

DX Saas (CA Digital Experience Insights) Learning Path

CA Digital Experience Insights is a SaaS-based digital experience monitoring and analytics solution, offering an integrated set of app experience analytics, application performance management and infrastructure management capabilities. Built on top of a powerful analytics engine that leverages open technologies such as ElasticSearch, Kibana and Hadoop, CA Digital Experience Insights uniquely provides comprehensive monitoring and analytics for cloud natives.

If you are looking to purchase or register for any paid courses below (including eLearning, dynamic labs or instructor-led training), please [contact us](#) and include the name of the course or course code you are interested in.

To access free training login to [Broadcom's learning management system](#) (please note you may need to create a new account). Course search is available once logged in.

View our [training calendar](#) for upcoming instructor led training.
