# DEEP ROOTS NEW POSSIBILITIES

## BUILDING DIGITAL ENTERPRISE WITH ORACLE CLOUD

### Reinventing the Core and Reframing the Future

HCL helps create the competitive edge for our customers with increased efficiency and agility by providing a full range of Oracle services including implementation, upgrade, support and maintenance. As an award winning Global Platinum Partner for Oracle, HCL deliver services to clients in all major verticals leveraging our 15 global delivery centers, proven tools and accelerators and a variety of deployment models such as cloud or on-premises.

## REINVENTING THE CORE

HCL's Oracle Services address all your business needs including the On-Premise applications such as Oracle EBS, PeopleSoft & JDE. With end-to-end expertise across the entire Oracle stack, we can maximize the value of your existing investment and enable you to reduce your Oracle running costs leveraging Automation, Lift & Shift to Cloud and perform accelerated and safe upgrades. Regardless of the size of your organization, or whether it's in the public or private sector, we have the experience and expertise to implement and manage Oracle services that improve efficiency, add value and save money.

## REFRAMING THE FUTURE

Digital transformation is changing the business landscape at an accelerating pace. As we navigate through this disruption, with the changes in product, platforms and the models of deployment, HCL has revisited the approach to address the business needs for Oracle customers. We can help you in building the Digital Enterprise with Oracle Cloud by converging strategy, leveraging technology, embracing innovations to build Customer, Channel and Employee centric organizations.

As a proactive partner for collaboration, our methodology, offerings and the tools & accelerators have been designed to make an informed decision to implement, upgrade or migrate your systems and this is critical to your business success.
