HCLTech MetaLabs
Transforming Experiences

HCLTech MetaLabs
Transforming Experiences

HCLTech MetaLabs is our strategic BU formed to incubate and ideate on establishing the enterprise metaverse experiences encompassing frameworks, platforms, interconnected sandbox experiences, creator networks, academies and fluidic CoEs.

CORE INTEROPERABLE PLATFORM
MetaLabs

HCLTech MetaLabs provides customers global sandbox testing avenues, frameworks to get started on their incubation journey. Right from inspiration, to problem statement identification to PoC & 3D content development.

SOLUTION ACCELERATOR
Creator Network

A curated fluidic set of 300+ ecosystem partners like startups, academia and forums who are working around the near term and future term use cases of building the metaverse – AR/VR oriented.

HCLTech MetaLabs Value Proposition

CONSULTING & ADVISORY
MetaInspire

Adoption, roadmap, industry consulting and business benefit analysis using fail-fast frameworks and methodologies to initiate ideation. The frameworks also include mechanisms to partner with industry adopted platforms that are already in use.

TALENT
HCLTech Meta Academy

An academy training initiative to inspire, engage and educate MetaChamps through sessions, experts and capstone projects. The focus of the academy is business and technology to foster community-based learning.

VERTICALS

Social and Employee collaboration	Training & Education	Financial sector and insurance	Media & Entertainment	Retail	Manufacturing	Healthcare and public sector

Driving the enterprise metaverse maturity curve to achieve **secure**, **interoperable**, and **accessible** metaverse

A 3-step strategic approach being followed by enterprises to capture value for metaverse

Step 1: Developing a presence

Step 2: Enabling adoption

Step 3: Preparing for scale

Technology Foundations

XR
Blockchain
IoT
5G
Artificial Intelligence
