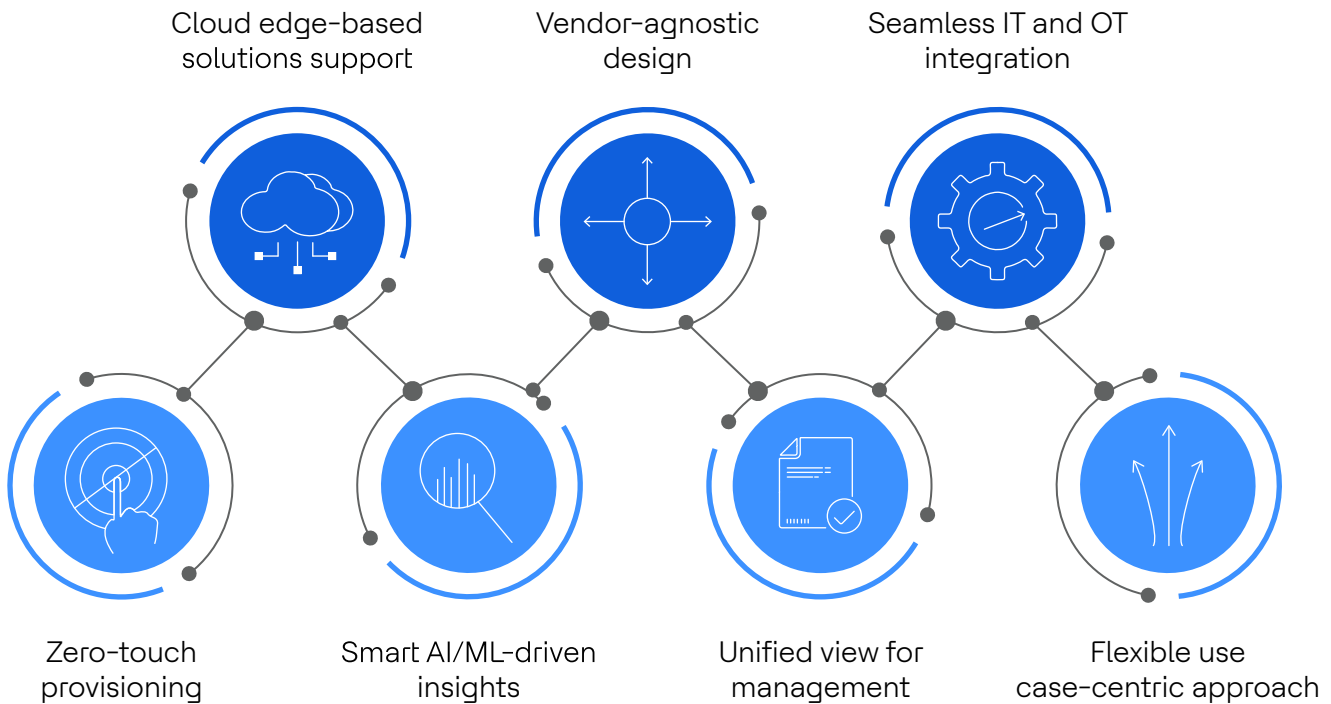

Unleash the Power at the Edge

Revolutionize your business with Edge Computing

Embrace the future by bringing intelligence closer to the action and drive faster results with our edge-to-cloud ecosystem. Our cutting-edge EdgeLITY offering brings unparalleled speed, agility and efficiency to your business operations. It provide enterprises with a comprehensive approach and solution to architect, deploy and oversee their edge computing environments, ensuring smooth remote operations.

Key features

Framework

HCLTech EdgeLITY offers a distributed computing framework that eliminates the need for constant connection with the cloud by moving computational power closer to the data source. It enables organizations to create a validated stack-based strategy to ensure quicker response times and better resource utilization. This way, EdgeLITY empowers a wide range of use cases in different industries and guarantees flexibility to an organization as per its needs.

An edge-based processing approach

1

Turnkey, **ready-to-deploy solution** with up to **30%** improvement in production cycle

2

Cost reduction of up to **30%** on cloud infrastructure using automation/runbook

3

Enhanced application performance to enable best user experience

4

Reduced adoption costs with Edge-as-a-Service model

5

Best-in-class hybrid cloud support

Why HCLTech

- Leader in all analyst reports for Cloud (Gartner, IDC, Everest Group, ISG, Avasant)
- Single window of support for cloud and edge related issues
- Expertise in deploying and managing core IoT workloads
- Dedicated labs to conceive, design, validate customized solutions and new service integrations
- Ready-to-build vertical specific solutions
- IoT and RoBO edge-ready solutions from HCLTech Cloud Smart suite

HCLTech is a global technology company, home to more than 224,000 people across 60 countries, delivering industry-leading capabilities centered around digital, engineering, cloud and AI, powered by a broad portfolio of technology services and products.
